NY State of Health complies with applicable Federal civil rights laws and state laws, and does not discriminate on the basis of race, color, national origin, creed/religion, sex, age, marital/family status, arrest record, criminal conviction(s), gender identity, sexual orientation, predisposing genetic characteristics, military status, domestic violence victim status and/or retaliation.

All NY State of Health plans provide free preventive benefits for annual check-ups and screenings...

But did you know that some plans cover visits to the doctor when you are sick even if you haven't met your deductible?

1 What is a sick visit?
- A sick visit is a visit to your doctor when you are sick, such as with the flu or sinus infection.[1]

2 Why should I choose a plan that covers sick visits before meeting a deductible?

- The deductible is an amount you must pay before your plan covers any health services that are not preventive benefits.
- **Some plans will pay for sick visits before you meet your deductible.**
- This means you can buy a lower cost plan and you and each of your covered family members will have three free or low-cost sick visits to a doctor before meeting your deductible.
- You may still be responsible for making a copayment, if one applies.

NEED TO KNOW

3 | Which NY State of Health plans cover sick visits before you must meet a deductible?

- In 2020, **all standard Bronze plans** will include three free sick visits without any co-payments or deductible.

- Some **Gold and Silver plans** will also include three sick visits before the deductible.[2]

- **Standard Platinum plans** do not have deductibles.

4 | How do I find a NY State of Health plan that covers three sick visits before the deductible?

Health plans that offer three free or low-cost sick visits are available in every county.

- Call us at 1-855-355-5777, TTY: 1.800.662.1220.

1. Sick visits include visits to primary care providers specializing in family medicine, internal medicine, pediatric medicine, obstetrics, gynecology, or outpatient mental health or behavioral health or substance use services.

2. Some services, like laboratory tests, may be performed during a sick visit and may have cost-sharing or fall under your deductible.
