CASE STATUS: You were sent a notice earlier that told you that your **Medicaid coverage will end on February 28, 2018**. Our records show that **you are not a part of a** NY State of Health account.

ACTION REQUIRED: **You must be added to a NY State of Health account between January 16, 2018 and February 15, 2018** for your eligibility for health insurance coverage to be determined. The account holder must follow the directions below to complete the renewal process.

What Happens...

... If You Do Not Update Your Account

If you do not update your information in your NY State of Health account, you and/or your household members will lose your health insurance coverage.

If the Medicaid program is paying or reimbursing you the cost of your health insurance premiums (including Medicare), the payment of these premiums will end on the same date that your Medicaid ends.

... After You Make Changes to Your Account

NY State of Health will send you a notice with your new eligibility determination and any financial assistance you may receive. This notice will include information about getting reimbursed for Medicare premiums that you pay directly to the Social Security Administration or what is needed to continue to receive reimbursement of your employer sponsored health insurance.
