## Decision

Decision Date: June 30, 2017

NY State of Health Account ID [REDACTED]  
Appeal Identification Number: AP000000016023

[REDACTED]

## Issues

The issues presented for review by the Appeals Unit of NY State of Health are:

Did NY State of Health (NYSOH) properly determine that you were eligible to receive up to \$276.00 per month in advance payments of the premium tax credit (APTC), effective April 1, 2017?

Did NYSOH properly determine that you were eligible for cost-sharing reductions?

Did NYSOH properly determine that you were not eligible for the Essential Plan?

## Procedural History

On February 21, 2017, you updated your application for financial assistance. That day, a preliminary eligibility determination was prepared stating that you were eligible to receive up to \$276.00 in APTC and eligible to receive cost-sharing reductions, effective April 1, 2017.

Also on February 21, 2017, you spoke to NYSOH's Account Review Unit and appealed your eligibility insofar as you were seeking to be determined eligible for the Essential Plan.

On February 22, 2017, NYSOH issued a notice of eligibility determination, based on the February 21, 2017 application, stating that you were eligible to receive up to \$276.00 in APTC and eligible to receive cost-sharing reductions, effective April 1, 2017. That notice also stated that you were not eligible for Medicaid or the

Essential Plan because your income was over the allowable income limits for those programs.

On May 24, 2017, you had a telephone hearing with a Hearing Officer from NYSOH's Appeals Unit. The record was developed during the hearing and closed at the end of the hearing.

## **Findings of Fact**

A review of the record supports the following findings of fact:

- 1) You testified that you expect to file your 2017 taxes with a tax filing status of married filing jointly. You will claim no dependents on that tax return.
- 2) You are seeking insurance for yourself.
- 3) The application that was submitted on February 21, 2017 listed annual household income of \$34,906.46, consisting of \$16,464.50 you earn from your employment and \$18,441.96 your spouse receives in Social Security disability benefits. You testified that these amounts were correct.
- 4) You testified that the monthly household income listed in your February 21, 2017 application was the same as your current monthly household income.
- 5) Your application states that you will not be taking any deductions on your 2017 tax return.
- 6) You testified that you did not believe that your spouse's social security benefits should be included in your household income for purposes of your eligibility determination because they were not considered as income on your tax return.
- 7) Your application states that you live in St. Lawrence County.
- 8) You testified that you are seeking to have your eligibility redetermined insofar as you would like to be found eligible for the Essential Plan.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

## Applicable Law and Regulations

### Advance Payments of Premium Tax Credit

Advance payments of the premium tax credit (APTC) are generally available to a person who is eligible to enroll in a qualified health plan (QHP) and (1) expects to have a household income between 138% and 400% of the applicable federal poverty level (FPL), (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a QHP, and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals:

- 1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through NY State of Health in the county where the taxpayer resides

*minus*

- 2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

The taxpayer's expected contribution amount is the amount that the taxpayer is expected to spend on health insurance premiums. The expected contribution for 2017 is set by federal law at 2.04% to 9.69% of household income (26 USC § 36B(b)(3)(A), 26 CFR § 1.36B-3T(g)(1), IRS Rev. Proc.2016-24).

In an analysis of APTC eligibility, the determination is based on the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested (45 CFR §§ 155.300(a), 155.305(f)(1)(i)). On the date of your application, that was the 2016 FPL, which is \$16,020.00 for a two-person household (81 Federal Register 4036).

For annual household income in the range of at least 200% but less than 250% of the 2016 FPL, the expected contribution is between 6.41% and 8.18% of the household income (26 CFR § 1.36B-3T(g)(1), 45 CFR § 155.300(a), IRS Rev. Proc. 2016-24).

People who use the APTC to help pay health insurance premiums must file a federal tax return and reconcile their expected income (stated on NYSOH application) with their actual income (stated on their federal income tax return). Those who take less tax credit in advance than they claim on the tax return may get the rest of it as an income tax refund or have their tax bill reduced. Those

who take more tax credit in advance than they can claim on their tax return will owe the difference as additional income taxes (26 CFR § 1.36B-4).

### Cost-Sharing Reductions

Cost-sharing reductions (CSR) are available to a person who (1) is eligible to enroll in a QHP through NYSOH, (2) meets the requirements to receive APTC, (3) is expected to have an annual household income that does not exceed 250% of the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested, and (4) is enrolled in a silver-level QHP (45 CFR § 155.300(a), 45 CFR § 155.305(g)(1)).

### Essential Plan

NYSOH must generally determine an applicant eligible for the Essential Plan, a basic health plan, if the person is (1) a resident of New York State, (2) expects to have a household income between 138% and 200% of the applicable federal poverty level (FPL) or, in the case of an individual who is a lawfully present non-citizen who is ineligible for Medicaid or Child Health Plus as a result of their immigration status, has a household income that is between 0% and 200% of the FPL, (3) is not otherwise eligible for minimum essential coverage except through the individual market, (4) is 64 years old or younger, (5) is a citizen or a lawfully present non-citizen, and (6) is not incarcerated (see 42 CFR § 600.305, 42 CFR § 435.603(d)(4), 45 CFR § 155.305(e), NY Social Services Law § 369-gg(3), 42 USC § 18051).

In an analysis of Essential Plan eligibility, the determination is based on the FPL in effect on the first day of the benefit year for which coverage is requested (45 CFR § 155.300(a)). On the date of your application, that was the 2016 FPL, which is \$16,020.00 for a two-person household (81 Fed. Reg. 4036.).

A person who has a household income that is at or below 150% of the FPL has a \$0.00 premium contribution (New York's Basic Health Plan Blueprint, p. 21, as approved January 2016; see <https://www.medicaid.gov/basic-health-program/basic-health-program.html>).

A person who has a household income greater than 150% of the FPL or below 200% of the FPL has a \$20.00 per month premium contribution (New York's Basic Health Plan Blueprint, as approved January 2016).

The Essential Plan is considered minimum essential coverage therefore, a person who is eligible for the Essential Plan is not eligible for any premium tax credit because they are eligible for minimum essential coverage through the individual market (see 26 CFR § 1.36B-2(c)(1), 26 USC § 5000A(f)(1)(C)).

## Modified Adjusted Gross Income

NYSOH bases its eligibility determinations on modified adjusted gross income as defined in the federal tax code (45 CFR § 155.300(a)). The term “modified adjusted gross income” means adjusted gross income increased by (1) any income that was excluded under 26 USC § 911 for United States citizens or residents living abroad, (2) tax-exempt interest received or accrued, and (3) Social Security benefits that were excluded from gross income under 26 USC § 86 (see 26 USC § 36B(d)(2)(B), 26 CFR § 1.36B-1(e)(2)).

“Adjusted gross income” means, in the case of an individual taxpayer, gross federal taxable income minus certain specific deductions, such as expenses reimbursed by an employer, losses from sale or exchange of property, losses from premature withdrawal of funds from time savings accounts, deductions attributable to royalties, and certain retirement savings (26 USC § 62(a)). Living expenses, such as rent and utilities are not an allowable deduction in computing adjusted gross income.

## **Legal Analysis**

The first issue is whether NYSOH properly determined that you were eligible for an APTC of up to \$276.00 per month.

The application that was submitted on February 21, 2017 listed an annual household income of \$34,906.46 and the eligibility determination relied upon that information.

You are in a two-person household. You expect to file your 2017 income taxes as married filing jointly and will claim no dependents on that tax return.

You reside in St. Lawrence County, where the second lowest cost silver plan available for an individual through NYSOH costs \$481.04 per month.

An annual income of \$34,906.46 is 217.89% of the 2016 FPL for a two-person household. At 217.89% of the FPL, the expected contribution to the cost of the health insurance premium is 7.04% of income, or \$204.78 per month.

The maximum amount of APTC that can be approved equals the cost of the second lowest cost silver plan available through NYSOH for an individual in your county (\$481.04 per month) minus your expected contribution (\$204.78 per month), which equals \$276.26 per month. Therefore, rounding to the nearest dollar, NYSOH correctly determined you to be eligible for up to \$276.00 per month in APTC.

The second issue is whether you were properly found eligible for cost-sharing reductions. Cost-sharing reductions are available to a person who has a household income no greater than 250% of the FPL. Since a household income of \$34,906.46 is 217.89% of the applicable FPL, NYSOH correctly found you to be eligible for cost sharing reductions.

The third issue under review is whether NYSOH properly determined that you were not eligible for the Essential Plan, effective April 1, 2017.

The Essential Plan is provided through NYSOH to individuals who meet the non-financial requirements and have a household modified adjusted gross income that is between 138% and 200% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$16,020.00 for a two-person household. Since an annual household income of \$34,906.46 is 217.89% of the 2016 FPL, NYSOH properly found you to be ineligible for the Essential Plan.

You testified that you did not believe that your spouse's Social Security benefits should be included in your household income for purposes of your eligibility determination because it was not considered as income in your tax return. NYSOH bases its eligibility determinations on modified adjusted gross income as defined in the federal tax code. The term "modified adjusted gross income" means adjusted gross income increased by Social Security benefits that were excluded from gross income. Therefore, your spouse's Social Security income was correctly considered by NYSOH in the determination of your household income.

Since the February 22, 2017 eligibility determination properly stated that, based on the information you provided, you were eligible for up to \$276.00 per month in APTC, eligible for cost-sharing reductions and ineligible for the Essential Plan, it is correct and is AFFIRMED.

## **Decision**
