Decision

Decision Date: November 16, 2015

NY State of Health Number: [REDACTED]
Appeal Identification Number: AP000000004079

[REDACTED]

Issues

The issues presented for review by the Appeals Unit of the NY State of Health are:

Did the Marketplace properly determine that you are eligible to receive up to \$76.00 monthly of advance premium tax credit (APTC) as of July 28, 2015?

Did the Marketplace properly determine that you are not eligible for cost-sharing reductions as of July 28, 2015?

Did the Marketplace properly determine that you are not eligible for Medicaid as of July 28, 2015?

Procedural History

On July 28, 2015, the Marketplace issued an eligibility determination notice stating that you are eligible to receive up to \$76.00 monthly of advance premium tax credits. The notice also stated that you are not eligible for cost-sharing reductions and Medicaid because the household income you provided is over the allowable income limit for each of these programs.

On the same day, you spoke to the Marketplace Account Review Unit and requested an appeal relative to the amount of financial assistance you were determined eligible to receive.

On October 5, 2015, you had a telephone hearing with a Hearing Officer from the Marketplace's Appeals Unit. The record was developed during the hearing and left open until October 12, 2015 to allow you to submit additional documentation.

On October 7, 2015, you faxed a one-page document to the Marketplace Appeals Unit. That document was made part of the record as "Appellant Exhibit A." The record is now complete and closed.

Findings of Fact

A review of the record supports the following findings of fact:

1. You are applying for health insurance through the Marketplace for yourself.
2. You testified that you plan on filing a 2015 federal income tax return with the tax status of single and will not claim any dependents on that tax return.
3. According to your July 27, 2015 Marketplace application, you attested to a 2015 household income of \$38,148.00.
4. You testified that you are a small business owner and your income varies.
5. You testified that based on your monthly expenses, you are not able to afford the monthly health insurance premiums.
6. You received \$1,558.00 in earnings and had \$120.40 in business expenses in July 2015 (Appellant Exhibit A).
7. You currently reside in Nassau County, NY.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

Applicable Law and Regulations

Advance Premium Tax Credit:

The advance premium tax credit is available to a person who is eligible to enroll in a qualified health plan and (1) expects to have a household income between 138% and 400% of the 2014 federal poverty level; (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a qualified health plan; and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45

CFR § 155.305(f), 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals

1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through the NY State of Health in the county where the taxpayer resides

minus

2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

For annual household income in the range of at least 300% but less than 400% of the 2014 FPL, the expected contribution is 9.56% of the household income (see 26 CFR § 1.36B-3T(g)(1), (IRS Rev. Proc. 2014-37)).

In an analysis of APTC eligibility, the determination is based on the FPL "for the benefit year for which coverage is requested. (45 CFR § 155.305(f)(1)(i)). On the date of your application, that was the 2014 FPL, which is \$11,670.00 for a one-person household (79 Fed. Reg. 3593, 3593).

Cost-Sharing Reductions:

Cost-sharing reductions (CSR) are available to a person who (1) is eligible to enroll in a QHP through the Marketplace, (2) meets the requirements to receive advanced premium tax credits, (3) is expected to have an annual household income that does not exceed 250 percent of the FPL for the plan year coverage is requested and (4) is enrolled in a silver-level QHP (45 CFR § 155.305(g)(1)).

Medicaid:

Medicaid can be provided through the Marketplace to adults who: (1) are age 19 or older and under age 65, (2) are not pregnant, (3) are not entitled to or enrolled for Medicare benefits under part A or B of title XVIII of the Act, (4) are not otherwise eligible for and enrolled for mandatory coverage under a State's Medicaid State plan in accordance with subpart B of this part, and (5) have a household modified adjusted gross income (MAGI) that is at or below 138% of the FPL for the applicable family size (42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)), N.Y. Soc. Serv. Law § 366(1)(b)).

In an analysis of Medicaid eligibility, the determination is based on the FPL "for the applicable budget period used to determine an individual's eligibility" (42 CFR

§ 435.4). On the date of your application, that was the 2015 FPL, which is \$11,770.00 for a one-person household (80 Fed. Reg. 3236, 3237).

Financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size (42 CFR § 435.603(h)(1); State Plan Amendment (SPA) 13-0055-MM3, as approved March 19, 2014).

Hardship Exemption

Under some circumstances, a person may receive an exemption from paying a penalty for not purchasing a qualified health plan QHP. Such an exemption may be granted if that person can show that she experienced a financial hardship or has domestic circumstances that (1) caused an unexpected increase in essential expenses that prevented that person from obtaining health coverage under a QHP; (2) would have caused the person to experience serious deprivation of food, shelter, clothing or other necessities, as a result of the expense of purchasing health coverage under a QHP; or (3) prevented that person from obtaining coverage under a qualified health plan (45 CFR § 155.605 (a), (g)).

NY State of Health has deferred to the U.S. Department of Health and Human Services (HHS) on the matter of hardship exemptions (see 45 CFR § 155.505(c)).

Legal Analysis

The first issue is whether the Marketplace properly determined you eligible for up to \$76.00 monthly of APTC.

According to the record, you have a one-person tax household. You expect to file your 2015 federal income tax return with the tax status of single and will claim no dependents on that return.

You reside in Nassau County, where the second lowest cost silver plan that is available through the Marketplace for an individual costs \$379.93 per month.

The July 28, 2015 eligibility determination was based on an annual household income of \$38,148.00, which was the amount you attested to as your total household's expected annual income for 2015.

An annual household income of \$38,148.00 equals 326.89% of the 2014 FPL for a one-person household. At 326.89% of the FPL, the expected contribution to the cost of the health insurance premium is 9.56% of income, or \$303.91 per month.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

The maximum amount of APTC that can be awarded equals the cost of the second lowest cost silver plan in your county (\$379.93 per month) minus your expected contribution (\$303.91 per month), which equals \$76.02 per month. Therefore, rounding to the nearest dollar, the Marketplace correctly computed your APTC to be \$76.00 per month.

The second issue is whether the Marketplace properly determined that you were not eligible for cost-sharing reductions.

Cost-sharing reductions are available to a person who has an annual household income no greater than 250% of the FPL. Since your annual household income is 326.89% of the FPL for purposes for APTC and cost-sharing reductions, you were correctly found not eligible for cost-sharing reductions.

The third issue is whether the Marketplace properly determined that you not eligible for Medicaid.

Medicaid can be provided through the Marketplace to adults between the ages of 19 and 65 who meet the non-financial requirements and have a household modified adjusted gross income (MAGI) that is at or below 138% of the FPL for the applicable family size.

Financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size. To be eligible for Medicaid, you would need to meet the non-financial criteria and have an income no greater than 138% of the FPL, which is \$1,354.00 per month. According to the one-page fax you submitted to the Marketplace Appeals Unit, your July 2015 income was \$1,437.60. Therefore, you did not qualify for Medicaid based on your income in July 2015.

Since the July 28, 2015, eligibility determination properly stated that, based on the information you provided that you are eligible for APTC of up to \$76.00 per month and not eligible for cost-sharing reductions and Medicaid, it is correct and is AFFIRMED.
