Decision

Decision Date: July 31, 2017

NY State of Health Account ID: [REDACTED]
Appeal Identification Number: AP000000018060

Issues

The issues presented for review by the Appeals Unit of NY State of Health are:

Did NY State of Health (NYSOH) properly determine that you were eligible to receive up to \$321.00 per month in advance payments of the premium tax credit (APTC), effective May 1, 2017?

Did NYSOH properly determine that you were eligible for cost-sharing reductions?

Did NYSOH properly determine that you were not eligible for the Essential Plan?

Did NYSOH properly determine that you were not eligible for Medicaid?

Procedural History

On April 12, 2017, you submitted an updated application for financial assistance.

On April 13, 2017, NYSOH issued a notice of eligibility determination stating that you were eligible to receive up to \$321.00 in APTC and eligible to receive cost-sharing reductions if you enrolled in a silver level qualified health plan, effective May 1, 2017. That notice also stated that you were not eligible for the Essential Plan or Medicaid because your income was over the allowable income limits for those programs.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

On April 17, 2017, you spoke to NYSOH's Account Review Unit and appealed that eligibility determination, insofar as you were not eligible for a higher level of financial assistance.

On July 27, 2017, you had a telephone hearing with a Hearing Officer from NYSOH's Appeals Unit. The record was developed during the hearing and closed at the end of the hearing.

Findings of Fact

A review of the record supports the following findings of fact:

- 1) You testified that you expect to file your 2017 taxes with a tax filing status of single. You will claim no dependents on that tax return.
- 2) The application that was submitted on April 12, 2017 listed annual household income of \$24,506.51, consisting of \$13,326.51 you earned from your employment and \$11,180.00 you expected to receive in Unemployment Insurance Benefits (UIB). You testified that this amount was correct.
- 3) You testified that you were at a job with a \$70,000.00 annual salary, but you were laid off in February 2017. You testified that you worked for five weeks in 2017 at this position, and that the figure stated in your April 12, 2017 application represented your total 2017 earnings from this position, prior to your layoff.
- 4) You testified that you began receiving UIB in March 2017, and that your weekly gross benefit rate is \$430.00.
- 5) You testified that there has been no break in your UIB.
- 6) You testified that you have four weeks left on your UIB claim.
- 7) You testified that, after those four weeks of benefits run out, you will have no income.
- 8) You testified that you are looking for work, but that you currently have no prospects.
- 9) Your application states that you will not be taking any deductions on your 2017 tax return, and you confirmed this in your testimony.
- 10) Your application states that you live in New York County.

11) You testified that you are looking to be eligible for additional financial assistance, as your only current income source is UIB, which you testified will expire after four more weeks.

12) You testified that you do not think that the earnings you made in the first five weeks of 2017 should cause you not to be eligible for a higher level of financial assistance, because those earnings were gone by February 2017.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

Applicable Law and Regulations

Advance Payments of Premium Tax Credit

APTC are generally available to a person who is eligible to enroll in a qualified health plan and (1) expects to have a household income between 138% and 400% of the applicable federal poverty level (FPL), (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a qualified health plan (QHP), and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals:

- 1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through NY State of Health in the county where the taxpayer resides

minus

- 2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

The taxpayer's expected contribution amount is the amount that the taxpayer is expected to spend on health insurance premiums. The expected contribution for 2017 is set by federal law at 2.04% to 9.69% of household income (26 USC § 36B(b)(3)(A), 26 CFR § 1.36B-3T(g)(1), IRS Rev. Proc.2016-24).

In an analysis of APTC eligibility, the determination is based on the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested (45 CFR §§ 155.300(a), 155.305(f)(1)(i)). On the date of your

application, that was the 2016 FPL, which is \$11,880.00 for a one-person household (81 Federal Register 4036).

For annual household income in the range of at least 200% but less than 250% of the 2016 FPL, the expected contribution is between 6.43% and 8.21% of the household income (26 CFR § 1.36B-3T(g)(1), 45 CFR § 155.300(a), IRS Rev. Proc. 2016-24).

People who use the APTC to help pay health insurance premiums must file a federal tax return and reconcile their expected income (stated on NYSOH application) with their actual income (stated on their federal income tax return). Those who take less tax credit in advance than they claim on the tax return may get the rest of it as an income tax refund or have their tax bill reduced. Those who take more tax credit in advance than they can claim on their tax return will owe the difference as additional income taxes (26 CFR § 1.36B-4).

Cost-Sharing Reductions

Cost-sharing reductions are available to a person who (1) is eligible to enroll in a QHP through NYSOH, (2) meets the requirements to receive APTC, (3) is expected to have an annual household income that does not exceed 250% of the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested, and (4) is enrolled in a silver-level QHP (45 CFR § 155.300(a), 45 CFR § 155.305(g)(1)).

Essential Plan

NYSOH must generally determine an applicant eligible for the Essential Plan, a basic health plan, if the person is (1) a resident of New York State, (2) expects to have a household income between 138% and 200% of the applicable federal poverty level (FPL) or, in the case of an individual who is a lawfully present non-citizen who is ineligible for Medicaid or Child Health Plus as a result of their immigration status, has a household income that is between 0% and 200% of the FPL, (3) is not otherwise eligible for minimum essential coverage except through the individual market, (4) is 64 years old or younger, (5) is a citizen or a lawfully present non-citizen, and (6) is not incarcerated (see 42 CFR § 600.305, 42 CFR § 435.603(d)(4), 45 CFR § 155.305(e), NY Social Services Law § 369-gg(3), 42 USC § 18051).

In an analysis of Essential Plan eligibility, the determination is based on the FPL in effect on the first day of the benefit year for which coverage is requested (45 CFR § 155.300(a)). On the date of your application, that was the 2016 FPL, which is \$11,880.00 for a one-person household (81 Fed. Reg. 4036).

Medicaid

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

Medicaid can be provided through NYSOH to adults who: (1) are age 19 or older and under age 65, (2) are not pregnant, (3) are not entitled to or enrolled for Medicare benefits under part A or B of title XVIII of the Act, (4) are not otherwise eligible for and enrolled for mandatory coverage under a State's Medicaid State plan in accordance with subpart B of this part, and (5) have a household modified adjusted gross income (MAGI) that is at or below 138% of the FPL for the applicable family size (42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)), NY Social Services Law § 366(1)(b)).

In an analysis of Medicaid eligibility, the determination is based on the FPL “for the applicable budget period used to determine an individual's eligibility” (42 CFR § 435.4). On the date of your application, that was the 2017 FPL, which is \$12,060.00 for a one-person household (82 Fed. Reg. 8831).

Financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size (42 CFR § 435.603(h)(1); State Plan Amendment (SPA) 13-0055-MM3, as approved March 19, 2014).

Legal Analysis

The first issue under review is whether NYSOH properly determined that you were eligible to receive APTC of up to \$321.00 per month.

The application that was submitted on April 12, 2017 listed an annual household income of \$24,506.51 and the eligibility determination relied upon that information.

You are in a one-person household. You expect to file your 2017 income taxes as single and will claim no dependents on that tax return.

You reside in New York County, where the second lowest cost silver plan available for an individual through NYSOH costs \$456.46 per month.

An annual income of \$24,506.51 is 206.28% of the 2016 FPL for a one-person household. At 206.28% of the FPL, the expected contribution to the cost of the health insurance premium is 6.65% of income, or \$135.81 per month.

The maximum amount of APTC that can be approved equals the cost of the second lowest cost silver plan available through NYSOH for an individual in your county (\$456.46 per month) minus your expected contribution (\$135.81 per month), which equals \$320.65 per month. Therefore, rounding to the nearest dollar, NYSOH correctly determined you to be eligible for up to \$321.00 per month in APTC, based on your expected annual household income for 2017.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

The second issue under review is whether you were properly found eligible for cost-sharing reductions. Cost-sharing reductions are available to a person who has a household income no greater than 250% of the FPL. Since a household income of \$24,506.51 is 206.28% of the applicable FPL, NYSOH correctly found you to be eligible for cost sharing reductions.

The third issue under review is whether NYSOH properly determined that you were ineligible for the Essential Plan, as of your April 12, 2017 application.

The Essential Plan is provided through NYSOH to individuals who meet the non-financial requirements and have a household modified adjusted gross income that is between 138% and 200% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$11,880.00 for a one-person household. Since an annual household income of \$24,506.51 is 206.28% of the 2016 FPL, NYSOH properly found you to be ineligible for the Essential Plan, based on your expected annual 2017 income.

The fourth issue under review is whether NYSOH properly determined that you were ineligible for Medicaid.

Medicaid can be provided through NYSOH to adults between the ages of 19 and 65 who meet the non-financial requirements and have a household modified adjusted gross income that is at or below 138% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$12,060.00 for a one-person household. Since \$24,506.51 is 203.20% of the 2017 FPL, NYSOH properly found you to be ineligible for Medicaid on an expected annual income basis, using the information provided in your application.

However, financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size.

You testified that you began receiving \$430.00 per week in UIB in March 2017. You further testified that you have not had a break in your claim since you began receiving benefits. Therefore, in the month of both April 2017 (the month of your application) and July 2017 (the month of your hearing), your income was \$1,720.00.

To be eligible for Medicaid, you would need to meet the non-financial criteria and have an income no greater than 138% of the FPL, which is \$1,386.90 per month. Since, according to your testimony, you earned \$1,720.00 in April 2017, and also in July 2017, you do not qualify for Medicaid on the basis of monthly income as of the date of your application or the date of your hearing.

Since the April 13, 2017 eligibility determination properly stated that, based on the information you provided, you were eligible for up to \$321.00 per month in

APTC, eligible for cost-sharing reductions, ineligible for the Essential Plan and ineligible for Medicaid, it is correct and is AFFIRMED.

Please Note: You indicated that your UIB will be ending after another four weeks. You may wish to update your application at that time so that your eligibility for financial assistance can be redetermined.

Decision
