Decision

Decision Date: June 5, 2017

NY State of Health Account ID: [REDACTED]
Appeal Identification Number: AP000000016075

Issues

The issues presented for review by the Appeals Unit of NY State of Health are:

Did NY State of Health (NYSOH) properly determine that you were eligible to receive \$0.00 per month in advance payments of the premium tax credit, effective April 1, 2017?

Did NYSOH properly determine that you were ineligible for cost-sharing reductions?

Did NYSOH properly determine that you were ineligible for the Essential Plan?

Procedural History

On February 22, 2017, you updated your application for financial assistance. That day, a preliminary eligibility determination was prepared stating that you were eligible to receive an advance premium tax credit (APTC) of \$0.00; ineligible for cost-sharing reductions (CSR) and ineligible for coverage under the Essential Plan, effective April 1, 2017.

Also on February 22, 2017, you spoke to NYSOH's Account Review Unit and appealed insofar as you were not eligible for a greater amount of financial assistance to reduce the overall cost of your monthly premium.

On February 23, 2017, NYSOH issued a notice of eligibility determination, based on the February 22, 2017 application, stating that you were eligible for an APTC

of \$0.00. That notice also stated that you were not eligible for CSR and the Essential Plan because your income was over the allowable income limits for those programs.

On May 31, 2017, you had a telephone hearing with a Hearing Officer from NYSOH's Appeals Unit. At your request, an [REDACTED]-language interpreter (ID # [REDACTED]) also attended the hearing. The record was developed during the hearing and closed at the end of the hearing.

Findings of Fact

A review of the record supports the following findings of fact:

- 1) You testified that you expect to file your 2017 taxes with a tax filing status of married filing jointly. You will claim no dependents on that tax return.
- 2) You are seeking insurance for yourself only.
- 3) The application that was submitted on February 22, 2017 listed annual household income of \$57,200.00, consisting of \$475.00 per week you earn from your employment with the [REDACTED], [REDACTED], \$425.00 your spouse earns per week from [REDACTED], [REDACTED] and \$10.00 per hour your spouse earns from [REDACTED] over a 20-hour work week. You testified that these amounts were correct when provided in your NYSOH account, and remain accurate.
- 4) Your application states that you will not be taking any deductions on your 2017 tax return.
- 5) You live in Westchester County.
- 6) You testified that you have bills including your mortgage, cable, and car payment that you think should be deducted from your household income.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

Applicable Law and Regulations

Advance Payments of Premium Tax Credit

Advance payments of the premium tax credit (APTC) are generally available to a person who is eligible to enroll in a qualified health plan (QHP) and (1) expects to have a household income between 138% and 400% of the applicable federal

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

poverty level (FPL), (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a QHP, and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals:

- 1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through NY State of Health in the county where the taxpayer resides

minus

- 2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

The taxpayer's expected contribution amount is the amount that the taxpayer is expected to spend on health insurance premiums. The expected contribution for 2017 is set by federal law at 2.04% to 9.69% of household income (26 USC § 36B(b)(3)(A), 26 CFR § 1.36B-3T(g)(1), IRS Rev. Proc.2016-24).

In an analysis of APTC eligibility, the determination is based on the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested (45 CFR §§ 155.300(a), 155.305(f)(1)(i)). On the date of your application, that was the 2016 FPL, which is \$16,020.00 for a two-person household (81 Federal Register 4036).

For annual household income in the range of at least 300% but less than 400% of the 2016 FPL, the expected contribution is 9.69% of the household income (26 CFR § 1.36B-3T(g)(1), 45 CFR § 155.300(a), IRS Rev. Proc. 2016-24).

Cost-Sharing Reductions

Cost-sharing reductions (CSR) are available to a person who (1) is eligible to enroll in a QHP through NYSOH, (2) meets the requirements to receive APTC, (3) is expected to have an annual household income that does not exceed 250% of the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested, and (4) is enrolled in a silver-level QHP (45 CFR § 155.300(a), 45 CFR § 155.305(g)(1)).

Essential Plan

NYSOH must generally determine an applicant eligible for the Essential Plan, a basic health plan, if the person is (1) a resident of New York State, (2) expects to

have a household income between 138% and 200% of the applicable federal poverty level (FPL) or, in the case of an individual who is a lawfully present non-citizen who is ineligible for Medicaid or Child Health Plus as a result of their immigration status, has a household income that is between 0% and 200% of the FPL, (3) is not otherwise eligible for minimum essential coverage except through the individual market, (4) is 64 years old or younger, (5) is a citizen or a lawfully present non-citizen, and (6) is not incarcerated (see 42 CFR § 600.305, 42 CFR § 435.603(d)(4), 45 CFR § 155.305(e), NY Social Services Law § 369-gg(3), 42 USC § 18051).

In an analysis of Essential Plan eligibility, the determination is based on the FPL in effect on the first day of the benefit year for which coverage is requested (45 CFR § 155.300(a)). On the date of your application, that was the 2016 FPL, which is \$16,020.00 for a two-person household (81 Fed. Reg. 4036).

A person who has a household income that is at or below 150% of the FPL has a \$0.00 premium contribution (New York's Basic Health Plan Blueprint, p. 21, as approved January 2016; see <https://www.medicaid.gov/basic-health-program/basic-health-program.html>).

A person who has a household income greater than 150% of the FPL or below 200% of the FPL has a \$20.00 per month premium contribution (New York's Basic Health Plan Blueprint, as approved January 2016).

Modified Adjusted Gross Income

NYSOH bases its eligibility determinations on modified adjusted gross income as defined in the federal tax code (45 CFR § 155.300(a)). The term "modified adjusted gross income" means adjusted gross income increased by (1) any income that was excluded under 26 USC § 911 for United States citizens or residents living abroad, (2) tax-exempt interest received or accrued, and (3) Social Security benefits that were excluded from gross income under 26 USC § 86 (see 26 USC § 36B(d)(2)(B), 26 CFR § 1.36B-1(e)(2)).

"Adjusted gross income" means, in the case of an individual taxpayer, gross federal taxable income minus certain specific deductions, such as expenses reimbursed by an employer, losses from sale or exchange of property, losses from premature withdrawal of funds from time savings accounts, deductions attributable to royalties, and certain retirement savings (26 USC § 62(a)). Living expenses, such as rent and utilities are not an allowable deduction in computing adjusted gross income.

Legal Analysis

The first issue is whether NYSOH properly determined that you were eligible for an APTC of \$0.00, effective April 1, 2016.

The application that was submitted on February 22, 2017 listed an annual household income of \$57,200.00, which was comprised (1) \$24,700.00 (\$475.00 x 52 weeks) you earn from the [REDACTED], (2) \$22,100.00 (\$425.00 x 52 weeks) your spouse earns from [REDACTED], and (3) \$10,400.00 (\$10.00 x 20 hours x 52 weeks) your spouse earns from [REDACTED]

During the hearing, you testified that the amount you provided in your application was correct. However, you asked that your current expenses, which include rent, electricity and other living expenses, be considered when calculating your annual household income. Since the Internal Revenue Service rules do not allow living expenses such as rent, utilities, cable and phone to be deducted from the calculation of your adjusted gross income, they cannot be deducted when the NYSOH computes your modified adjusted gross income for APTC purposes. Therefore, NYSOH correctly determined your household income to be \$57,200.00.

You are in a two-person household. You expect to file your 2017 income taxes as married filing jointly and will claim no dependents on that tax return.

You reside in Westchester County, where the second lowest cost silver plan available for an individual through NYSOH costs \$461.49 per month.

An annual income of \$57,200.00 is 375.05% of the 2016 FPL for a two-person household. At 375.05% of the FPL, the expected contribution to the cost of the health insurance premium is 9.69% of income, or \$461.89 per month.

The maximum amount of APTC that can be approved equals the cost of the second lowest cost silver plan available through NYSOH for an individual in your county (\$461.49 per month) minus your expected contribution (\$461.89 per month). Since your expected monthly contribution exceeded the cost of the second lowest cost silver plan available through NYSOH for an individual in your county, NYSOH correctly determined you to be eligible for \$0.00 per month in APTC.

The second issue is whether you were properly found ineligible for CSR.

CSR is available to a person who has a household income no greater than 250% of the FPL. Since a household income of \$57,200.00 is 375.05% of the applicable FPL, NYSOH correctly found you to be ineligible for CSR.

The third issue under review is whether NYSOH properly determined that you were ineligible for the Essential Plan.

The Essential Plan is provided through NYSOH to individuals who meet the non-financial requirements and have a household modified adjusted gross income that is between 138% and 200% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$16,020.00 for a two-person household. Since an annual household income of \$57,200.00 is 375.05% of the 2016 FPL, NYSOH properly found you to be ineligible for the Essential Plan.

Since the February 23, 2017 eligibility determination notice properly stated that, based on the information you provided, you were eligible for \$0.00 per month in APTC, ineligible for CSR, and ineligible for the Essential Plan, it is correct and is AFFIRMED.
