

New York Health Benefit Exchange Blueprint Summary Section 9.6.1 IBM Rational Suite Review Presentation

October 26, 2012

NY-HX Rational Suite Review

October 18, 2012

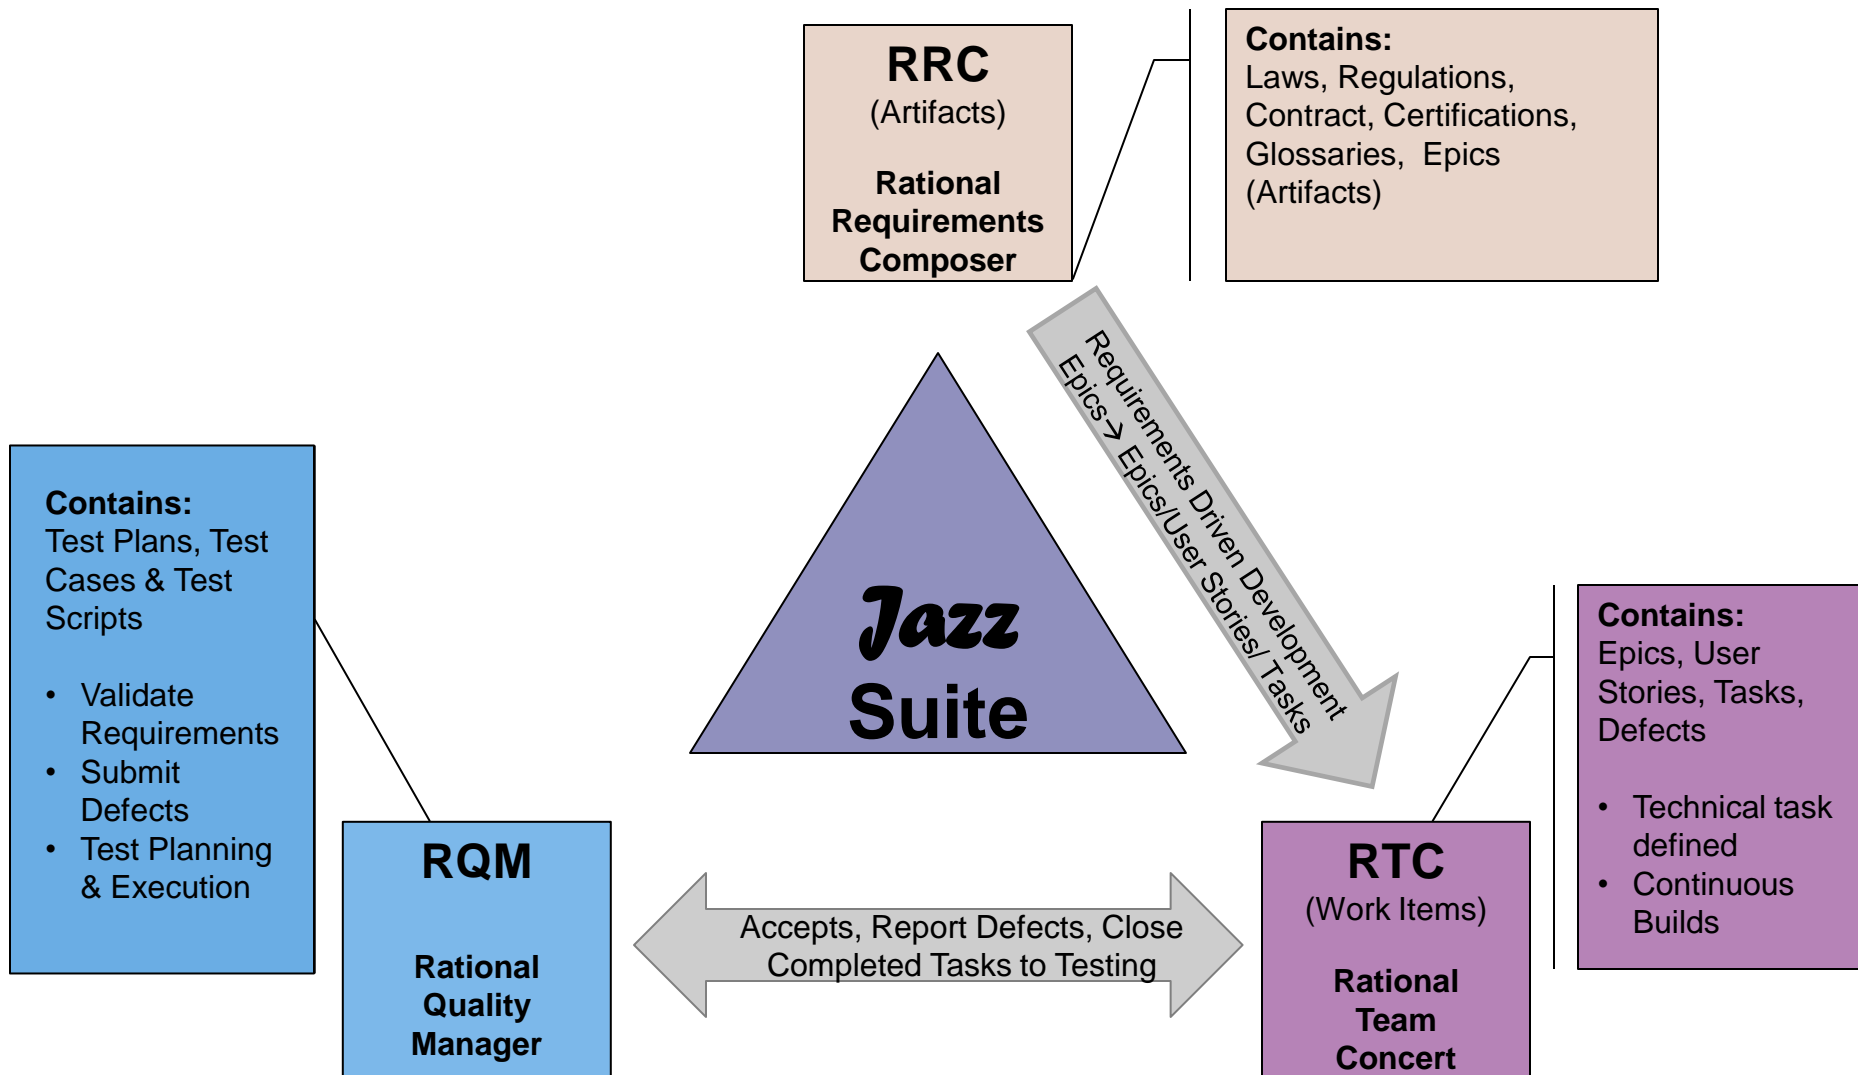

Today's Agenda

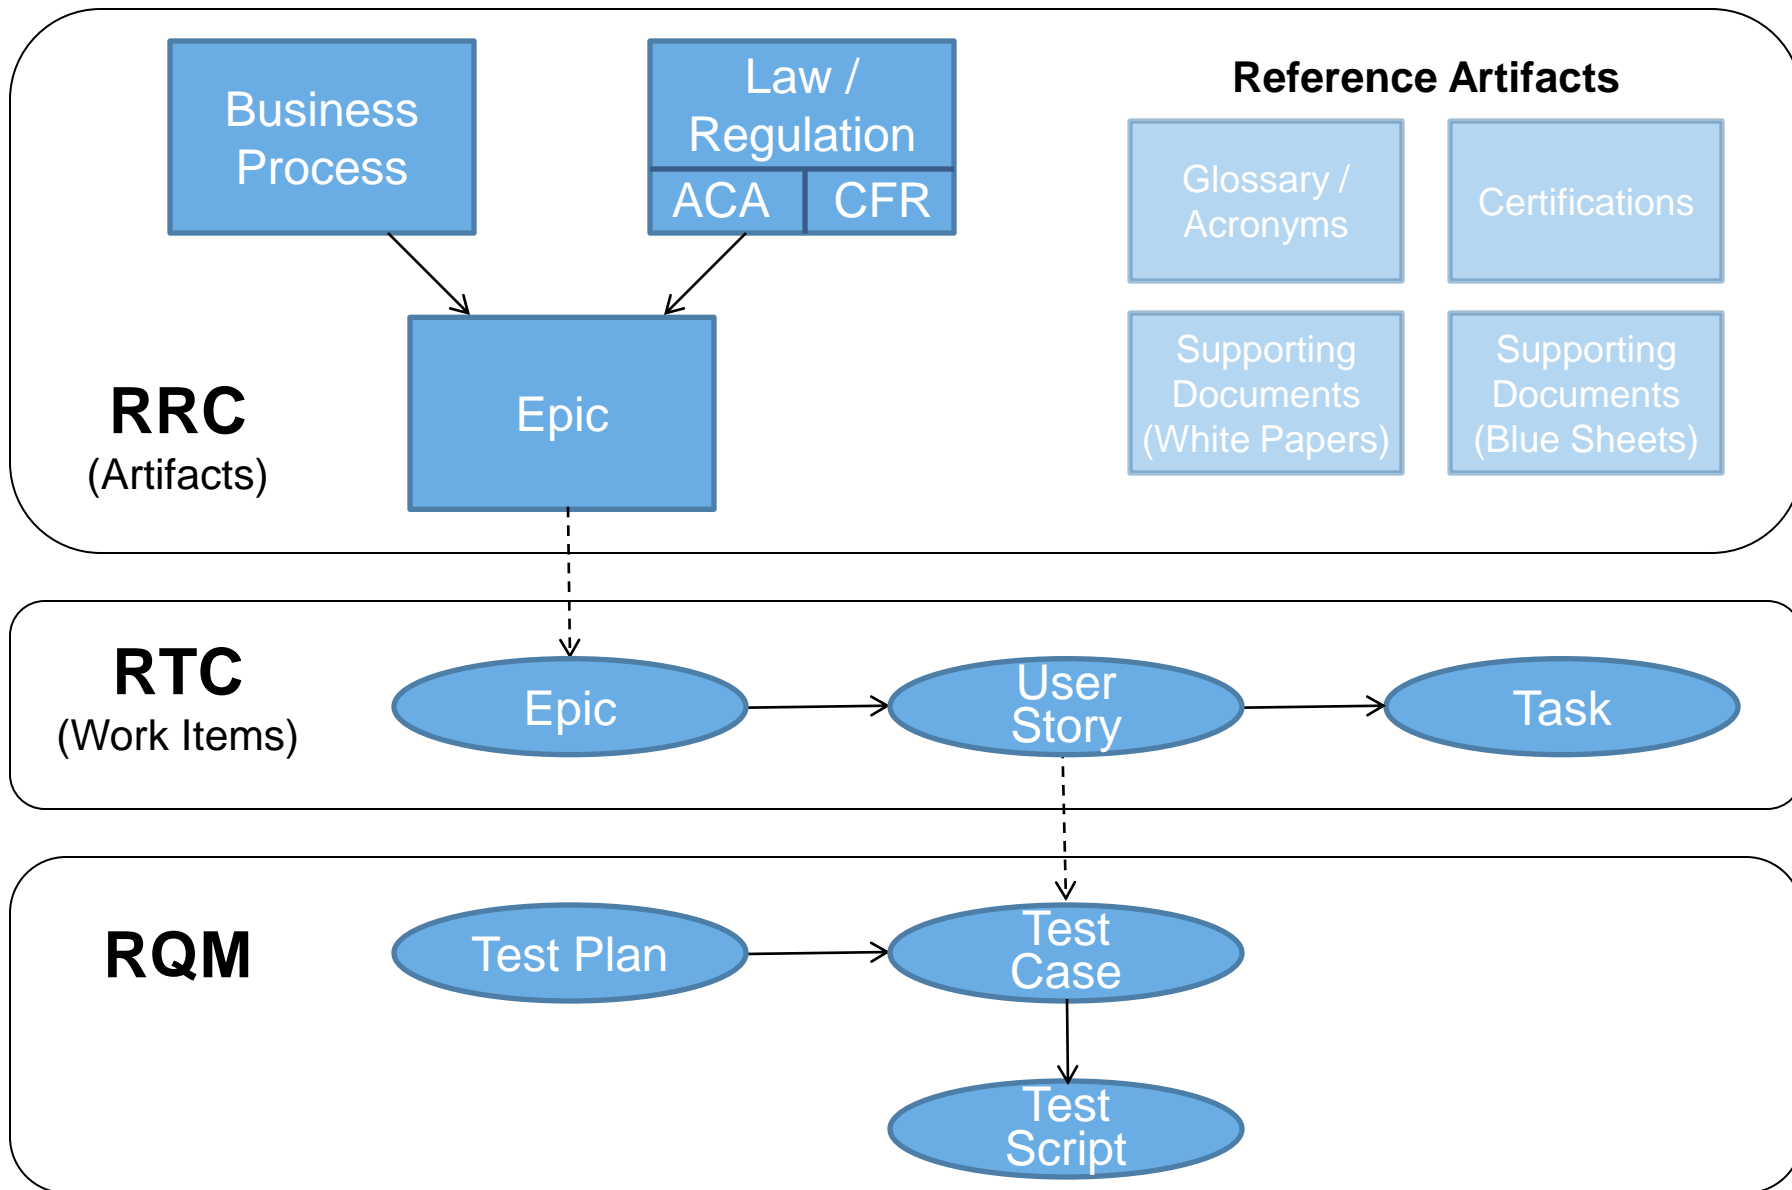

NY-HX Rational Suite Review

- Introduction John Scarpelli
- RRC – Requirements Composer Patti Kundel
- RTC – Team Concert Larry Davis
- RQM - Quality Manager Parampreet Sidana
- Source Control Russell Polo
- Q&A

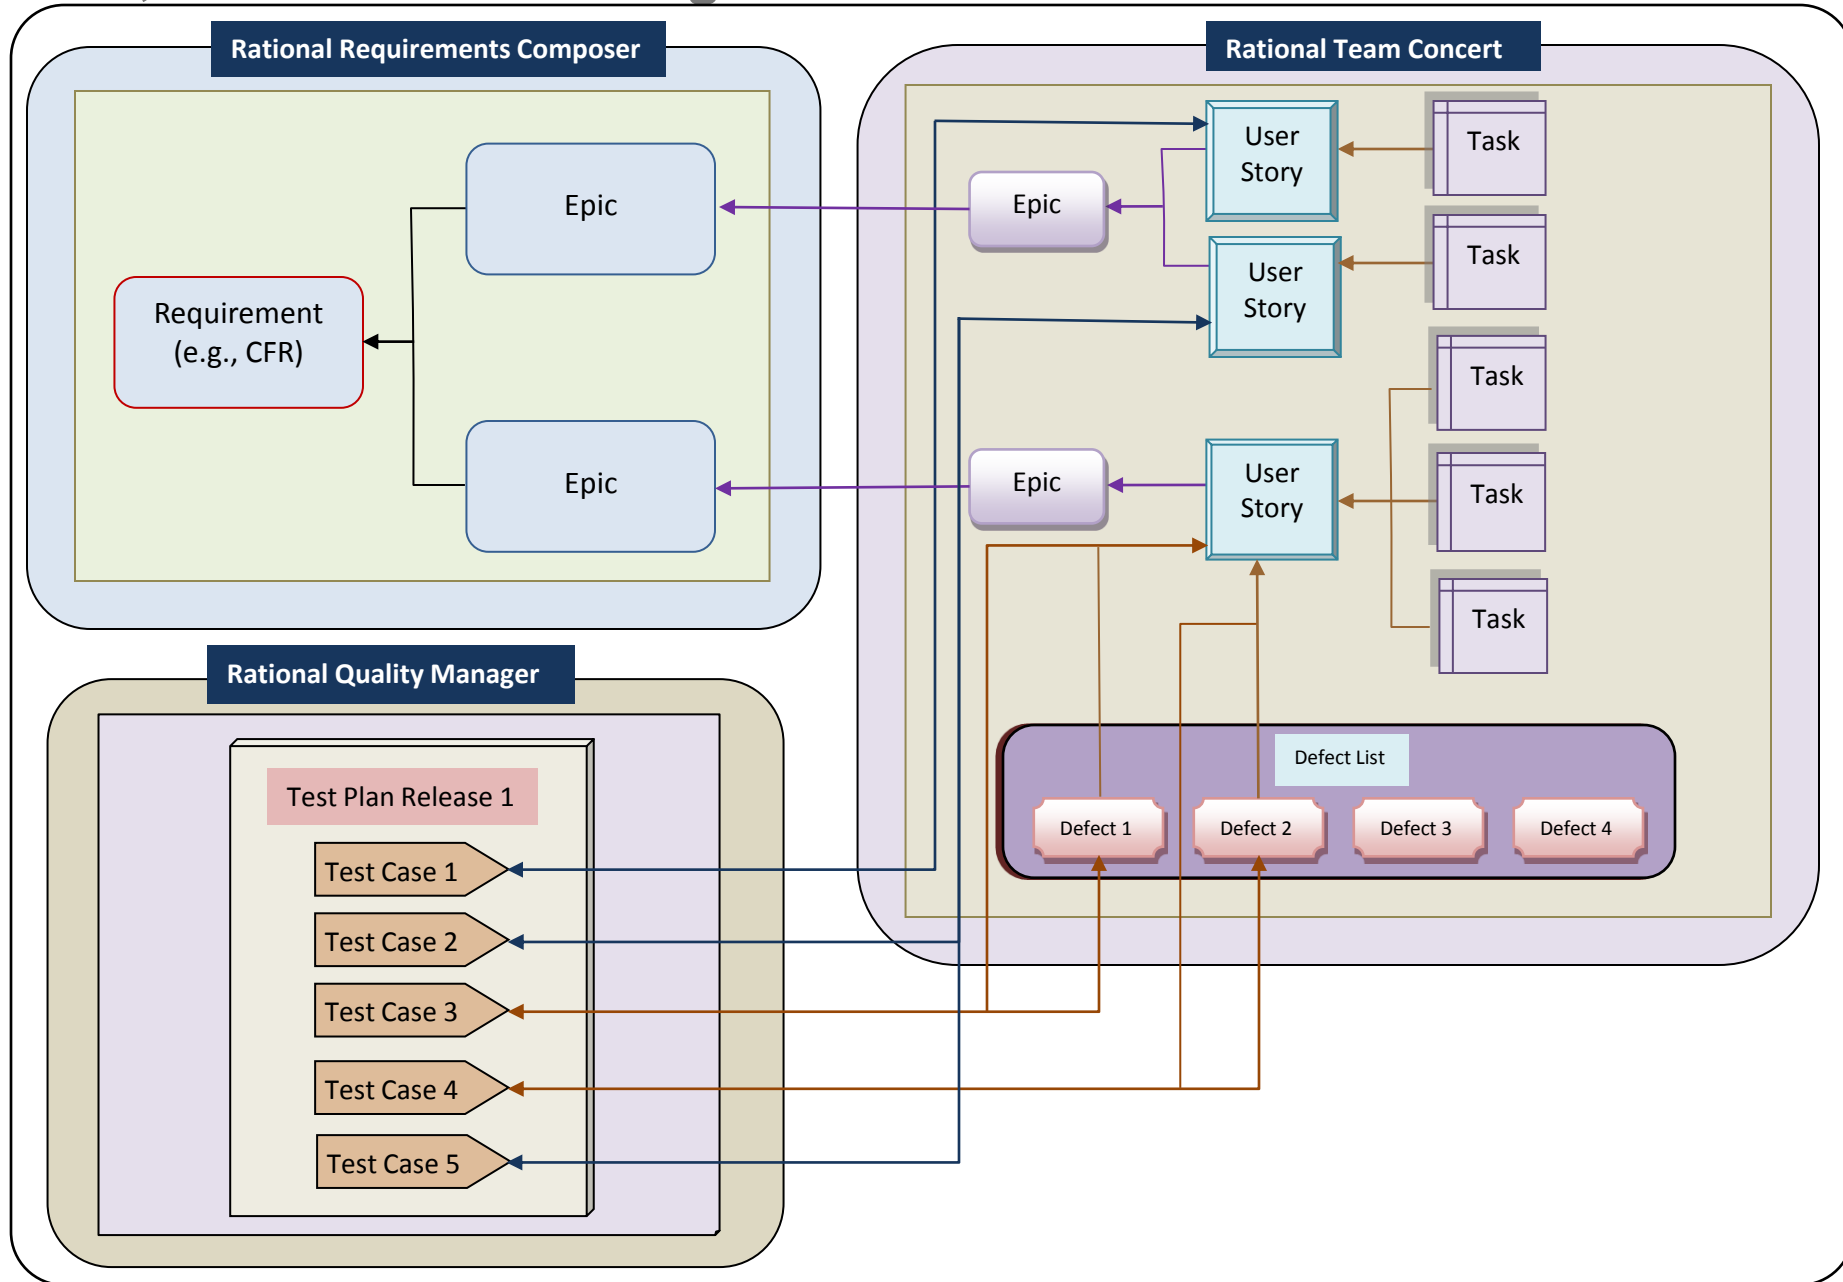

Collaborative Development

Traceability Within the Rational Toolset (RTM)

RRC, RTC and RQM Integration

Rational Reporting Capabilities

- Standard reporting available for RRC, RTC and RQM
 - » Out of the box reports
 - » Customized reports
- Extract capability for RRC, RTC and RQM
 - » Results of filters/queries may be exported (e.g., to CSV files) for analysis and custom reporting
- Rational Reporting Engine (RPE) for cross-tool traceability reporting
 - » Used to produce “RTM” reports

Today's Agenda

NY-HX Rational Suite Review

- | | |
|-------------------------------|-------------------|
| • Introduction | John Scarpelli |
| • RRC – Requirements Composer | Patti Kundel |
| • RTC – Team Concert | Larry Davis |
| • RQM - Quality Manager | Parampreet Sidana |
| • Source Control | Russell Polo |
| • Q&A | |

- Overview of Contents of Requirements Composer
- Glossary-terms defined and linked to artifacts
- Epics- Filters, linkages, summaries
- Seamless transition to RTC

Today's Agenda

NY-HX Rational Suite Review

- | | |
|-------------------------------|-------------------|
| • Introduction | John Scarpelli |
| • RRC – Requirements Composer | Patti Kundel |
| • RTC – Team Concert | Larry Davis |
| • RQM - Quality Manager | Parampreet Sidana |
| • Source Control | Russell Polo |
| • Q&A | |

- From RRC Epic show and invoke link to RTC Epic
- In RTC Epic show and invoke link to RTC Story
- In RTC Story show and invoke link to RTC Task
- In RTC invoke query to check for nested Epics
- Show reverse link from task to story to epic to RRC epic

Today's Agenda

NY-HX Rational Suite Review

- Introduction John Scarpelli
- RRC – Requirements Composer Patti Kundel
- RTC – Team Concert Larry Davis
- RQM - Quality Manager Parampreet Sidana
- Source Control Russell Polo
- Q&A

- Test Plan
- Test Suite
- Test Case and Test Scripts
- Test Execution
- Defects

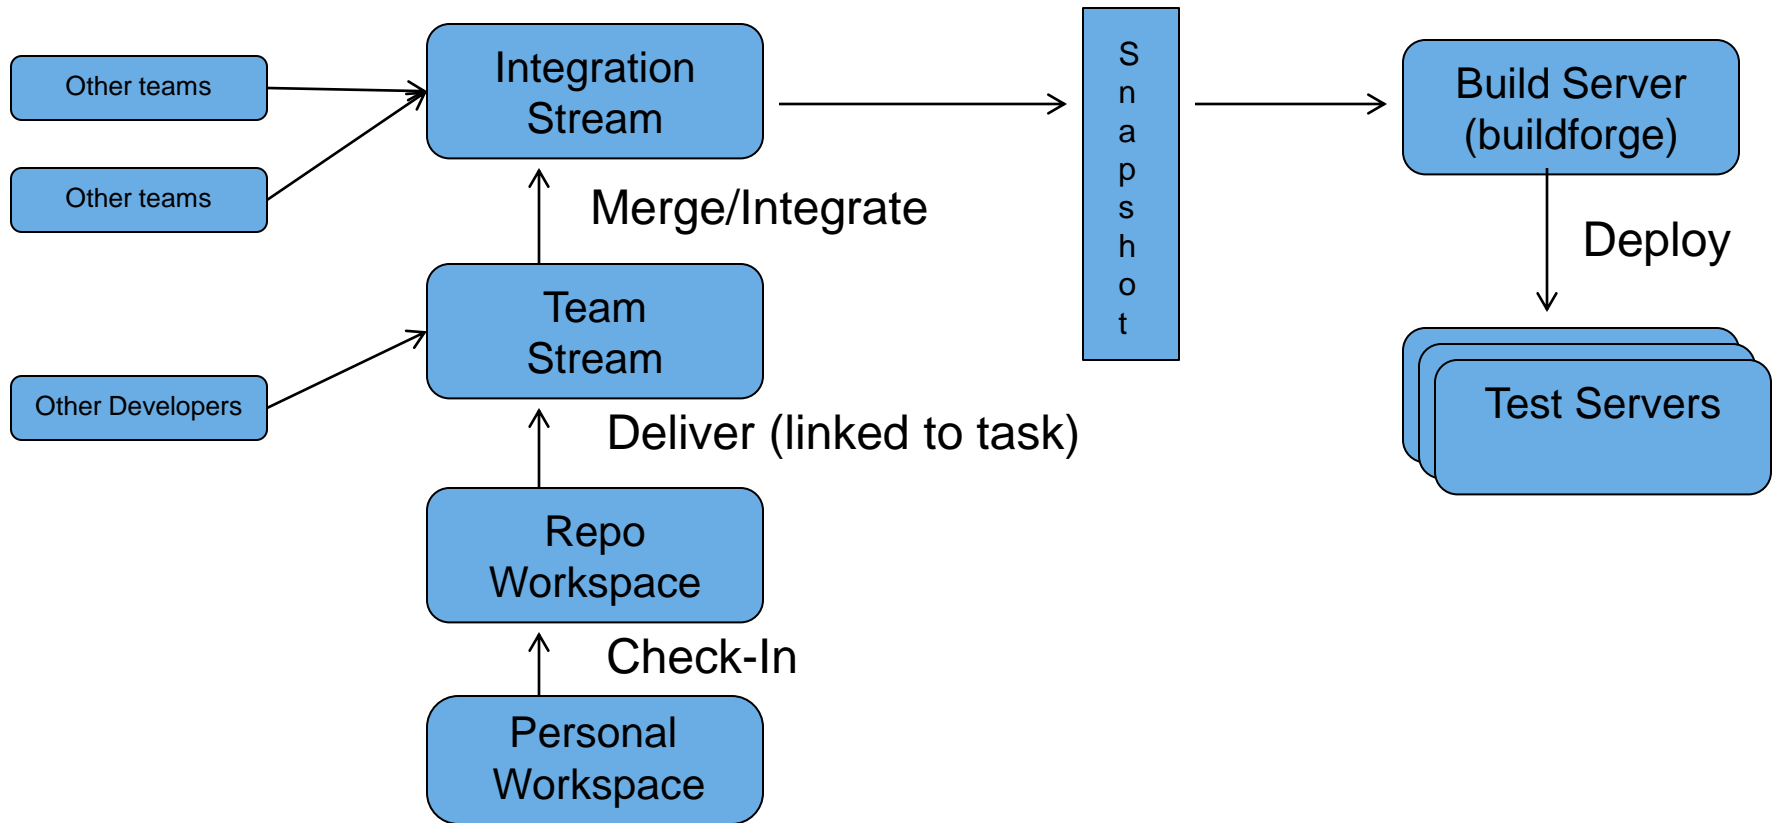

Today's Agenda

NY-HX Rational Suite Review

- | | |
|-------------------------------|-------------------|
| • Introduction | John Scarpelli |
| • RRC – Requirements Composer | Patti Kundel |
| • RTC – Team Concert | Larry Davis |
| • RQM - Quality Manager | Parampreet Sidana |
| • Source Control | Russell Polo |
| • Q&A | |

- Overview of code management
- Tasks as viewed within eclipse
- Reviewing code changes

Source Code management with RTC and Eclipse
