Decision

Decision Date: June 12, 2015

NY State of Health Number:

Appeal Identification Number: AP00000001567

Issues

The issues presented for review by the Appeals Unit of NY State of Health are:

Did the Marketplace properly determine that you were eligible to receive up to \$108.00 per month in advance premium tax credit, effective March 1, 2015?

Did the Marketplace properly determine that you were not eligible for costsharing reductions, effective March 1, 2015?

Did the Marketplace properly determine that you were not eligible for Medicaid, effective March 1, 2015?

Procedural History

On January 23, 2015, the Marketplace received your modified application for health insurance. That day, the Marketplace made a preliminary eligibility determination stating you were eligible for an advance premium tax credit up to \$108.00 per month, effective March 1, 2015.

Also on January 23, 2015, you spoke with the Marketplace's Account Review Unit and appealed that eligibility determination as it related to the amount of financial assistance you were eligible for.

On January 24, 2015, the Marketplace issued an eligibility determination notice that stated that you were newly eligible to receive an advance premium tax credit of up to \$108.00 per month. That notice further stated that you were not eligible

for cost-sharing reductions or Medicaid because your household income was over the allowable limits for those programs. This eligibility was effective March 1, 2015.

On February 23, 2015, you had a telephone hearing with a Hearing Officer from the Marketplace's Appeals Unit. The record was developed during the hearing and left open for 15 days to allow you to submit evidence of your monthly income as directed by the Hearing Officer. No evidence was received within the 15 day time frame. The record is now closed.

Findings of Fact

A review of the record supports the following findings of fact:

- 1) You testified that you plan on filing your 2015 tax return as single. You will claim no dependents on that tax return.
- 2) At the time of the January 24, 2015 eligibility determination, your application listed an annual household income of \$34,000.00.
- 3) You testified that you expect to make around \$34,000.00 in 2015.
- 4) You testified that you have a seasonal construction job and that your monthly income varies.
- 5) You testified that in the month of January you made about \$900.00.
- 6) You were directed to submit paystubs as proof of your income for the month of January. The Appeals Unit did not receive any paystubs from you.
- 7) You testified that you do not plan on taking any deductions on your 2015 income tax return.
- 8) You testified that you reside in County, New York.
- 9) You testified that you have a lot of expenses that should be considered when calculating your eligibility including expenses for shelter, food, gas, and other bills. Also, the health plans through the Marketplace are unaffordable to you without greater financial assistance.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

Applicable Law and Regulations

Advance Premium Tax Credit

The advance premium tax credit (APTC) is available to a person who is eligible to enroll in a qualified health plan (QHP) and (1) expects to have a household income between 138% and 400% of the applicable federal poverty level (FPL), (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a QHP, and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals

1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through NY State of Health in the county where the taxpayer resides

minus

2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

The taxpayer's expected contribution amount is the amount that the taxpayer is expected to spend on health insurance premiums. The expected contribution for 2015 is set by federal law at 2.01% to 9.56% of household income (26 USC § 36B(b)(3)(A), 26 CFR § 1.36B-3T(g)(1), IRS Rev. Proc. 2014-37).

In an analysis of APTC eligibility, the determination is based on the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested (45 CFR §§ 155.300(a), 155.305(f)(1)(i)). On the date of your application, that was the 2014 FPL, which is \$11,670.00 for a one-person household (79 Fed. Reg. 3593, 3593).

For annual household income in the range of at least 250% but less than 300% of the 2015 FPL, the expected contribution for the 2015 tax year is between 8.10% and 9.56% of the household income (see 26 CFR § 1.36B-3(g)(2), 45 CFR § 155.300(a)).

Cost-sharing reductions

Cost-sharing reductions (CSR) are available to a person who (1) is eligible to enroll in a QHP through the Marketplace, (2) meets the requirements to receive APTC, (3) is expected to have an annual household income that does not exceed 250% of the FPL for the plan year coverage is requested and (4) is enrolled in a silver-level QHP (45 CFR § 155.305(g)(1)).

Medicaid

Medicaid can be provided through the Marketplace to adults who: (1) are age 19 or older and under age 65, (2) are not pregnant, (3) are not entitled to or enrolled for Medicare benefits under part A or B of title XVIII of the Act, (4) are not otherwise eligible for and enrolled for mandatory coverage under a State's Medicaid State plan in accordance with subpart B of this part, and (5) have a household modified adjusted gross income (MAGI) that is at or below 138% of the FPL for the applicable family size (42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)), N.Y. Soc. Serv. Law § 366(1)(b)).

In an analysis of Medicaid eligibility, the determination is based on the FPL "for the applicable budget period used to determine an individual's eligibility" (42 CFR § 435.4). On the date of your application, that was the 2015 FPL, which is \$11,770.00 for a one-person household (80 Fed. Reg. 3236, 3237).

Financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size (42 CFR § 435.603(h)(1); State Plan Amendment (SPA) 13-0055-MM3, as approved March 19, 2014).

Modified Adjusted Gross Income

The Marketplace bases its eligibility determinations on modified adjusted gross income as defined in the federal tax code (45 CFR 155.300(a)). The term "modified adjusted gross income" means adjusted gross income increased by (1) any income that was excluded under 26 USC § 911 for United States citizens or residents living abroad, (2) tax-exempt interest received or accrued, and (3) social security benefits that were excluded from gross income under 26 USC § 86 (see 26 USC § 36B(d)(2)(B), 26 CFR § 1.36B-1(e)(2)).

"Adjusted gross income" means, in the case of an individual taxpayer, gross income minus certain specific deductions, such as expenses reimbursed by an employer, losses from sale or exchange of property, losses from premature withdrawal of finds from time savings accounts, and deductions attributable to royalties (26 USC § 62(a)).

Affordability Exemption

Under some circumstances, a person may receive an exemption from paying a penalty for not purchasing a QHP. Such an exemption may be granted if that person can show that she experienced a financial hardship or has domestic circumstances that (1) caused an unexpected increase in essential expenses that prevented that person from obtaining health coverage under a QHP; (2) would have caused the person to experience serious deprivation of food, shelter, clothing, or other necessities, as a result of the expense of purchasing health coverage under a QHP; or (3) prevented that person from obtaining coverage under a QHP (45 CFR § 155.605(a), (g)).

NY State of Health has deferred to the U.S. Department of Health and Human Services (HHS) on the matter of hardship exemptions (see 45 CFR § 155.505(c)).

Legal Analysis

The first issue is whether the Marketplace properly determined that you were eligible for an advance premium tax credit (APTC) of up to \$108.00 per month.

In the application that was submitted on January 23, 2015, you attested to an expected yearly income of \$34,000.00, and the eligibility determination relied upon that information. You confirmed through your testimony that your annual expected income for 2015 is \$34,000.00. You also testified that you believed your other expenses, including expenses for shelter, food, gas, and other bills, should be taken into account when determining your eligibility for health insurance. Since the Internal Revenue Service rules do not allow these expenses to be deducted from the calculation of your adjusted gross income, they also cannot be deducted when the Marketplace computes your Modified Adjusted Gross Income (MAGI) for APTC purposes. Therefore, your household income is \$34,000.00.

According to the record there is one person in your household. You plan on filing your 2015 tax return as single, and will claim no dependents on that tax return.

You reside in County, where the second lowest cost silver plan available for an individual through the Marketplace costs \$371.75 per month.

An annual income of \$34,000.00 is 291.35% of the 2014 Federal Poverty Level (FPL) for a one-person household. At 291.35% of the FPL, the expected contribution to the cost of the health insurance premium is 9.31% of income, or \$263.78 per month.

The maximum amount of APTC that can be approved equals the cost of the second lowest cost silver plan available through the Marketplace for an individual in your county (\$371.75 per month) minus your expected contribution (\$263.78 per month), which equals \$107.97 per month. Therefore, rounding to the nearest dollar, the Marketplace correctly determined your APTC to be \$108.00 per month.

The second issue is whether the Marketplace properly found that you were not eligible for cost-sharing reductions.

Cost-sharing reductions are available to a person who has a household income no greater than 250% of the FPL. Since a household income of \$34,000.00 is 291.34% of the 2014 FPL, the Marketplace correctly found you to be ineligible for cost-sharing reductions.

The third issue is whether the Marketplace properly found that you were not eligible for Medicaid.

Medicaid can be provided through the Marketplace to adults between the ages of 19 and 65 who meet the non-financial requirements and have a household MAGI that is at or below 138% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$11,770.00 for a one-person household. Since \$34,000.00 is 288.87% of the 2015 FPL, the Marketplace properly found you to be ineligible for Medicaid on an expected annual income basis, using the information provided in your application.

Since the January 24, 2015 eligibility determination properly stated that, based on the information you provided, you were eligible for APTC of up to \$108.00 per month, not eligible for cost-sharing reductions, and not eligible for Medicaid, it is correct and is AFFIRMED.

However, financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size.

To be eligible for Medicaid, you would need to meet the non-financial criteria and have an income no greater than 138% of the FPL, which is \$1,353.55 per month. You testified that for the month of January 2015 you received \$900.00 in income from your job. However, you did not provide evidence of your January 2015 income as directed by the Hearing Officer. Since you did not provide evidence of your actual monthly income, we cannot make a decision as to whether or not you should have been determined eligible for Medicaid on a monthly income basis.

You testified that you cannot afford to pay the monthly insurance premium even if you have an APTC and cost-sharing reductions because your expenses exceed your income. If you wish to be considered for a hardship exemption, which would

exempt you from paying a penalty for not having health insurance during 2015, you can check the Federal marketplace website (www.healthcare.gov) for an application.
