NY State of Health Number: [REDACTED]
Appeal Identification Number: AP000000004183

Issues

The issues presented for review by the Appeals Unit of NY State of Health are:

Did the Marketplace properly determine that you were eligible to receive up to \$289.00 per month in advance premium tax credits, effective September 1, 2015?

Did the Marketplace properly determine that you were eligible for cost-sharing reductions, effective September 1, 2015?

Did the Marketplace properly determine that you were not eligible for Medicaid?

Procedural History

On August 4, 2015, the Marketplace received your modified application for health insurance. That day, a preliminary eligibility determination was prepared with regard to that application stating that you were eligible to receive advance premium tax credits of up to \$289.00 per month, as well as cost-sharing reductions.

Also on August 4, 2015, you contacted the Marketplace's Account Review Unit and requested an appeal of that preliminary eligibility determination as it related to your eligibility for financial assistance.

On August 5, 2015, the Marketplace issued an eligibility determination notice, based on the information contained in the August 4, 2015 application, stating that

you were eligible to receive advance premium tax credits of up to \$289.00 per month and, if you selected a silver-level plan, for cost-sharing reductions. The notice further stated that you were not eligible for Medicaid because your income of \$19,884.00 was over the allowable income limit.

On September 22, 2015, you had a telephone hearing with a Hearing Officer from the Marketplace's Appeals Unit. The record was developed during the hearing and closed at the end of the hearing.

Findings of Fact

- 1) You testified that you expect to file your 2015 federal income tax return with a tax filing status of single and will not claim any dependents on that tax return.
- 2) The application that was submitted on August 4, 2015 listed annual household income of \$19,884.00 from Social Security benefits. You testified that this amount was correct.
- 3) You testified, and your application states, that you will not be taking any deductions on your 2015 tax return.
- 4) Your application states that you live in Queens County, New York.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

Applicable Law and Regulations

Advance Premium Tax Credit

The advance premium tax credit (APTC) is available to a person who is eligible to enroll in a qualified health plan (QHP) and (1) expects to have a household income between 138% and 400% of the applicable poverty level (FPL) (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a QHP, and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals:

- 1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through NY State of Health in the county where the taxpayer resides

minus

- 2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

The taxpayer's expected contribution amount is the amount that the taxpayer is expected to spend on health insurance premiums. The expected contribution for 2015 is set by federal law at 2.01% to 9.56% of household income (26 USC § 36B(b)(3)(A), 26 CFR § 1.36B-3T(g)(1), IRS Rev. Proc. 2014-37).

In an analysis of APTC eligibility, the determination is based on the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested (45 CFR §§ 155.300(a), 155.305(f)(1)(i)). On the date of your application, that was the 2014 FPL, which is \$11,670.00 for a one-person household (79 Fed. Reg. 3593, 3593).

For annual household income in the range of at least 150% but less than 200% of the 2014 FPL, the expected contribution is between 4.02% and 6.34% of the household income (26 CFR § 1.36B-3T(g)(1), 45 CFR § 155.300(a), IRS Rev. Proc. 2014-37).

People who use the APTC to help pay health insurance premiums must file a federal tax return and reconcile their expected income (stated on the Marketplace application) with their actual income (stated on their federal income tax return). Those who take less tax credit in advance than they claim on the tax return may get the rest of it as an income tax refund or have their tax bill reduced. Those who take more tax credit in advance than they can claim on their tax return will owe the difference as additional income taxes (26 CFR § 1.36B-4).

Cost-Sharing Reductions

Cost-sharing reductions (CSR) are available to a person who (1) is eligible to enroll in a QHP through the Marketplace, (2) meets the requirements to receive APTC, (3) is expected to have an annual household income that does not exceed 250% of the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested, and (4) is enrolled in a silver-level QHP (45 CFR § 155.300(a), 45 CFR § 155.305(g)(1)).

Medicaid

Medicaid can be provided through the Marketplace to adults who: (1) are age 19 or older and under age 65, (2) are not pregnant, (3) are not entitled to or enrolled for Medicare benefits under part A or B of title XVIII of the Act, (4) are not otherwise eligible for and enrolled for mandatory coverage under a State's Medicaid State plan in accordance with subpart B of this part, and (5) have a household modified adjusted gross income (MAGI) that is at or below 138% of the FPL for the applicable family size (42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)), N.Y. Soc. Serv. Law § 366(1)(b)).

In an analysis of Medicaid eligibility, the determination is based on the FPL “for the applicable budget period used to determine an individual's eligibility” (42 CFR § 435.4). On the date of your application, that was the 2015 FPL, which is \$11,770.00 for a one-person household (80 Fed. Reg. 3236, 3237).

Legal Analysis

The first issue is whether the Marketplace properly determined that you were eligible for an advance premium tax credit (APTC) of up to \$289.00 per month.

The application that was submitted on August 4, 2015 listed an annual household income of \$19,884.00 and the eligibility determination relied upon that information.

You in a one-person household. You expect to file you 2015 federal income tax return as single and will not claim any dependents on that tax return.

You reside in Queens County, where the second lowest cost silver plan available for an individual through the Marketplace costs \$371.75 per month.

An annual income of \$19,884.00 is 170.39% of the 2014 FPL for a one-person household. At 170.39% of the FPL, the expected contribution to the cost of the health insurance premium is 4.97% of income, or \$82.28 per month.

The maximum amount of APTC that can be approved equals the cost of the second lowest cost silver plan available through the Marketplace for an individual in your county (\$371.75 per month) minus your expected contribution (\$82.28 per month), which equals \$289.47 per month. Therefore, rounding to the nearest dollar, the Marketplace correctly determined you to be eligible for up to \$289.00 per month in APTC.

The second issue is whether you were properly found eligible for cost-sharing reductions. Cost-sharing reductions are available to a person who has a household income no greater than 250% of the FPL. Since a household income

of \$19,884.00 is 170.39% of the applicable FPL, the Marketplace correctly found you to be eligible for cost sharing reductions.

The third issue is whether the Marketplace properly determined that you were ineligible for Medicaid.

Medicaid can be provided through the Marketplace to adults between the ages of 19 and 65 who meet the non-financial requirements and have a household modified adjusted gross income (MAGI) that is at or below 138% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$11,770.00 for a one-person household. Since \$19,884.00 is 168.94% of the 2015 FPL, the Marketplace properly found you to be ineligible for Medicaid on an expected annual income basis, using the information provided in your application.

Since the August 5, 2015 eligibility determination properly stated that, based on the information you provided, you were eligible for up to \$289.00 per month in APTC, eligible for cost-sharing reductions, and ineligible for Medicaid, it is correct and is AFFIRMED.
