## Issue

The issue presented for review by the Appeals Unit of NY State of Health is:

Did NY State of Health (NYSOH) properly determine that your children were eligible to for Child Health Plus and enrolled in a Child Health Plus plan effective May 1, 2016?

## Procedural History

On February 7, 2016, NYSOH issued a notice that it was time to renew your children's health insurance. That notice stated that, based on information from federal and state sources, NYSOH could not make a decision about whether your children would qualify for financial help paying for their health coverage, and that you needed to update your account by March 15, 2016 or your children might lose the financial assistance they were currently receiving.

No updates were made to your account by March 15, 2016.

On March 17, 2016, NYSOH issued an eligibility determination notice stating that your children were not eligible for Medicaid, Child Health Plus, or to receive tax credits or cost-sharing reductions to help pay for the cost of insurance. Your children also could not enroll in a qualified health plan at full cost. This was because you had not responded to the renewal notice and had not completed your children's renewal within the required time frame. Your children's eligibility ended March 31, 2016.

On March 17, 2016, NYSOH received your children's updated application for health insurance.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

On March 19, 2016, NYSOH issued a notice of eligibility determination, based on your March 17, 2016 application, stating that your children were conditionally eligible to enroll in Child Health Plus with a \$60.00 monthly premium per child, effective May 1, 2016. The notice directed you to submit additional income documentation before May 16, 2016, to confirm their eligibility.

Also on May 19, 2016, NYSOH issued a notice of enrollment, based on your plan selection on May 17, 2016, stating that your child children were enrolled in a Child Health Plus plan with a plan enrollment start date of May 1, 2016.

On March 22, 2016, you spoke to NYSOH's Account Review Unit and appealed the start date of your children's Child Health Plus plan.

On September 19, 2016, you had a telephone hearing with a Hearing Officer from NYSOH's Appeals Unit. The record was developed during the hearing and closed at the end of the hearing.

## **Findings of Fact**

A review of the record support the following findings of fact:

- 1) You testified and your NYSOH account reflects, that you receive all of your notices from NYSOH by regular mail.
- 2) You testified that you did not receive a renewal notice telling you that you needed to update your application in order to renew your children's coverage until the end of March 2016.
- 3) You testified that you paid your children's April 2016 health insurance premiums to the Child Health Plus plan. The plan accepted the premiums and did not notify you that your children's coverage needed to be renewed or the coverage would be cancelled.
- 4) You testified that you found out that your children's health insurance coverage was cancelled when your children were at a doctor's appointment in March or April 2016.
- 5) According to your NYSOH account, NYSOH received your children's updated application for health insurance on March 17, 2016.
- 6) According to your NYSOH account, your children's Child Health Plus coverage was discontinued effective March 31, 2016.
- 7) According to your NYSOH account, your children were re-enrolled in a Child Health Plus plan on March 17, 2016, with a plan enrollment start date of May 1, 2016.

- 8) You testified that you are seeking to backdate your children's coverage in order to cover their outstanding medical bills for the months of March and April 2016.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

## **Applicable Law and Regulations**

### Child Health Plus

The "period of eligibility" for Child Health Plus is "that period commencing on the first day of the month during which a child is an eligible child and enrolled or recertified for enrollment on an annual basis based on all required information and documentation and ending on the last day of the twelfth month following such date," unless the CHP premiums are not timely paid, or the child no longer resides in New York State, gains access to or obtains other health insurance coverage, or becomes eligible for Medicaid (NY Public Health Law § 2510(6)).

"A State must specify a method for determining the effective date of eligibility for [Child Health Plus], which can be determined based on the date of application or through any other reasonable method that ensures coordinated transition of children between [Child Health Plus] and other insurance affordability programs as family circumstances change and avoids gaps or overlaps in coverage," including for periodic renewals (42 CFR § 457.340(f); 42 CFR §457.343).

The State of New York has provided that a child's period of eligibility for Child Health Plus begins on the first day of the month during which a child is eligible. The State of New York will furnish benefits by the first day of the next month, if the application is received by the 15th of the month; applications received after the 15th day of the month will be processed for the first day of the second following month (see State Plan Amendment (SPA) NY-14-0005, approved February 3, 2015 and effective January 1, 2014).

The State of New York has elected to provide presumptive eligibility to children if they appear eligible for coverage but are missing one or more documents needed to verify eligibility. Children may be enrolled presumptively for two months while the missing documentation is collected (see *e.g.* 42 CFR § 457.355; SPA NY-14-0005, approved February 3, 2015 and effective January 1, 2014).

In addition, where an application for recertification of Child Health Plus coverage contains insufficient information for a final determination of eligibility for continued coverage for the next policy period, a child or children must be presumed eligible for a period of no greater than two months after the previous eligibility period

ends or the date upon which a final determination of eligibility is made based on the submission of additional data. Only in the event that such additional information is not submitted within two months of NYSOH's request, shall the child or children be disenrolled from Child Health Plus (NY Public Health Law § 2511(2)(j)).

## **Legal Analysis**

The issue under review is whether NYSOH properly determined that your children were eligible for Child Health Plus and enrolled in a Child Health Plus plan effective May 1, 2016.

Generally, NYSOH must redetermine a qualified child's eligibility for Child Health Plus once every twelve months without requiring information from the individual if able to do so based on reliable information contained in the individual's account or other more current information available to the agency. NYSOH's February 7, 2016, renewal notice stated that there was not enough information to determine whether your children were eligible to continue their financial assistance for health insurance, and that you needed to supply additional information by March 15, 2016, or their financial assistance might end.

You testified that you did not receive a renewal notice telling you that you needed to update your application in order to renew your children's coverage until the end of March 2016, and as a result you did not submit an updated application prior to March 15, 2016.

The record indicates that your children were disenrolled from their Child Health Plus plan because you did not respond to the renewal notice. Your child's/children's eligibility and enrollment subsequently ended on March 31, 2016.

However, under the presumptive eligibility rule, your children should have been entitled to two months of presumptive eligibility upon the need to recertify for the next policy period beginning April 1, 2016. This is because when a child or children are being automatically recertified for Child Health Plus, they are presumed eligible for up to two months from the date that the previous period of eligibility ends if there is insufficient information for a redetermination. NYSOH provides this two month period of presumptive eligibility to children so as to avoid a gap in coverage and to permit the parents or caregiver relatives a two month window within which to provide sufficient documentation.

Since the end date of the previous 12 month policy period of your children's eligibility for and enrollment in Child Health Plus, your children should have been determined presumptively eligible from April 1, 2016 through May 31, 2016, so as to avoid a gap in their Child Health Plus coverage for the upcoming policy period and allow you to submit sufficient information to have their eligibility determined.

Therefore, March 19, 2016 eligibility determination notice is MODIFIED to state that your children were presumptively eligible to remain in Child Health Plus for two months pending your completion of their recertification.

The March 19, 2016 enrollment notice is MODIFIED to state that your children's enrollment in their Child Health Plus plan was effective as of April 1, 2016.
