NY State of Health Account ID: [REDACTED]
Appeal Identification Number: AP000000015670

Issues

The issues presented for review by the Appeals Unit of NY State of Health are:

Did NY State of Health properly determine you were eligible to receive up to \$163.00 per month in advance payments of the premium tax credit, effective March 1, 2017?

Did NY State of Health properly determine you were not eligible for cost-sharing reductions?

Did NY State of Health properly determine you were not eligible for the Essential Plan?

Did NY State of Health properly determine you were not eligible for Medicaid?

Procedural History

On February 8, 2017, you updated your application for financial assistance. That day, a preliminary eligibility determination was prepared finding you eligible to receive up to \$163.00 in advance payments of the premium tax credit (APTC), effective March 1, 2017.

Also on February 8, 2017, you spoke to NYSOH's Account Review Unit and appealed insofar as you were not eligible for an increased level of financial assistance.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

On February 9, 2017, NYSOH issued a notice of eligibility determination, based on the February 8, 2017 application, stating you were eligible to receive up to \$163.00 in APTC. The notice further stated you were not eligible for cost-sharing reductions, Medicaid, or the Essential Plan, because your income was over the allowable income limits for those programs.

On June 5, 2017, you had a telephone hearing with a Hearing Officer from NYSOH's Appeals Unit. The record was developed during the hearing and closed at the end of the hearing.

Findings of Fact

A review of the record supports the following findings of fact:

- 1) An updated application was submitted on your behalf on October 3, 2016. That application listed your annual expected income as \$18,200.00 consisting of earnings from a job in the amount of \$700.00 biweekly.
- 2) Based on the information in that application you were determined conditionally eligible for the Essential Plan, effective November 1, 2016, pending receipt of documentation confirming income by January 1, 2017.
- 3) You enrolled in an Essential Plan, effective November 1, 2016.
- 4) You did not timely submit proof of your income and you were disenrolled from the Essential Plan, effective January 31, 2017.
- 5) You testified, and your account confirms, that you contacted NYSOH on February 8, 2017 and an updated application was submitted on your behalf that day.
- 6) The application listed your annual expected income as \$36,400.00 consisting of earnings from a job in the amount of \$700.00 weekly.
- 7) You testified the income information listed in the February 8, 2017 application was accurate. You testified you earn \$700.00 in gross income from your job each week. You testified you are paid weekly and your paycheck is always the same.
- 8) You testified you received \$700.00 in gross income weekly in the month of February 2017.
- 9) You testified you are not sure why the October 3, 2016 application indicated you were paid biweekly. You testified this must have been a mistake.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

- 10) You testified, and your application indicates, you will file your 2017 tax return with a tax filing status of single and you will claim no dependents on that tax return.
- 11) You testified, and your application indicates, you will not be taking any deductions on your 2017 tax return.
- 12) Your application indicates you live in New York County.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

Applicable Law and Regulations

Advance Payments of Premium Tax Credit

Advance payments of the premium tax credit (APTC) are generally available to a person who is eligible to enroll in a qualified health plan (QHP) and (1) expects to have a household income between 138% and 400% of the applicable federal poverty level (FPL), (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a QHP, and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals:

- 1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through NY State of Health in the county where the taxpayer resides

minus

- 2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

The taxpayer's expected contribution amount is the amount that the taxpayer is expected to spend on health insurance premiums. The expected contribution for 2017 is set by federal law at 2.04% to 9.69% of household income (26 USC § 36B(b)(3)(A), 26 CFR § 1.36B-3T(g)(1), IRS Rev. Proc.2016-24).

In an analysis of APTC eligibility, the determination is based on the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested (45 CFR §§ 155.300(a), 155.305(f)(1)(i)). On the date of your

application, that was the 2016 FPL, which is \$11,880.00 for a one-person household (81 Federal Register 4036).

For annual household income in the range of at least 300% but less than 400% of the 2016 FPL, the expected contribution is 9.69% of the household income (26 CFR § 1.36B-3T(g)(1), 45 CFR § 155.300(a), IRS Rev. Proc. 2016-24).

People who use the APTC to help pay health insurance premiums must file a federal tax return and reconcile their expected income (stated on NYSOH application) with their actual income (stated on their federal income tax return). Those who take less tax credit in advance than they claim on the tax return may get the rest of it as an income tax refund or have their tax bill reduced. Those who take more tax credit in advance than they can claim on their tax return will owe the difference as additional income taxes (26 CFR § 1.36B-4).

Cost-Sharing Reductions

Cost-sharing reductions (CSR) are available to a person who (1) is eligible to enroll in a QHP through NYSOH, (2) meets the requirements to receive APTC, (3) is expected to have an annual household income that does not exceed 250% of the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested, and (4) is enrolled in a silver-level QHP (45 CFR § 155.300(a), 45 CFR § 155.305(g)(1)).

Essential Plan

NYSOH must generally determine an applicant eligible for the Essential Plan, a basic health plan, if the person is (1) a resident of New York State, (2) expects to have a household income between 138% and 200% of the applicable federal poverty level (FPL) or, in the case of an individual who is a lawfully present non-citizen who is ineligible for Medicaid or Child Health Plus as a result of their immigration status, has a household income that is between 0% and 200% of the FPL, (3) is not otherwise eligible for minimum essential coverage except through the individual market, (4) is 64 years old or younger, (5) is a citizen or a lawfully present non-citizen, and (6) is not incarcerated (see 42 CFR § 600.305, 42 CFR § 435.603(d)(4), 45 CFR § 155.305(e), NY Social Services Law § 369-gg(3), 42 USC § 18051).

In an analysis of Essential Plan eligibility, the determination is based on the FPL in effect on the first day of the benefit year for which coverage is requested (45 CFR § 155.300(a)). On the date of your application, that was the 2016 FPL, which is \$11,880.00 for a one-person household (81 Fed. Reg. 4036). The Essential Plan is considered minimum essential coverage therefore, a person who is eligible for the Essential Plan is not eligible for any premium tax credit because they are eligible for minimum essential coverage through the individual market (see 26 CFR § 1.36B-2(c)(1), 26 USC § 5000A(f)(1)(C)).

Medicaid

Medicaid can be provided through NYSOH to adults who: (1) are age 19 or older and under age 65, (2) are not pregnant, (3) are not entitled to or enrolled for Medicare benefits under part A or B of title XVIII of the Act, (4) are not otherwise eligible for and enrolled for mandatory coverage under a State's Medicaid State plan in accordance with subpart B of this part, and (5) have a household modified adjusted gross income (MAGI) that is at or below 138% of the FPL for the applicable family size (42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)), NY Social Services Law § 366(1)(b)).

In an analysis of Medicaid eligibility, the determination is based on the FPL “for the applicable budget period used to determine an individual's eligibility” (42 CFR § 435.4). On the date of your application, that was the 2017 FPL, which is \$12,060.00 for a one-person household (82 Fed. Reg. 8831).

Financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size (42 CFR § 435.603(h)(1); State Plan Amendment (SPA) 13-0055-MM3, as approved March 19, 2014).

Legal Analysis

The first issue is whether NYSOH properly determined you were eligible to receive up to \$163.00 per month in APTC, effective March 1, 2017.

The application submitted on February 8, 2017 listed an annual household income of \$36,400.00. You testified this income amount was accurate and the eligibility determination relied upon that information.

The evidence establishes you are in a one-person household. You expect to file your 2017 income taxes with a tax filing status of single and you will claim no dependents on that tax return.

You reside in New York County, where the second lowest cost silver plan available for an individual through NYSOH costs \$456.46 per month.

An annual income of \$36,400.00 is 306.40% of the 2016 FPL for a one-person household. At 306.40% of the FPL, the expected contribution to the cost of the health insurance premium is 9.69% of income, or \$293.93 per month.

The maximum amount of APTC that can be approved equals the cost of the second lowest cost silver plan available through NYSOH for an individual in your county (\$456.46 per month) minus your expected contribution (\$293.93 per month), which equals \$162.53 per month. Therefore, rounding to the nearest

dollar, NYSOH correctly determined you eligible for up to \$163.00 per month in APTC.

The second issue is whether you were properly found ineligible for cost-sharing reductions. Cost-sharing reductions are available to a person who has a household income no greater than 250% of the FPL. Since a household income of \$36,400.00 is 306.40% of the applicable FPL, NYSOH correctly found you to be ineligible for cost sharing reductions.

The third issue under review is whether NYSOH properly determined you were ineligible for the Essential Plan as of February 9, 2017.

The Essential Plan is provided through NYSOH to individuals who meet the non-financial requirements and have a household modified adjusted gross income that is between 138% and 200% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$11,880.00 for a one-person household. Since an annual household income of \$36,400.00 is 306.40% of the 2016 FPL, NYSOH properly found you ineligible for the Essential Plan.

The fourth issue under review is whether NYSOH properly determined you were ineligible for Medicaid.

Medicaid can be provided through NYSOH to adults between the ages of 19 and 65 who meet the non-financial requirements and have a household modified adjusted gross income that is at or below 138% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$12,060.00 for a one-person household. Since \$36,400.00 is 301.82% of the 2017 FPL, NYSOH properly found you to be ineligible for Medicaid on an expected annual income basis, using the information provided in your application.

However, financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size.

You testified, and your application indicates, you receive \$700 in gross income weekly. You testified this was accurate of your income in the month of February 2017. Accordingly, based on the evidence, you received \$700 in gross income in each of the four weeks in February 2017, or \$2,800.00 in gross income for the month.

To be eligible for Medicaid, you would need to meet the non-financial criteria and have an income no greater than 138% of the FPL, which is \$990.00 per month. Since the evidence establishes you earned \$2,800.00 in February 2017 you do not qualify for Medicaid based on monthly income as of the date of your application.

Since the February 9, 2017 eligibility determination properly stated that, based on the information you provided, you were eligible for up to \$163.00 per month in APTC, ineligible for cost-sharing reductions, ineligible for the Essential Plan and ineligible for Medicaid, it is correct and is AFFIRMED.
