Issues

The issues presented for review by the Appeals Unit of NY State of Health are:

Did NY State of Health properly determine that you were eligible to share in up to \$482.00 per month in advance payments of the premium tax credit with your spouse, effective April 1, 2017?

Did NY State of Health properly determine that you and your spouse were eligible for cost-sharing reductions?

Did NY State of Health properly determine that you and your spouse were not eligible for the Essential Plan?

Procedural History

On March 9, 2017, NYSOH issued an eligibility determination notice, based on your March 8, 2017 application, stating that you and your spouse were eligible to share in up to \$482.00 in APTC and eligible to receive cost-sharing reductions if you both enrolled in a silver level qualified health plan, effective April 1, 2017. The notice also stated that you were not eligible for the Essential Plan because your income was over the allowable income limits for that program.

On March 21, 2017, you spoke to NYSOH's Account Review Unit and appealed your and your spouse's eligibility for financial assistance insofar as you were not eligible for the Essential Plan.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

On April 2, 2017, NYSOH issued an eligibility determination notice stating that you and your spouse were eligible for the Essential Plan with a \$20.00 monthly premium, effective April 1, 2017, in that you both were granted Aid to Continue until a decision is made on your appeal.

On June 28, 2017, you had a telephone hearing with a Hearing Officer from NYSOH's Appeals Unit. The record was developed during the hearing and closed at the end of the hearing.

Findings of Fact

A review of the record supports the following findings of fact:

- 1) According to your NYSOH account, you expect to file your 2017 taxes with a tax filing status of married filing jointly. You will claim two dependents on tax return.
- 2) You testified that you are unsure what filing tax status you will utilize on your 2017 income tax return. This is because your spouse has not resided with you in 2017 and you will leave it up to your tax professional. You are the sole caretaker of your two children.
- 3) According to your NYSOH account, you and your spouse need health insurance. You testified that you are now only seeking insurance for yourself because your spouse has other health coverage outside NYSOH. Your NYSOH account has not been updated to reflect your spouse's current status
- 4) The application that was submitted on March 8, 2017 listed annual household income of \$51,930.15, consisting of \$23,720.19 you earn from your employment and \$28,209.96 your spouse earns from [REDACTED] employment. You testified that this amount was probably correct.
- 5) According to your NYSOH and your testimony, you will not be taking any deductions on your 2017 tax return.
- 6) According to your NYSOH account and your testimony, you live in [REDACTED].

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

Applicable Law and Regulations

Household Composition

For purposes of advance premium tax credit (APTC) and cost-sharing reductions, the household size equals the number of individuals for whom the taxpayer is allowed a deduction under 26 USC § 151 for the taxable year, which typically includes: (1) the taxpayer, (2) his or her spouse, and (3) any claimed dependents (26 USC § 36B(d)(1)).

Advance Payments of Premium Tax Credit

Advance payments of the premium tax credit (APTC) are generally available to a person who is eligible to enroll in a qualified health plan (QHP) and (1) expects to have a household income between 138% and 400% of the applicable federal poverty level (FPL), (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a QHP, and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals:

- 1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through NY State of Health in the county where the taxpayer resides

minus

- 2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

The taxpayer's expected contribution amount is the amount that the taxpayer is expected to spend on health insurance premiums. The expected contribution for 2017 is set by federal law at 2.04% to 9.69% of household income (26 USC § 36B(b)(3)(A), 26 CFR § 1.36B-3T(g)(1), IRS Rev. Proc.2016-24).

In an analysis of APTC eligibility, the determination is based on the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested (45 CFR §§ 155.300(a), 155.305(f)(1)(i)). On the date of your application, that was the 2016 FPL, which is \$24,300.00 for a four-person household (81 Federal Register 4036).

For annual household income in the range of at least 200% but less than 250% of the 2016 FPL, the expected contribution in 2017 is between 6.43% and 8.21%

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

of the household income (26 CFR § 1.36B-3T(g)(1), 45 CFR § 155.300(a), IRS Rev. Proc. 2016-24).

People who use the APTC to help pay health insurance premiums must file a federal tax return and reconcile their expected income (stated on NYSOH application) with their actual income (stated on their federal income tax return). Those who take less tax credit in advance than they claim on the tax return may get the rest of it as an income tax refund or have their tax bill reduced. Those who take more tax credit in advance than they can claim on their tax return will owe the difference as additional income taxes (26 CFR § 1.36B-4).

Cost-Sharing Reductions

Cost-sharing reductions are available to a person who (1) is eligible to enroll in a QHP through NYSOH, (2) meets the requirements to receive APTC, (3) is expected to have an annual household income that does not exceed 250% of the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested, and (4) is enrolled in a silver-level QHP (45 CFR § 155.300(a), 45 CFR § 155.305(g)(1)).

Essential Plan

NYSOH must generally determine an applicant eligible for the Essential Plan, a basic health plan, if the person is (1) a resident of New York State, (2) expects to have a household income between 138% and 200% of the applicable federal poverty level (FPL) or, in the case of an individual who is a lawfully present non-citizen who is ineligible for Medicaid or Child Health Plus as a result of their immigration status, has a household income that is between 0% and 200% of the FPL, (3) is not otherwise eligible for minimum essential coverage except through the individual market, (4) is 64 years old or younger, (5) is a citizen or a lawfully present non-citizen, and (6) is not incarcerated (see 42 CFR § 600.305, 42 CFR § 435.603(d)(4), 45 CFR § 155.305(e), NY Social Services Law § 369-gg(3), 42 USC § 18051).

In an analysis of Essential Plan eligibility, the determination is based on the FPL in effect on the first day of the benefit year for which coverage is requested (45 CFR § 155.300(a)). On the date of your application, that was the 2016 FPL, \$24,300.00 for a four-person household (81 Federal Register 4036).

The Essential Plan is considered minimum essential coverage therefore, a person who is eligible for the Essential Plan is not eligible for any premium tax credit because they are eligible for minimum essential coverage through the individual market (see 26 CFR § 1.36B-2(c)(1), 26 USC § 5000A(f)(1)(C)).

Legal Analysis

The first issue under review is whether NYSOH properly determined that you were eligible to share in an APTC of up to \$482.00 per month.

The application that was submitted on March 8, 2017 listed an annual household income of \$51,930.00 and the eligibility determination relied upon that information.

"Family size" means the number of persons counted as members of an individual's household. The household of a taxpayer who expects to file a return, and does not expect to be claimed as a tax dependent by anyone else, consists of the taxpayer plus the spouse and all other people the taxpayer expects to claim as tax dependents. Your current application states that you expect to file your 2017 income taxes as married filing jointly and will claim two dependents on that tax return. While you testified that you are uncertain as to how you will actually file your 2017 tax return, at present, NYSOH can only rely on the information in your NYSOH application. Therefore, for purposes of these analyses, you are in a four-person household.

You reside in [REDACTED], where the second lowest cost silver plan available for a couple through NYSOH costs \$781.58 per month.

An annual income of \$51,930.00 is 213.7% of the 2016 FPL for a four-person household. At 213.7% of the FPL, the expected contribution to the cost of the health insurance premium in 2017 is 6.92% of income, or \$299.46 per month.

The maximum amount of APTC that can be approved equals the cost of the second lowest cost silver plan available through NYSOH for a couple in your county (\$781.58 per month) minus your expected contribution (\$299.46 per month), which equals \$482.12 per month. Therefore, rounding to the nearest dollar, NYSOH correctly determined you to be eligible to share in up to \$482.00 per month in APTC, based on the information you provided.

The second issue under review is whether you were properly found eligible for cost-sharing reductions. Cost-sharing reductions are available to a person who has a household income no greater than 250% of the FPL. Since a household income of \$51,930.00 is 213.7% of the applicable FPL, NYSOH correctly found you to be eligible for cost sharing reductions, based on the information you provided.

The third issue under review is whether NYSOH properly determined that you were not eligible for the Essential Plan, effective April 1, 2017.

The Essential Plan is provided through NYSOH to individuals who meet the non-financial requirements and have a household modified adjusted gross income

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

that is between 138% and 200% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$24,300.00 for a four-person household. Since an annual household income of \$51,930.00 is 213.7% of the 2016 FPL, NYSOH properly found you to be ineligible for the Essential Plan, based on the information you provided.

Since the March 8, 2017 eligibility determination properly stated that, based on the information you provided, you were eligible to share in up to \$482.00 per month in APTC, eligible for cost-sharing reductions, and ineligible for the Essential Plan, it is correct and is AFFIRMED.

Any changes in your circumstances, such as your and tax filing status, can result in a change in eligibility. If any changes in your household occur, you are required to contact NYSOH to update your account within 30 days of such change.
