Decision

Decision Date: February 15, 2017

NY State of Health Account ID: [REDACTED]
Appeal Identification Number: AP000000012806

Issues

The issues presented for review by the Appeals Unit of NY State of Health are:

Did NY State of Health properly determine that you were eligible to receive up to \$184.00 per month in advance payments of the premium tax credit, effective December 1, 2016?

Did NY State of Health properly determine that you were eligible for cost-sharing reductions?

Did NY State of Health properly determine that you were not eligible to enroll in the Essential Plan effective October 31, 2016?

Did NY State of Health properly determine that you were not eligible for Medicaid?

Procedural History

On October 25, 2016, NY State of Health (NYSOH) received your completed application for health insurance. That day, a preliminary eligibility determination was prepared finding you eligible for \$184.00 per month in advance payments of the premium tax credit as well as cost-sharing reductions if you enroll in a silver-level qualified health plan.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

Also on October 25, 2016, you contacted NYSOH's Account Review Unit and requested an appeal of that preliminary eligibility determination insofar as you were not found eligible for the Essential Plan or Medicaid.

On October 26, 2016, an eligibility determination was prepared with regard to the October 25, 2016 application, stating that you were eligible to receive up to \$184.00 per month in advance payments of the premium tax credit, effective December 1, 2016, and were eligible for cost-sharing reductions if you enrolled in a silver level health plan. The notice further stated that you were not eligible for the Essential Plan or for Medicaid because your household income was over the allowable income limit for those programs.

On February 8, 2017, you had a telephone hearing with a Hearing Officer from NYSOH's Appeals Unit. The record was developed during the hearing and closed at the end of the hearing.

Findings of Fact

A review of the record supports the following findings of fact:

- 1) You testified that you expect to file your 2016 taxes with a tax filing status of married filing jointly. You will claim no dependents on that tax return.
- 2) You are seeking insurance for yourself.
- 3) The application that was submitted on October 25, 2016 listed annual household income of \$33,083.00, consisting of \$2,331.00 you receive in Social Security benefits, \$21,320.00 that your spouse earns through employment, and \$9,432.00 your spouse receives in Social Security benefits. You testified that this amount was correct.
- 4) You testified that your monthly income for October 2016 was \$333.00 in income you received from Social Security benefits.
- 5) You testified that your spouse earns \$10.25 an hour, and works 40 hours each week.
- 6) You testified that in October 2016 your spouse received \$786.00 in income from Social Security benefits.
- 7) Your application states that you will not be taking any deductions on your 2016 tax return.
- 8) Your application states that you live in Queens County.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

Applicable Law and Regulations

Advance Payments of Premium Tax Credit

Advance payments of the premium tax credit (APTC) are generally available to a person who is eligible to enroll in a qualified health plan (QHP) and (1) expects to have a household income between 138% and 400% of the applicable federal poverty level (FPL), (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a QHP, and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals:

- 1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through NY State of Health in the county where the taxpayer resides

minus

- 2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

The taxpayer's expected contribution amount is the amount that the taxpayer is expected to spend on health insurance premiums. The expected contribution for 2016 is set by federal law at 2.03% to 9.66% of household income (26 USC § 36B(b)(3)(A), 26 CFR § 1.36B-3T(g)(1), IRS Rev. Proc. 2014-37, IRS Rev. Proc. 2014-62).

In an analysis of APTC eligibility, the determination is based on the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested (45 CFR §§ 155.300(a), 155.305(f)(1)(i)). On the date of your application, that was the 2015 FPL, which is \$15,930.00 for a two-person household (80 Federal Register 3236, 3237).

For annual household income in the range of at least 200% but less than 250% of the 2015 FPL, the expected contribution is between 6.41% and 8.18% of the household income (26 CFR § 1.36B-3T(g)(1), 45 CFR § 155.300(a), IRS Rev. Proc. 2014-37, IRS Rev. Proc. 2014-62).

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

People who use the APTC to help pay health insurance premiums must file a federal tax return and reconcile their expected income (stated on NYSOH application) with their actual income (stated on their federal income tax return). Those who take less tax credit in advance than they claim on the tax return may get the rest of it as an income tax refund or have their tax bill reduced. Those who take more tax credit in advance than they can claim on their tax return will owe the difference as additional income taxes (26 CFR § 1.36B-4).

Cost-Sharing Reductions

Cost-sharing reductions (CSR) are available to a person who (1) is eligible to enroll in a QHP through NYSOH, (2) meets the requirements to receive APTC, (3) is expected to have an annual household income that does not exceed 250% of the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested, and (4) is enrolled in a silver-level QHP (45 CFR § 155.300(a), 45 CFR § 155.305(g)(1)).

Essential Plan

NYSOH must generally determine an applicant eligible for the Essential Plan, a basic health plan, if the person is (1) a resident of New York State, (2) expects to have a household income between 138% and 200% of the applicable federal poverty level (FPL) or, in the case of an individual who is a lawfully present non-citizen who is ineligible for Medicaid or Child Health Plus as a result of their immigration status, has a household income that is between 0% and 200% of the FPL, (3) is not otherwise eligible for minimum essential coverage except through the individual market, (4) is 64 years old or younger, (5) is a citizen or a lawfully present non-citizen, and (6) is not incarcerated (see 42 CFR § 600.305, 42 CFR § 435.603(d)(4), 45 CFR § 155.305(e), NY Social Services Law § 369-gg(3), 42 USC § 18051).

In an analysis of Essential Plan eligibility, the determination is based on the FPL in effect on the first day of the benefit year for which coverage is requested (45 CFR § 155.300(a)). On the date of your application, that was the 2015 FPL, which is \$11,770.00 for a one-person household (80 Fed. Reg. 3236, 3237).

A person who has a household income that is at or below 150% of the FPL has a \$0.00 premium contribution (New York's Basic Health Plan Blueprint, p. 21, as approved January 2016; see <https://www.medicaid.gov/basic-health-program/basic-health-program.html>).

A person who has a household income greater than 150% of the FPL or below 200% of the FPL has a \$20.00 per month premium contribution (New York's Basic Health Plan Blueprint, as approved January 2016).

Medicaid

Medicaid can be provided through NYSOH to adults who: (1) are age 19 or older and under age 65, (2) are not pregnant, (3) are not entitled to or enrolled for Medicare benefits under part A or B of title XVIII of the Act, (4) are not otherwise eligible for and enrolled for mandatory coverage under a State's Medicaid State plan in accordance with subpart B of this part, and (5) have a household modified adjusted gross income (MAGI) that is at or below 138% of the FPL for the applicable family size (42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)), NY Social Services Law § 366(1)(b)).

In an analysis of Medicaid eligibility, the determination is based on the FPL “for the applicable budget period used to determine an individual's eligibility” (42 CFR § 435.4). On the date of your application, that was the 2016 FPL, which is \$16,020.00 for a two-person household (80 Fed. Reg. 4036).

Financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size (42 CFR § 435.603(h)(1); State Plan Amendment (SPA) 13-0055-MM3, as approved March 19, 2014).

Legal Analysis

The first issue is whether NYSOH properly determined that you were eligible for an APTC of up to \$184.00 per month.

The application that was submitted on October 25, 2016 listed an annual household income of \$33,083.00 and the eligibility determination relied upon that information.

You are in a two-person household. You expect to file your 2016 income taxes as married filing jointly and will claim no dependents on that tax return.

You reside in Queens County, where the second lowest cost silver plan available for an individual through NYSOH costs \$368.26 per month.

An annual income of \$33,083.00 is 207.68% of the 2015 FPL for a two-person household. At 207.68% of the FPL, the expected contribution to the cost of the health insurance premium is 6.68% of income, or \$184.16 per month.

The maximum amount of APTC that can be approved equals the cost of the second lowest cost silver plan available through NYSOH for an individual in your county (\$368.26 per month) minus your expected contribution (\$184.16 per month), which equals \$184.10 per month. Therefore, rounding to the nearest

dollar, NYSOH correctly determined you to be eligible for up to \$184.00 per month in APTC.

The second issue is whether you were properly found eligible for cost-sharing reductions. Cost-sharing reductions are available to a person who has a household income no greater than 250% of the FPL. Since a household income of \$33,083.00 is 207.68% of the applicable FPL, NYSOH correctly found you to be eligible for cost sharing reductions.

The third issue under review is whether NYSOH properly determined that you were ineligible for the Essential Plan, effective October 31, 2016.

The Essential Plan is provided through NYSOH to individuals who meet the non-financial requirements and have a household modified adjusted gross income (MAGI) that is between 138% and 200% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$15,930.00 for a two-person household. Since an annual household income of \$33,083.00 is 207.68% of the 2015 FPL, NYSOH properly found you to be ineligible for the Essential Plan.

The fourth issue is whether NYSOH properly determined that you were ineligible for Medicaid.

Medicaid can be provided through NYSOH to adults between the ages of 19 and 65 who meet the non-financial requirements and have a household modified adjusted gross income (MAGI) that is at or below 138% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$16,020.00 for a two-person household. Since \$33,083.00 is 206.51% of the 2016 FPL, NYSOH properly found you to be ineligible for Medicaid on an expected annual income basis, using the information provided in your application.

However, financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size.

You testified that your monthly income for October 2016 was \$333.00. You testified that your spouse earns \$10.25 an hour, and works 40 hours each week. You testified that in October 2016 your spouse also received \$786.00 in income from Social Security benefits. Based on your application and testimony, your spouse's monthly income for October 2016 was \$2,426.00, consisting of \$786.00 in Social Security benefits and approximately \$1,640.00 of earned income. Therefore, your household income in October 2016 was \$2,759.00

To be eligible for Medicaid, you would need to meet the non-financial criteria and have an income no greater than 138% of the FPL, which is \$1,335.00 per month.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

Since the information you provided shows that your household earned \$2,759.00 in October 2016 you do not qualify for Medicaid on the basis of monthly income as of the date of your application.

Since the October 26, 2016 eligibility determination properly stated that, based on the information you provided, you were eligible for up to \$184.00 per month in APTC, eligible for cost-sharing reductions, ineligible for the Essential Plan and ineligible for Medicaid, it is correct and is AFFIRMED.
