*{Drafting Note: Insert the provision below regarding eligible American Indians for individual schedules of benefits only if separate schedules of benefits are not used for American Indians over 300% of the federal poverty level (known as the limited cost-sharing plan variation).}*

[Eligible American Indians, as determined by the NYSOH, are exempt from Cost-Sharing requirements when Covered Services are rendered by an Indian Health Service, Indian Tribe, Tribal Organization or Urban Indian Organization, or through Referral under contract health services.]

[All in-network Preauthorization requests are the responsibility of Your Participating Provider. You will not be penalized for a Participating Provider’s failure to obtain a required Preauthorization. However, if services are not Covered under the [Certificate; Contract; Policy], You will be responsible for the full cost of the services.]

*{Drafting Note: HMOs and gatekeeper EPO products may not impose preauthorization requirements on the member for in-network coverage. Only include preauthorization language if applicable. If plans only require preauthorization for certain services or items (e.g., specific DME items), they must list those specific services or items in the schedule.}*

## ATTACHMENT B: STANDARD PLAN COST-SHARING CHART (8/26/2024)

### ADDITIONAL STANDARD PLAN INSTRUCTIONS:

**1. Platinum, Gold, Silver, Silver CSR, and non-HSA Compliant Bronze Plans:**

- For an inpatient admission, the inpatient facility copayment applies per admission. If surgery is performed, a surgeon copayment applies. If a maternity delivery is performed, a maternity delivery copayment applies (if this copayment has not already been collected as part of another maternity claim). There are no additional copayments for diagnostic tests, medical supplies, in-hospital physician visits, anesthesia, assistant surgeon, other staff doctors, etc. For a maternity stay, the inpatient facility copayment covers charges for the mother and newborn.
- The inpatient facility copay per admission is waived for a readmission within 90 days of a previous discharge for the same or a related condition.

**2. Gold and HSA Compliant Bronze Plans:** The deductible must be met first, and then the copayment or coinsurance is applied to the remainder of the allowed amount until the out-of-pocket limit is reached.

**3. Non-HSA Compliant Standard Bronze Plan:** Any combination of three visits indicated below are covered before the deductible, subject to the applicable copayments. The copayments paid for the three visits does not count towards the deductible. After the first three visits and for all other services, the deductible must be met, and then the copayment or coinsurance is applied to the remainder of the allowed amount until the out-of-pocket limit is reached. These three visits are in addition to the ACA mandated preventive services for which no cost-sharing can apply. The following visits (or any combination), performed in person or using telehealth, are counted towards the three visits: primary care visits, specialist visits (including allergy visits and visits for second opinions), outpatient mental health visits, outpatient substance use disorder visits, ABA visits, and chiropractic care visits. Urgent care and office surgery do not count towards the three visits.

**4. Standard Silver Plan and Silver 73 and 87 CSR Plans:** One visit indicated below is covered before the deductible, subject to the applicable copayment. The copayment paid for the one visit does not count towards the deductible. After the first visit and for all other services, the deductible must be met, and then the copayment or coinsurance is applied to the remainder of the allowed amount until the out-of-pocket limit is reached. This visit is in addition to the ACA mandated preventive services for which no cost-sharing can apply. Any of the following types of visits, performed in person or using telehealth, counts towards the one pre-deductible visit: a primary care visit, specialist visit (including allergy visit and a visit for second opinions), outpatient mental health visit, outpatient substance use disorder visit, ABA visit, or chiropractic care visit. Urgent care and office surgery do not count towards the one visit.

**5. Catastrophic Plan:** The plan must include three primary care visits per calendar year not subject to the deductible. These three primary care visits are in addition to the ACA mandated preventive services for which no cost sharing can apply. These three primary care visits are covered in full (i.e., no cost-sharing). For purposes of using these three primary care visits to which the deductible does not apply, a primary care visit is defined as a visit to a provider whose primary specialty is in family medicine, internal medicine, pediatric medicine, obstetrics/gynecology, or outpatient mental/behavior health services or substance use disorder services.

6. If the copayment payable is more than the allowed amount, the copayment is reduced to the allowed amount.

7. The out-of-pocket limit is an aggregate over all covered services (medical, pediatric dental, pediatric vision, and prescription drugs) and includes the deductible.

**8. Deductibles:** The deductible is per calendar year for individual plans and per calendar year or plan year (an option of the insurer) for small group plans.

- Platinum, Gold, Silver and Silver CSR Plans: The deductible applies to medical, pediatric dental, and pediatric vision services and does not apply to prescription drugs.
- Bronze and Catastrophic plans: The deductible applies to all services combined (medical, pediatric dental, pediatric vision, and prescription drugs).
- The family deductible is two times the single deductible; the family out-of-pocket limit is two times the single out-of-pocket limit. For non-HSA compliant plans, each family member is subject to a maximum deductible equal to the single deductible and to a out-of-pocket limit equal to the single out-of-pocket limit. Once all members of the family in aggregate meet the family deductible amount (or family out-of-pocket limit amount), then no family member needs to accumulate any more dollars toward the deductible (or out-of-pocket limit).
