

Are you an undocumented immigrant who is age 65 or older?

You May Be Eligible for New York's Expanded Medicaid

New York has expanded its Medicaid program to include certain undocumented immigrants. Individuals are eligible if they are age 65 and older and have an income up to a certain amount.

1 What is Expanded Medicaid?

It is coverage through Medicaid Managed Care plans. It covers your health care needs. It covers more than health emergencies. Benefits include routine doctor visits, recommended screenings, lab tests, and more. It also covers medicine and supplies. Medicaid Rx helps you pay at the pharmacy.

2 Am I eligible?

You must live in New York. You must be age 65 or older. You can have:

- An income at or below \$20,783 for one person, or an income at or below \$28,208 for a household of two
- Resources at or below \$31,175 for one person, or resources at or below \$42,312 for a household of two

3 How can I get it?

If you already have Emergency Medicaid, you will automatically get Expanded Medicaid:

- NY State of Health will send you a letter. It will tell you to choose a Medicaid Managed Care plan. Please do this by the date in the letter. After you choose a plan, you will get a letter with the start date for your new insurance.

You cannot apply for this coverage directly through NY State of Health:

- If you do not have insurance, you must apply for Emergency Medicaid first.
- You can apply for Emergency Medicaid at your Local Department of Social Service or the New York City Human Resources Administration.
- After you have Emergency Medicaid, you will be eligible for Expanded Medicaid.

4 What if I do not want Expanded Medicaid?

You can choose not to take Expanded Medicaid. Do this by calling NY State of Health. Call 1-855-355-5777. Ask for Emergency Medicaid only. You may also call this number with questions.
