Applicable Law and Regulations

Modified Adjusted Gross Income

The Marketplace bases its eligibility determinations on modified adjusted gross income as defined in the federal tax code (45 CFR § 155.300(a)). The term "modified adjusted gross income" means adjusted gross income increased by (1) any income that was excluded under 26 USC § 911 for United States citizens or residents living abroad, (2) tax-exempt interest received or accrued, and (3)

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

Social Security benefits that were excluded from gross income under 26 USC § 86 (see 26 USC § 36B(d)(2)(B), 26 CFR § 1.36B-1(e)(2)).

Advance Premium Tax Credit:

The advance premium tax credit is available to a person who is eligible to enroll in a qualified health plan and (1) expects to have a household income between 138% and 400% of the 2015 federal poverty level; (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a qualified health plan; and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals

1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through the NY State of Health in the county where the taxpayer resides

minus

2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

For annual household income in the range of at least 250% but less than 300% of the 2015 FPL, the expected contribution is between 8.18% and 9.66% of the household income (see 26 CFR § 1.36B-3T(g)(1), (IRS Rev. Proc. 2014-62)).

In an analysis of APTC eligibility, the determination is based on the FPL "for the benefit year for which coverage is requested. (45 CFR § 155.305(f)(1)(i)). On the date of your application, that was the 2015 FPL, which is \$15,930.00 for a second-person household (80 Fed. Reg. 3236, 3237).

Cost-Sharing Reductions:

Cost-sharing reductions (CSR) are available to a person who (1) is eligible to enroll in a QHP through the Marketplace, (2) meets the requirements to receive advanced premium tax credits, (3) is expected to have an annual household income that does not exceed 250 percent of the FPL for the plan year coverage is requested and (4) is enrolled in a silver-level QHP (45 CFR § 155.305(g)(1)).

End of Tax Year Reconciliation

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

At the end of a tax year, a person who elects to take the advance premium tax credit to help pay for the cost of an insurance premium must file a tax return to reconcile any differences between the amount of income the person reported to the NYSOH and their actual income for that year. A person who received less tax credit than their maximum entitlement, based on gross income, may receive an income tax refund, or owe less in taxes. A person who received more tax credit than his maximum entitlement will owe the excess as an additional income tax liability (26 CFR § 1.36B-4).

Hardship Exemption

Under some circumstances, a person may receive an exemption from paying a penalty for not purchasing a qualified health plan QHP. Such an exemption may be granted if that person can show that she experienced a financial hardship or has domestic circumstances that (1) caused an unexpected increase in essential expenses that prevented that person from obtaining health coverage under a QHP; (2) would have caused the person to experience serious deprivation of food, shelter, clothing or other necessities, as a result of the expense of purchasing health coverage under a QHP; or (3) prevented that person from obtaining coverage under a qualified health plan (45 CFR § 155.605 (a), (g)).

NY State of Health has deferred to the U.S. Department of Health and Human Services (HHS) on the matter of hardship exemptions (see 45 CFR § 155.505(c)).

Legal Analysis

The first issue is whether the Marketplace properly determined you eligible for up to \$484.00 monthly of APTC.

According to the record, you have a two-person tax household. You expect to file your 2016 federal income tax return with the tax status of married filing jointly, with your spouse, and will not claim any dependents on that return.

You reside in Rockland County, where the second lowest cost silver plan that is available through the Marketplace for a couple costs \$788.75 per month.

The December 11, 2015 eligibility determination was based on an annual household income of \$42,305.00, which was the amount entered as your total household's expected annual income for 2016.

An annual household income of \$42,305.00 equals 265.57% of the 2015 FPL for a two-person household. At 265.57% of the FPL, the expected contribution to the cost of the health insurance premium is 8.64% of income, or \$304.60 per month.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

The maximum amount of APTC that can be awarded equals the cost of the second lowest cost silver plan in your county (\$788.75 per month) minus your expected contribution (\$304.60 per month), which equals \$484.15 per month. Therefore, the Marketplace correctly computed your APTC to be \$484.00 per month.

The second issue is whether the Marketplace properly determined you eligible for cost-sharing reductions.

Cost-sharing reductions are available to a person who has an annual household income no greater than 250% of the FPL. Since your annual household income is 265.57% of the FPL for purposes for APTC and cost-sharing reductions, you were correctly found not eligible for cost-sharing reductions.

Since the December 11, 2015 eligibility determination properly stated that you are eligible for APTC of up to \$484.00 per month and not eligible for cost-sharing reductions, it is correct and is AFFIRMED.

You testified that your spouse has a pending application for Social Security Disability Insurance benefits, and their sick-leave pay from the [REDACTED] may be discontinued. At this time the record does not contain sufficient testimony or documentation to return your case to Marketplace to recalculate you benefits on a yearly or monthly basis. However, please contact the Marketplace when you have sufficient documentation of your change in income.

Decision

The December 11, 2015 eligibility determination is AFFIRMED.

Effective Date of this Decision: May 24, 2016

How this Decision Affects Your Eligibility

This decision does not change your eligibility.

You and your spouse remain eligible to receive an advance premium tax credit of up to \$484.00 per month and not eligible for cost-sharing reductions.

Any difference between the advance premium tax credit (based on your expected 2016 income) and the premium tax credit you can claim on your 2016 federal tax return (based on your actual 2016 income) should be reconciled on your 2016 federal tax return.

If you wish to be considered for a hardship exemption, which would exempt you from paying a penalty for not having health insurance, consult the Federal Marketplace website (www.healthcare.gov) for additional information and an application.

Please contact the NYSOH when experience a change in your household income.
