◈ *In addition to agency participation in policy matters, NY-HX also has a Multi-faceted strategy for coordination with other agencies administering Insurance Affordability Programs and the SHOP with respect to IT:*

- *Direct Agency participation in system design*
- *NY-HX becomes the system of record for MAGI eligibility determinations for State Medical Assistance programs*
- *Cross agency data sharing MOUs are being established leveraging HIPAA, MITA and NIEM standards and interoperability at key points in the eligibility determination and enrollment activities*
