Decision

Decision Date: August 18, 2015

NY State of Health Number: [REDACTED]
Appeal Identification Number: AP000000001957

Issues

The issues presented for review by the Appeals Unit of NY State of Health are:

Did the Marketplace properly determine that you, your wife, and your son were jointly eligible to receive up to \$782.00 per month in advance premium tax credits?

Did the Marketplace properly determine that you, your wife, and your son were eligible for cost-sharing reductions?

Procedural History

On February 14, 2015 the Marketplace received your modified application for health insurance.

On February 15, 2015 the Marketplace issued an eligibility determination notice. That notice stated that you, your wife, and your son were jointly eligible to receive up to \$782.00 per month in advance premium tax credit (APTC) and, if you enrolled in a silver level health plan, cost-sharing reductions (CSR).

On March 5, 2015 you spoke with the Marketplace's Account Review unit and appealed that eligibility determination as it relates to the amount of APTC and cost sharing reductions you were eligible for.

On April 10, 2015, you had a telephone hearing with a Hearing Officer from the Marketplace's Appeals Unit. The record was developed during the hearing and closed at the end of the hearing.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

Findings of Fact

A review of the record supports the following findings of fact:

- 1) You testified that you plan on filing your 2015 tax return as married filing jointly. You will claim two children as dependents on that tax return.
- 2) At the time of the February 15, 2015 eligibility determination your application listed an annual household income of \$49,920.00.
- 3) You testified that you expect to make \$49,920.00 in income in 2015 and that your wife expects to make \$0.00.
- 4) You testified that you do not plan on taking any deductions on your 2015 tax return.
- 5) You testified that you reside in Queens County, New York.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

Applicable Law and Regulations

Advance Premium Tax Credit

The advance premium tax credit (APTC) is available to a person who is eligible to enroll in a qualified health plan (QHP) and (1) expects to have a household income between 138% and 400% of the applicable federal poverty level (FPL), (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a QHP, and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals

- 1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through NY State of Health in the county where the taxpayer resides

minus

- 2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

The taxpayer's expected contribution amount is the amount that the taxpayer is expected to spend on health insurance premiums. The expected contribution for 2015 is set by federal law at 2.01% to 9.56% of household income (26 USC § 36B(b)(3)(A), 26 CFR § 1.36B-3T(g)(1), IRS Rev. Proc. 2014-37).

In an analysis of APTC eligibility, the determination is based on the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested (45 CFR § 155.300(a), 45 CFR § 155.305(f)(1)(i)). On the date of your application, that was the 2014 FPL, which is \$23,850.00 for a four-person household (79 Fed. Reg. 3593).

For annual household income in the range of at least 200% but less than 250% of the 2014 FPL, the expected contribution is between 6.34% and 8.10% of the household income (26 CFR § 1.36B-3T(g)(1), 45 CFR § 155.300(a), IRS Rev. Proc. 2014-37).

Cost-sharing reductions

Cost-sharing reductions (CSR) are available to a person who (1) is eligible to enroll in a QHP through the Marketplace, (2) meets the requirements to receive APTC, (3) is expected to have an annual household income that does not exceed 250% of the FPL for the plan year coverage is requested and (4) is enrolled in a silver-level QHP (45 CFR § 155.305(g)(1)).

Legal Analysis

The first issue is whether the Marketplace properly determined that you, your wife, and your son were jointly eligible for up to \$782.00 per month in advance premium tax credit (APTC).

In the application that was submitted on February 14, 2015, you attested to an expected yearly household income of \$49,920.00, and the eligibility determination relied upon that information. You confirmed through your testimony that your household's expected annual income for 2015 is \$49,920.00.

According to the record there are four people in your household. You plan on filing your 2015 tax return as married filing jointly, and will claim two dependents on that tax return.

You reside in Queens County, where the second lowest cost silver plan available for a couple and one dependent through the Marketplace costs \$1,059.49 per month.

An annual income of \$49,920.00 is 209.31% of the 2014 federal poverty level (FPL) for a four-person household. At 209.31% of the FPL, the expected contribution to the cost of the health insurance premium is 6.67% of income, or \$277.47 per month.

The maximum amount of APTC that can be approved equals the cost of the second lowest cost silver plan available through the Marketplace for a couple and one dependent in your county (\$1,059.49 per month) minus your expected contribution (\$277.47 per month), which equals \$782.02. Therefore, rounding to the nearest dollar, the Marketplace correctly determined your family's APTC amount to be up to \$782.00 per month.

Cost-sharing reductions (CSR) are available to a person who has a household income no greater than 250% of the FPL. Since a household income of \$49,920.00 is 209.31% of the 2014 FPL for a four-person household, the Marketplace correctly found you, your wife, and your son to be eligible for CSR if you enroll in a silver level health plan.

Since the February 15, 2015 eligibility determination properly stated that you, your wife, and your son were jointly eligible for APTC of up to \$782.00 per month and eligible for cost-sharing reductions, it is correct and is AFFIRMED.
