**Notes on Enrollment by Issuer**

The number of enrollees in the chart on Individual Marketplace Enrollment by Issuer may not match the data in the chart on Demographic Characteristics of Enrollees due to timing differences for report production.

There are a small number of individuals in the Individual Marketplace and the Small Business Marketplace who are enrolled in plans outside of the plans service area. In the Individual Marketplace, this could be due to a family members who are enrolled in the same plan but live in different counties. In the Small Business Marketplace, plans are offered in the county of the employer's primary address and the employee's address. If a family selects a health plan in the Small Business Marketplace and has a dependent living in a different county, the dependent could be enrolled in a plan not available in his/her county.
