## Decision

Decision Date: May 11, 2017

NY State of Health Account ID: [REDACTED]  
Appeal Identification Number: AP000000015315

## Issues

The issues presented for review by the Appeals Unit of NY State of Health are:

Did NY State of Health properly determine that you were eligible to receive up to \$240.63 per month in advance payments of the premium tax credit, effective January 1, 2017?

Did NY State of Health properly determine that you were ineligible for cost-sharing reductions?

Did NY State of Health properly determine that you were ineligible for the Essential Plan?

Did NY State of Health properly determine that you were ineligible for Medicaid?

## Procedural History

On November 13, 2016, NY State of Health (NYSOH) issued a renewal notice stating that it was time to renew your health insurance through NYSOH. It further stated that you were eligible to receive up to \$240.63 in APTC, effective January 1, 2017. This notice stated that you could apply all or part of this credit to your monthly bill by logging onto your NYSOH account and updating your tax credit after November 15, 2016. This notice further stated that you were not eligible for cost-sharing reductions, the Essential Plan or Medicaid because your income was over the allowable income limits for those programs and further directed you

to update your NYSOH account by November 15, 2016 if you believed that NYOSH made a mistake about your eligibility.

No updates to your NYOSH account were received by November 15, 2016.

On November 19, 2016, NYOSH issued a plan enrollment notice confirming that NYOSH enrolled you into a bronze-level qualified health plan with a premium amount of \$215.04 after \$152.00 of APTC was applied to the premium, effective January 1, 2017.

On January 30, 2017, you spoke to NYSOH's Account Review Unit and appealed the November 19, 2016 plan enrollment notice insofar as your health insurance premium increased and the full amount of APTC was not being applied.

On April 21, 2017, you had a telephone hearing with a Hearing Officer from NYSOH's Appeals Unit. The record was developed during the hearing and the record was closed at the end of the hearing.

## **Findings of Fact**

A review of the record supports the following findings of fact:

- 1) You testified that you expect to file your 2017 taxes with a tax filing status of single. You will claim no dependents on that tax return.
- 2) The application that was submitted on November 12, 2016 listed annual household income of \$30,650.00.
- 3) Your application states that you will not be taking any deductions on your 2017 tax return.
- 4) Your application states that you live in Kings County, NY.
- 5) You testified that you canceled your health insurance through NYSOH because you could not afford your new monthly premium amount.
- 6) You further testified that you no longer need health insurance through NYOSH because your employer sponsored health insurance began on March 1, 2017.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

## Applicable Law and Regulations

### Advance Payments of Premium Tax Credit

Advance payments of the premium tax credit (APTC) are generally available to a person who is eligible to enroll in a qualified health plan (QHP) and (1) expects to have a household income between 138% and 400% of the applicable federal poverty level (FPL), (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a QHP, and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals:

- 1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through NY State of Health in the county where the taxpayer resides

*minus*

- 2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

The taxpayer's expected contribution amount is the amount that the taxpayer is expected to spend on health insurance premiums. The expected contribution for 2017 is set by federal law at 2.04% to 9.69% of household income (26 USC § 36B(b)(3)(A), 26 CFR § 1.36B-3T(g)(1), IRS Rev. Proc.2016-24).

In an analysis of APTC eligibility, the determination is based on the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested (45 CFR §§ 155.300(a), 155.305(f)(1)(i)). On the date of your application, that was the 2016 FPL, which is \$11,880.00 for a one -person household (81 Fed. Reg. 4036.).

For annual household income in the range of at least 250% but less than 300% of the 2016 FPL, the expected contribution for 2017 is between 8.21% and 9.69% of the household income (26 CFR § 1.36B-3T(g)(1), 45 CFR § 155.300(a), IRS Rev. Proc. 2016-24).

People who use the APTC to help pay health insurance premiums must file a federal tax return and reconcile their expected income (stated on NYSOH application) with their actual income (stated on their federal income tax return). Those who take less tax credit in advance than they claim on the tax return may get the rest of it as an income tax refund or have their tax bill reduced. Those

who take more tax credit in advance than they can claim on their tax return will owe the difference as additional income taxes (26 CFR § 1.36B-4).

### Cost-Sharing Reductions

Cost-sharing reductions (CSR) are available to a person who (1) is eligible to enroll in a QHP through NYSOH, (2) meets the requirements to receive APTC, (3) is expected to have an annual household income that does not exceed 250% of the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested, and (4) is enrolled in a silver-level QHP (45 CFR § 155.300(a), 45 CFR § 155.305(g)(1)).

### Essential Plan

NYSOH must generally determine an applicant eligible for the Essential Plan, a basic health plan, if the person is (1) a resident of New York State, (2) expects to have a household income between 138% and 200% of the applicable federal poverty level (FPL) or, in the case of an individual who is a lawfully present non-citizen who is ineligible for Medicaid or Child Health Plus as a result of their immigration status, has a household income that is between 0% and 200% of the FPL, (3) is not otherwise eligible for minimum essential coverage except through the individual market, (4) is 64 years old or younger, (5) is a citizen or a lawfully present non-citizen, and (6) is not incarcerated (see 42 CFR § 600.305, 42 CFR § 435.603(d)(4), 45 CFR § 155.305(e), NY Social Services Law § 369-gg(3), 42 USC § 18051).

In an analysis of Essential Plan eligibility, the determination is based on the FPL in effect on the first day of the benefit year for which coverage is requested (45 CFR § 155.300(a)). On the date of your application, that was the 2016 FPL, which is \$11,880.00 for a one -person household (81 Fed. Reg. 4036.).

The Essential Plan is considered minimum essential coverage therefore, a person who is eligible for the Essential Plan is not eligible for any premium tax credit because they are eligible for minimum essential coverage through the individual market (see 26 CFR § 1.36B-2(c)(1), 26 USC § 5000A(f)(1)(C)).

### Medicaid

Medicaid can be provided through NYSOH to adults who: (1) are age 19 or older and under age 65, (2) are not pregnant, (3) are not entitled to or enrolled for Medicare benefits under part A or B of title XVIII of the Act, (4) are not otherwise eligible for and enrolled for mandatory coverage under a State's Medicaid State plan in accordance with subpart B of this part, and (5) have a household modified adjusted gross income (MAGI) that is at or below 138% of the FPL for the applicable family size (42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)), NY Social Services Law § 366(1)(b)).

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

In an analysis of Medicaid eligibility, the determination is based on the FPL “for the applicable budget period used to determine an individual's eligibility” (42 CFR § 435.4). On the date of your application, that was the 2016 FPL, which is \$11,880.00 for a one-person household (81 Fed. Reg. 4036).

Financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size (42 CFR § 435.603(h)(1); State Plan Amendment (SPA) 13-0055-MM3, as approved March 19, 2014).

### Affordability Exemption

Under some circumstances, a person may receive an exemption from paying a penalty for not purchasing health insurance coverage. Such an exemption may be granted if that person can show that he or she experienced a financial hardship or has domestic circumstances that (1) caused an unexpected increase in essential expenses that prevented that person from obtaining health coverage under a QHP; (2) would have caused the person to experience serious deprivation of food, shelter, clothing, or other necessities, as a result of the expense of purchasing health coverage under a QHP; or (3) prevented that person from obtaining coverage under a QHP (45 CFR § 155.605(a), (g)).

NYSOH has deferred to the U.S. Department of Health and Human Services (HHS) on the matter of hardship exemptions (see 45 CFR § 155.505(c)).

## **Legal Analysis**

The first issue under review is whether NYSOH properly determined that you were eligible for an APTC of up to \$240.63 per month.

The application that was submitted on November 12, 2016 listed an annual household income of \$30,650.00 and the renewal notice relied upon that information.

You are in a one-person household. You expect to file your 2017 income taxes as single and will claim no dependents on that tax return.

You reside in Kings County, where the second lowest cost silver plan available for an individual through NYSOH costs \$456.46 per month.

An annual income of \$30,650.00 is 258.00% of the 2016 FPL for a one-person household. At 258.00% of the FPL, the expected contribution to the cost of the health insurance premium in 2017 is 8.45% of income, or \$215.83 per month.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

The maximum amount of APTC that can be approved equals the cost of the second lowest cost silver plan available through NYSOH for an individual in your county (\$456.46 per month) minus your expected contribution (\$215.83 per month), which equals \$240.63 per month. Therefore, NYSOH correctly determined you to be eligible for up to \$240.63 per month in APTC.

The second issue under review is whether you were properly found ineligible for cost-sharing reductions.

Cost-sharing reductions are available to a person who has a household income no greater than 250% of the FPL. Since a household income of \$30,650.00 is 258.00% of the applicable FPL, NYSOH correctly found you to be ineligible for cost sharing reductions.

The third issue under review is whether NYSOH properly determined that you were ineligible for the Essential Plan.

The Essential Plan is provided through NYSOH to individuals who meet the non-financial requirements and have a household modified adjusted gross income that is between 138% and 200% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$11,880.00 for a one-person household. Since an annual household income of \$30,650.00 is 258.00% of the 2016 FPL, NYSOH properly found you to be ineligible for the Essential Plan.

The fourth issue under review is whether NYSOH properly determined that you were ineligible for Medicaid.

Medicaid can be provided through NYSOH to adults between the ages of 19 and 65 who meet the non-financial requirements and have a household modified adjusted gross income that is at or below 138% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$11,880.00 for a one-person household. Since \$30,650.00 is 258.00% of the 2016 FPL, NYSOH properly found you to be ineligible for Medicaid on an expected annual income basis, using the information provided from state and federal sources.

Since the eligibility determination contained in the November 13, 2016 renewal notice properly stated that, based on the information provided in the November 12, 2016 application, you were eligible for up to \$240.63 per month in APTC, ineligible for cost-sharing reductions, ineligible for the Essential Plan and ineligible for Medicaid, it is correct and is AFFIRMED.

You testified that your health insurance premium amount went up for January 2017 and you could not afford the new monthly premium amount. On November 13, 2016, NYOSH issued a renewal notice stating that it was time to renew your health insurance. It further stated that you were eligible for up to \$240.63 per month in APTC, effective January 1, 2017, and could confirm or change the

amount of APTC applied to your monthly cost of coverage by logging into your online account and updating your tax credit after November 15, 2016.

There is no indication in the record that you logged onto your NYOSH account, or called NYOSH to update the amount of APTC that was applied to your monthly premium. As a result, NYOSH continued to apply the APTC amount previously applied to your monthly premium in the amount of \$152.00. You testified that you cancelled your coverage through your bronze-level qualified health plan because you could not afford it. Therefore, you did not have any health insurance coverage through NYSOH after February 28, 2017.

People who use the APTC to help pay health insurance premiums must file a federal tax return and reconcile their expected income (stated on NYSOH application) with their actual income (stated on their federal income tax return).

Since you did not elect to receive the full APTC amount for January 2017 and February 2017, depending on your actual annual income for 2017, you may be entitled to an income tax refund or have your tax bill reduced, if you were enrolled in and paid your monthly premium to your qualified health plan for those months. Therefore, the amount of APTC to which you were entitled those months can be reconciled when you file your 2017 federal income tax return.

You testified that you cannot afford to pay for health insurance even with subsidies, which may qualify you for an exemption. If you wish to be considered for a hardship exemption, which would exempt you from paying a penalty for not having health insurance during 2017, you can check the Federal Marketplace website ([www.healthcare.gov](http://www.healthcare.gov)) for direction.
