Decision

Decision Date: May 15, 2017

NY State of Health Account ID: [REDACTED]
Appeal Identification Number: AP000000015699

Issues

The issues presented for review by the Appeals Unit of NY State of Health are:

Did NY State of Health (NYSOH) properly determine that you were eligible to receive up to \$266.00 per month in advance payments of the premium tax credit (APTC), as of February 10, 2017?

Did NYSOH properly determine that you were eligible for cost-sharing reductions (CSR), as of February 10, 2017?

Procedural History

On February 9, 2017, you submitted an application for financial assistance through NYSOH. That same day, NYSOH rendered a preliminary eligibility determination finding you eligible for up to \$266.00 monthly of APTC and eligible for CSR, effective March 1, 2017.

Also on February 9, 2017, you spoke with NYSOH's Account Review Unit and requested an appeal insofar as you were seeking more financial assistance than you were determined eligible to receive.

On February 10, 2017, NYSOH issued an eligibility determination notice stating that you were eligible to receive up to \$266.00 monthly of APTC and eligible for CSR, effective as of March 1, 2017.

On May 9, 2017, you had a telephone hearing with a Hearing Officer from NYSOH's Appeals Unit. Testimony was taken during the hearing, and the record was closed at the end of the proceeding.

Findings of Fact

A review of the record supports the following findings of fact:

- 1) According to your NYSOH account and testimony, you are applying for health insurance for yourself.
- 2) According to your NYSOH account and testimony, you expect to file your 2017 federal income tax return with the tax status of single and do not expect to claim any dependents on that tax return.
- 3) According to your NYSOH account and testimony, you expect to your 2017 income to be \$28,800.00.
- 4) According to your NYSOH account, you reside in Bronx County, New York.
- 5) You testified that you have monthly bills including rent, cable, and car insurance payments, and you are unable to afford the health insurance premiums even with subsidies.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

Applicable Law and Regulations

Modified Adjusted Gross Income

NYSOH bases its eligibility determinations on modified adjusted gross income as defined in the federal tax code (45 CFR § 155.300(a)). The term "modified adjusted gross income" means adjusted gross income increased by (1) any income that was excluded under 26 USC § 911 for United States citizens or residents living abroad, (2) tax-exempt interest received or accrued, and (3) Social Security benefits that were excluded from gross income under 26 USC § 86 (see 26 USC § 36B(d)(2)(B), 26 CFR § 1.36B-1(e)(2)).

"Adjusted gross income" means, in the case of an individual taxpayer, gross federal taxable income minus certain specific deductions, such as expenses reimbursed by an employer, losses from sale or exchange of property, losses

from premature withdrawal of funds from time savings accounts, deductions attributable to royalties, and certain retirement savings (26 USC § 62(a)). Living expenses, such as rent, cable and car payments, are not an allowable deduction in computing adjusted gross income

Household Composition

For purposes of advance premium tax credit (APTC) and cost-sharing reductions (CSR), the household size equals the number of individuals for whom the taxpayer is allowed a deduction under 26 USC § 151 for the taxable year, which typically includes: (1) the taxpayer, (2) his or her spouse, and (3) any claimed dependents (26 USC § 36B(d)(1)).

Advance Payments of Premium Tax Credit

Advance payments of the premium tax credit (APTC) are generally available to a person who is eligible to enroll in a qualified health plan (QHP) and (1) expects to have a household income between 138% and 400% of the applicable federal poverty level (FPL), (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a QHP, and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals:

- 1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through NY State of Health in the county where the taxpayer resides

minus

- 2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

The taxpayer's expected contribution amount is the amount that the taxpayer is expected to spend on health insurance premiums. The expected contribution for 2017 is set by federal law at 2.04% to 9.69% of household income (26 USC § 36B(b)(3)(A), 26 CFR § 1.36B-3T(g)(1), IRS Rev. Proc.2016-24).

In an analysis of APTC eligibility, the determination is based on the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested (45 CFR §§ 155.300(a), 155.305(f)(1)(i)). On the date of your application, that was the 2016 FPL, which is \$11,880.00 for a one-person household (81 Fed. Reg. 4036).

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

For annual household income in the range of at least 200% but less than 250% of the 2016 FPL, the expected contribution in 2017 is between 6.43% and 8.21% of the household income (26 CFR § 1.36B-3T(g)(1), 45 CFR § 155.300(a), IRS Rev. Proc. 2016-24).

People who use the APTC to help pay health insurance premiums must file a federal tax return and reconcile their expected income (stated on NYSOH application) with their actual income (stated on their federal income tax return). Those who take less tax credit in advance than they claim on the tax return may get the rest of it as an income tax refund or have their tax bill reduced. Those who take more tax credit in advance than they can claim on their tax return will owe the difference as additional income taxes (26 CFR § 1.36B-4).

Cost-Sharing Reductions

Cost-sharing reductions (CSR) are available to a person who (1) is eligible to enroll in a QHP through NYSOH, (2) meets the requirements to receive APTC, (3) is expected to have an annual household income that does not exceed 250% of the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested, and (4) is enrolled in a silver-level QHP (45 CFR § 155.300(a), 45 CFR § 155.305(g)(1)).

Affordability Exemption

Under some circumstances, a person may receive an exemption from paying a penalty for not purchasing health insurance coverage. Such an exemption may be granted if that person can show that he or she experienced a financial hardship or has domestic circumstances that (1) caused an unexpected increase in essential expenses that prevented that person from obtaining health coverage under a QHP; (2) would have caused the person to experience serious deprivation of food, shelter, clothing, or other necessities, as a result of the expense of purchasing health coverage under a QHP; or (3) prevented that person from obtaining coverage under a QHP (45 CFR § 155.605(a), (g)).

NY State of Health has deferred to the U.S. Department of Health and Human Services (HHS) on the matter of hardship exemptions (see 45 CFR § 155.505(c)).

Legal Analysis

The first issue under review is whether NYSOH properly determined that you were eligible for an APTC of up to \$266.00 per month.

The application that was submitted on February 9, 2017 listed an annual household income of \$28,800.00 and the eligibility determination relied upon that information.

You testified that you have bills including rent, cable, and car insurance payments, and you are unable to afford the health insurance premiums. Living expenses, such as rent, utilities, and car payments, are not an allowable deduction in computing adjusted gross income.

When calculating family size for APTC and CSR, a household size consists of the taxpayer, his or her spouse, and any claimed dependents. You testified that you are expect to file your tax return with the tax status of single and do not expect to claim any dependents on your tax return. Therefore, you are in a one-person household for purposes of this analysis.

You reside in Bronx County, where the second lowest cost silver plan available for an individual through NYSOH costs \$456.46 per month.

An annual income of \$28,800.00 is 242.42% of the 2016 FPL for a one-person household. At 242.42% of the FPL, the expected contribution to the cost of the health insurance premium in 2017 is 7.94% of income, or \$190.56 per month.

The maximum amount of APTC that can be approved equals the cost of the second lowest cost silver plan available through NYSOH for an individual in your county (\$456.46 per month) minus your expected contribution (\$190.56 per month), which equals \$265.90 per month. Therefore, rounding to the nearest dollar, NYSOH correctly determined you to be eligible for up to \$266.00 per month in APTC.

The second issue under review is whether you were properly found eligible for CSR. Cost-sharing reductions are available to a person who has a household income no greater than 250% of the FPL. Since a household income of \$28,800.00 is 242.42% of the applicable FPL, NYSOH correctly found you to be eligible for CSR.

Therefore, the February 10, 2017 eligibility determination notice correctly determined you to be eligible for up to \$266.00 of APTC and eligible for CSR, and is AFFIRMED.

You testified that you cannot afford to pay for health insurance even with subsidies because of your monthly living expenses, which may qualify you for a hardship exemption. If you wish to be considered for an exemption from paying an IRS Penalty for not having health insurance coverage in 2017, you can access information on the IRS website at www.irs.gov.
