QUALIFIED HEALTH PLANS

Considering the ongoing public health emergency, NY State of Health announced that it will extend the Open Enrollment Period for Qualified Health Plan (QHP) enrollment to December 31, 2021.

• Individuals should not avoid seeking testing or medical care for fear of cost during the ongoing public health emergency.

• This deadline extension allows consumers additional time to enroll for 2021 coverage.
  o Also allows consumers additional time to benefit from the enhanced tax credits under the American Rescue Plan Act.

• This announcement was made on the 11th anniversary of President Obama signing the Affordable Care Act into law.
Extension Due to COVID-19 Health Emergency

NY State of Health has been extending all Medicaid, Child Health Plus (CHPlus) and Essential Plan (EP) consumers for an additional 12 months of coverage.
  • This applies to consumers with a coverage end date through 12/31/2021.
  
All households with QHP members will get a renewal notice.

Poll Question #1

Cam Miller contacts you because their current employer-based coverage is ending on December 31, 2021. Cam would like to apply for a subsidized Qualified Health Plan for coverage beginning January 1, 2022 and would like to make an appointment on November 1st to apply.

How should you proceed to help Cam?

A. Make an appointment on November 1st to complete an application.

B. Explain that you are busy on November 1st (a Monday) due to Open Enrollment, but you can help Cam apply a different day later in the week. Schedule an appointment that works for both of you.

C. Explain that if Cam wants coverage on January 1st, the appointment should be scheduled between November 16th and December 15th. The sooner the better within this timeframe.

D. Explain to Cam that an application cannot be completed until after the current coverage ends.
THREE TYPES OF RENEWALS

1. Automatic Renewal with Auto-Enrollment
   • No action required.

2. Automatic Renewal without Auto-Enrollment
   • Action required: Consumer must select & enroll in a plan.

3. Manual Renewal
   • Action required: Consumer must update their application.
AMERICAN RESCUE PLAN AND AMENDED TAX RETURNS

The final version of the American Rescue Plan contains a number of tax-related provisions. In order to take full advantage of the impact:

• Many consumers amended their 2020 tax returns.
• The IRS automatically amended 2020 tax returns for many consumers.

For these consumers, NY State of Health may not have access to their most up to date income information so Automatic Renewals may not be possible.

Many individuals and families who have been automatically renewed in the past, may need to complete a manual renewal in order to make sure NY State of Health can attain their most current information.
AUTOMATIC RENEWALS WITH AUTO-ENROLLMENT

QHP households only

- Consumer must have given NY State of Health permission to renew eligibility using data sources.

- Consumer will have their eligibility renewed using documented income from the consumer, along with state and federal data sources.
  - Consumer documented income must have been verified by the Marketplace within the past three (3) months.
QHP households only

• Consumers will receive a notice by November 1\textsuperscript{st} with 2022 premium information, including APTC applied (if applicable).
  
  o No action is needed if the consumer agrees with the information in their notice.
  o If the consumer does \textit{not} agree with the automatic renewal determination, they may update the application.
    
    □ Updates can be made starting 11/16/2021 and should be completed by 12/15/2021 to ensure coverage on 1/1/2022.

• Enrollment into the plan (if the same plan is available in 2022) will be automatically completed by the Marketplace.

- You become qualified for other health insurance
- There is a change in full-time student status (if applicable to application members)
- There is a change in immigration status
- You change how you plan to file your taxes. For example, you will claim new dependents (only if you are receiving financial assistance)

If you do not report changes within 30 days and they affect your ability to get government help with insurance costs, you may have to pay back some or all of the subsidies you received.
AUTOMATIC RENEWALS WITH AUTO-ENROLLMENT, CONTINUED

Individuals who were automatically renewed and enrolled in a subsidized QHP for 2022 should read their notice carefully. This information may include their APTC amount which could have changed from last year.

• If a consumer is automatically renewed and the amount of APTC that they are eligible for is more than they were eligible for in the previous year, the same amount of APTC will be applied.
  o If the consumer would like to apply that higher APTC amount, help them to access their Plans tab to do this.

• If the consumer is automatically renewed and eligible for less APTC (and they applied the full amount to their premium last year), the full amount of APTC will continue to be applied.

4. Change the amount of APTC applied, check the box at the bottom of the page, and click the “Confirm Plan Selections” button

5. Receive confirmation of the change
**Action Required:**
Consumer must select and enroll in a plan

This could happen because:

- The consumer became newly eligible for a QHP.
- The consumer’s program eligibility changed and the current plan does not offer a plan in the new program.

POLL QUESTION #2

Mx. Smith has been in the same QHP with APTC for the past three years. They state that they received a notice saying they were automatically renewed, but that action is required, and they need to pick a plan. Mx. Smith contacts you and asks you to enroll them in the same plan they have had for the past three years.

What could you say that might be true?

A. We need to review your notice more carefully. If you are newly eligible for a full-pay QHP, then we need to review plan product options, services and costs. These will be different in a full-pay QHP.

B. We need to review your notice more carefully. You may have become eligible for a different program, like Essential Plan, and your current plan might not be available. Let’s look at your options.

C. Your same QHP product may not be available anymore. Let’s review your account and look at your options for 2022.

D. All the above reasons could be correct.

Care at Home Program

• DOH is launching this pilot program to make it easier for New Yorkers to shop for and purchase personal care services for themselves and their families through NY State of Health.

• This initiative builds on the “marketplace model” and allows New Yorkers to shop for home care services for themselves, their family members or friends from the same trusted source on a private pay basis.

• NY State of Health is launching this program on a pilot basis in Nassau, Suffolk and Westchester counties and will expand statewide in a future phase(s).
NY State of Health
Care at Home Program, Continued

• This initiative will expand the types of care that New Yorkers can shop for through NY State of Health on a private pay basis.

• There is no requirement that consumers have other NY State of Health coverage.

• Consumers, or family members on their behalf, will access the NY State of Health Care at Home Program through the website (nystateofhealth.ny.gov); there is no expectation that consumers will work with enrollment Assistors for this program.
In October 2021 NY State of Health consumers will see a new home care section.

Consumers can click on the “Get Started” button to learn more and start their home care search.

Consumers will see a pop-up notifying them they are leaving the NY State of Health site and being forwarded to Carina, NY State of Health’s partner for home care.
NY State of Health Care at Home Program, Continued

- Consumers come to a dedicated NY State of Health landing page.

- The landing page educates consumers about home care, how it works, in addition to testimonials and FAQs.

- Consumers start their search by entering their zip code to see a list of agencies with available personal care workers close to them. (Nassau, Suffolk and Westchester counties only for now).
• Consumers will see a list of agencies who have available home care providers close to them.

• Consumers can filter the list of agencies by language and gender preference.

• Each agency lists how many providers are available, a short introduction, pricing information, gender, languages spoken and care skills.

• Consumers can then select an agency to message and connect with them.
Once the consumer has expressed an interest in an agency with available workers that match their user generated search criteria, they can send a message to the agency to contact them.

Consumers provide their contact information and can also provide more details about the care they are seeking.
• The confirmation page provides consumers an idea of what will happen next: Agency will contact consumer to discuss needs, schedule an in-home visit as needed.

• Consumers can choose to browse more and contact additional agencies or leave the site knowing that someone will contact them.

• Consumers will also receive an email with details about next steps.
