Decision

Decision Date: July 14, 2017

NY State of Health Account ID: [REDACTED]
Appeal Identification Number: AP000000015764

[REDACTED]

Issues

The issues presented for review by the Appeals Unit of NY State of Health are:

Did NY State of Health (NYSOH) properly determine that you, your spouse, and your two youngest children were eligible to receive up to \$914.00 per month in advance payments of the premium tax credit (APTC), effective March 1, 2017?

Did NYSOH properly determine that you, your spouse, and your two youngest children were eligible for cost-sharing reductions?

Procedural History

On February 11, 2017, you updated your application for financial assistance. That day, a preliminary eligibility determination was prepared stating that that you, your spouse, and your two youngest children were eligible to receive up to \$914.00 in APTC and eligible to receive cost-sharing reductions if you enrolled in a silver level qualified health plan, effective March 1, 2017.

Also on February 11, 2017, you spoke to NYSOH's Account Review Unit and appealed the amount of APTC your household was eligible to receive.

On February 12, 2017, NYSOH issued a notice of eligibility determination, based on the February 11, 2017 application, stating that you, your spouse, and your two youngest were eligible to receive up to \$914.00 in APTC and eligible to receive cost-sharing reductions if you enrolled in a silver level qualified health plan, effective March 1, 2017.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

On June 12, 2017, you had a telephone hearing with a Hearing Officer from NYSOH's Appeals Unit. The record was developed during the hearing and held open up to June 27, 2017, to allow you to submit supporting documents.

On June 20, 2017, NYSOH's Appeals Unit received a 34-page fax containing a copy of your 2016 income tax return and a copy of your NYSOH application. The fax was incorporated into the record as Appellant's Exhibit [REDACTED]. The record is now closed.

Findings of Fact

A review of the record supports the following findings of fact:

- 1) You testified that you expect to file your 2017 taxes with a tax filing status of married filing jointly. You will two dependents on that tax return.
- 2) You are seeking a greater amount of financial assistance to apply towards your, your spouse's and your two youngest children's insurance premium.
- 3) The application that was submitted on February 11, 2017 listed annual household income of \$58,680.00, consisting of \$43,680.00 you earn from your employment and \$15,000.00 your spouse receives in income.
- 4) You testified that the amount listed on your February 11, 2017 application is incorrect insofar as the amount attributed to you, \$43,680.00, consists of income from both you and your spouse.
- 5) You testified that you received \$35,000.00 in income from your employment and your spouse receives \$15,000.00 in self-employment income.
- 6) You testified that your household's expected annual income for 2017 will be similar to the income the household received in 2016.
- 7) You submitted a copy of your 2016 income tax return. That tax return states that in 2016 your household received \$46,764.00 in wages, salaries, and tips as well as \$15,212.00 in business profit.
- 8) Your 2016 income tax return indicates that after deductions, your household had an adjusted gross income of \$61,242.00.
- 9) Your application states that you live in [REDACTED]

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

Applicable Law and Regulations

Advance Payments of Premium Tax Credit

Advance payments of the premium tax credit (APTC) are generally available to a person who is eligible to enroll in a qualified health plan (QHP) and (1) expects to have a household income between 138% and 400% of the applicable federal poverty level (FPL), (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a QHP, and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals:

- 1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through NY State of Health in the county where the taxpayer resides

minus

- 2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

The taxpayer's expected contribution amount is the amount that the taxpayer is expected to spend on health insurance premiums. The expected contribution for 2017 is set by federal law at 2.04% to 9.69% of household income (26 USC § 36B(b)(3)(A), 26 CFR § 1.36B-3T(g)(1), IRS Rev. Proc.2016-24).

In an analysis of APTC eligibility, the determination is based on the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested (45 CFR §§ 155.300(a), 155.305(f)(1)(i)). On the date of your application, that was the 2016 FPL, which is \$ 24,300.00 for a four-person household (81 Federal Register 4036).

For annual household income in the range of at least 200% but less than 250% of the 2016 FPL, the expected contribution is between 6.43% and 8.21% of the household income (26 CFR § 1.36B-3T(g)(1), 45 CFR § 155.300(a), IRS Rev. Proc. 2016-24).

People who use the APTC to help pay health insurance premiums must file a federal tax return and reconcile their expected income (stated on NYSOH application) with their actual income (stated on their federal income tax return). Those who take less tax credit in advance than they claim on the tax return may get the rest of it as an income tax refund or have their tax bill reduced. Those who take more tax credit in advance than they can claim on their tax return will owe the difference as additional income taxes (26 CFR § 1.36B-4).

Cost-Sharing Reductions

Cost-sharing reductions (CSR) are available to a person who (1) is eligible to enroll in a QHP through NYSOH, (2) meets the requirements to receive APTC, (3) is expected to have an annual household income that does not exceed 250% of the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested, and (4) is enrolled in a silver-level QHP (45 CFR § 155.300(a), 45 CFR § 155.305(g)(1)).

Modified Adjusted Gross Income

NYSOH bases its eligibility determinations on modified adjusted gross income as defined in the federal tax code (45 CFR § 155.300(a)). The term “modified adjusted gross income” means adjusted gross income increased by (1) any income that was excluded under 26 USC § 911 for United States citizens or residents living abroad, (2) tax-exempt interest received or accrued, and (3) Social Security benefits that were excluded from gross income under 26 USC § 86 (see 26 USC § 36B(d)(2)(B), 26 CFR § 1.36B-1(e)(2)).

“Adjusted gross income” means, in the case of an individual taxpayer, gross federal taxable income minus certain specific deductions, such as expenses reimbursed by an employer, losses from sale or exchange of property, losses from premature withdrawal of funds from time savings accounts, deductions attributable to royalties, and certain retirement savings (26 USC § 62(a)). Living expenses, such as rent and utilities are not an allowable deduction in computing adjusted gross income.

Legal Analysis

The first issue is whether NYSOH properly determined that you, your spouse, and your two youngest children were eligible to receive up to \$914.00 per month APTC effective March 1, 2017.

The application that was submitted on February 11, 2017 listed annual household income of \$58,680.00, consisting of \$43,680.00 you earn from your employment and \$15,000.00 your spouse receives in income. You testified that

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

the amount listed on your February 11, 2017 application is incorrect insofar as the amount attributed to you, \$43,680.00, consists of income from both you and your spouse. You testified that your household's expected annual income for 2017 will be similar to the income the household received in 2016. You submitted a copy of your 2016 income tax return. That tax return states that in 2016 your household received \$46,764.00 in wages, salaries, and tips as well as \$15,212.00 in business income. Your 2016 income tax return indicates that after deductions, your household had an adjusted gross income of \$61,242.00.

Therefore, the record does not contain sufficient supporting documentation to disturb the annual household income of \$58,680.00 listed on your February 11, 2017 application.

You, your spouse, and your two youngest children are in a four-person household. You expect to file your 2017 income taxes as married filing jointly and will claim your two youngest children as dependents on that tax return.

You reside in [REDACTED] where the second lowest cost silver plan available for a couple and two dependents through NYSOH costs \$1,300.90 per month.

An annual income of \$58,680.00 is 241.48% of the 2016 FPL for a four-person household. At 241.48% of the FPL, the expected contribution to the cost of the health insurance premium is 7.91% of income, or \$386.80 per month.

The maximum amount of APTC that can be approved equals the cost of the second lowest cost silver plan available through NYSOH for a couple with two dependents in your county (\$1,300.90 per month) minus your expected contribution (\$386.80 per month), which equals \$914.10 per month. Therefore, rounding to the nearest dollar, NYSOH correctly determined you, your spouse, and your two youngest children to be eligible for up to \$914.00 per month in APTC.

The second issue is whether that you, your spouse, and your two youngest children were eligible for cost-sharing reductions. Cost-sharing reductions are available to a person who has a household income no greater than 250% of the FPL. Since a household income of \$58,680.00 is 241.48% of the applicable FPL, NYSOH correctly found you, your spouse, and your two youngest children to be eligible for cost sharing reductions.

Since the February 12, 2017 eligibility determination properly stated that, based on the information you provided, you, your spouse, and your two youngest children were eligible for up to \$914.00 per month in APTC, and eligible for cost-sharing reductions, it is correct and is AFFIRMED.

Decision

The February 12, 2017 eligibility determination notice is AFFIRMED.

Effective Date of this Decision: July 14, 2017

How this Decision Affects Your Eligibility
