

# The Essential Plan

The Essential Plan is **NEW** and just right for many New Yorkers with lower incomes. For some, it costs less than a dollar a day. For others, it costs nothing.

**AND IT HAS NO DEDUCTIBLE**, so the plan starts paying for your health care right away. The Essential Plan offers the same benefits as other health plans:

- doctor visits, including specialists
- tests ordered by your doctor
- prescription drugs
- inpatient and outpatient care at a hospital

Under the Essential Plan, the share you pay for each health service – your co-payment – is also very low. And sometimes, it's even \$0.

And you pay *nothing* for services meant to keep you healthy, like routine doctor exams and screenings.

**Sign up for the Essential Plan starting November 2015 or anytime after.**

 **1-855-355-5777 or TTY: 1-800-662-1220**
