Decision

Decision Date: September 05, 2017

NY State of Health Account ID: [REDACTED]
Appeal Identification Number: AP000000019247

Issue

The issue presented for review by the Appeals Unit of NY State of Health is:

Did NY State of Health (NYSOH) properly determine that you do not qualify to enroll in a qualified health plan outside of the open enrollment period, effective July 1, 2017?

Procedural History

On May 23, 2017, NY State of Health (NYSOH) received your application for health insurance.

On May 24, 2017, NYSOH issued an eligibility determination notice stating that you were eligible to purchase in a qualified health plan at full cost, effective July 1, 2017. It further stated that you do not qualify to select a health plan outside of the open enrollment period for 2017.

Also on May 24, 2017, you spoke to NYSOH's Account Review Unit and appealed that eligibility determination insofar as you were not eligible to enroll in a health plan outside of the open enrollment period.

On August 30, 2017, you had a telephone hearing with a Hearing Officer from NYSOH's Appeals Unit. The record was developed during the hearing and closed at the end of the hearing.

Findings of Fact

A review of the record supports the following findings of fact:

- 1) On May 23, 2017, you submitted an application for health insurance to NYSOH.
- 2) On May 23, 2017 you attempted to enroll in a qualified health plan.
- 3) Your application on May 23, 2017 states that you were seeking a special enrollment based on your relocation from [REDACTED] to [REDACTED].
- 4) You testified that you previously were enrolled in coverage while you were residing in [REDACTED] and were enrolled into a plan for 2017. You explained that you moved to New York over the course of January 2017, however, you intended to keep your previous coverage until the open enrollment period for 2018, at which time you would have switched your application to NYSOH.
- 5) You went on to testify that you lost your prior health insurance coverage on January 31, 2017 for failure to pay premiums. You had issued your January 2017 premium payment and believed that you were set-up for auto-pay, however, your February 2017 premium was not deducted and you were cancelled for non-payment of premiums.
- 6) You testified that you learned in May 2017 that your previous coverage had been cancelled when you attended a doctor's appointment and were advised that you had no coverage. You explained that thereafter you contacted your plan directly and were advised that you could not be reenrolled as it was outside of the open enrollment period for 2017. Your plan suggested you contact NYSOH to apply for coverage.
- 7) You testified that there have been no other major changes to your household in 2017.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

Applicable Law and Regulations

Enrollment in a Qualified Health Plan

NYSOH must provide annual open enrollment periods during which time qualified individuals may enroll in a qualified health plan and enrollees may change qualified health plans (45 CFR § 155.410(a)(1)).

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

For the benefit year beginning on January 1, 2017, the annual open enrollment period began on November 1, 2016, and extended through January 31, 2017 (45 CFR § 155.410(e)(2)).

Special Enrollment Periods

After each open enrollment period ends, NYSOH provides special enrollment periods to qualified individuals. During a special enrollment period, a qualified individual may enroll in a qualified health plan, and an enrollee may change their enrollment to another plan. This is generally permitted when one of the following triggering events occur:

- (1) The qualified individual or his or her dependent either:
 - (i) Loses minimum essential coverage.
 - (ii) Is enrolled in any non-calendar year group health plan or individual health insurance coverage, even if the qualified individual or his or her dependent has the option to renew such coverage.
 - (iii) Loses pregnancy-related coverage.
 - (iv) Loses medically needy coverage as described under section 1902(a)(10)(C) of the Social Security Act only once per calendar year.
- (2)(i) The qualified individual gains a dependent or becomes a dependent through marriage, birth, adoption, placement for adoption, or placement in foster care, or through a child support order or other court order.
 - (ii) the enrollee loses a dependent or is no longer considered a dependent through divorce or legal separation as defined by State law in the State in which the divorce or legal separation occurs, or if the enrollee, or his or her dependent, dies.
- (3) The qualified individual, or his or her dependent, becomes newly eligible for enrollment in a qualified health plan because he or she gains citizenship, status as a national, or lawful present or is no longer incarcerated.
- (4) The qualified individual's or his or her dependent's, enrollment or non-enrollment in a qualified health plan is unintentional, inadvertent, or erroneous and is the result of the error, misrepresentation, misconduct, or inaction of an officer, employee, or agent of NYSOH, its instrumentalities,

or a non-NYSOH entity providing enrollment assistance or conducting enrollment activities.

(5) The enrollee or, his or her dependent adequately demonstrates to NYSOH that the qualified health plan in which he or she is enrolled substantially violated a material provision of its contract in relation to the enrollee;

(6) The enrollee or enrollee's dependent is newly eligible or ineligible for advance payments of the premium tax credit, or change in eligibility for cost-sharing reductions.

(7) The qualified individual or enrollee, or his or her dependent, gains access to new qualified health plan as a result of a permanent move and either—

(i) Had minimum essential coverage for one or more days during the 60 days preceding the date of the permanent move, or

(ii) Was living outside of the United States or in a United States territory at the time of the permanent move;

(8) The qualified individual or dependent who gains or maintains status as an Indian may enroll in a qualified health plan or change from one plan to another, once per month.

(9) The qualified individual or enrollee, or his or her dependent, demonstrates to the Exchange, in accordance with guidelines issued by HHS, that the individual meets other exceptional circumstances as the Exchange may provide;

(10) A qualified individual or enrollee—

(i) Is a victim of domestic abuse or spousal abandonment, including a dependent or unmarried victim within a household, is enrolled in minimum essential coverage and seeks to enroll in coverage separate from the perpetrator of the abuse or abandonment; or

(ii) Is a dependent of a victim of domestic abuse or spousal abandonment, on the same application as the victim, may enroll in coverage at the same time as the victim;

(11) A qualified individual or dependent—

(i) Applies for coverage through NYSOH during the annual open enrollment period or due to a qualifying event, is assessed as

potentially eligible for Medicaid or Child Health Plus and is determined ineligible for Medicaid or Child Health Plus either after open enrollment has ended or more than 60 days after the qualifying event; or

(ii) Applies for coverage at their Local Department of Social Services or Human Resources Administration during the annual open enrollment period, and is determined ineligible for Medicaid or Child Health Plus after open enrollment has ended;

(12) The qualified individual or enrollee, or his or her dependent, adequately demonstrates to NYSOH that a material error related to plan benefits, service area, or premium influenced the qualified individual's or enrollee's decision to purchase a qualified health plan; or

(13) At the option of NYSOH, the qualified individual provides satisfactory documentary evidence to verify his or her eligibility for an insurance affordability program or enrollment following termination of enrollment due to a failure to verify such status within 90 days. NYSOH has not elected to adopt this subsection at this time.

(45 CFR § 155.420(d)).

Generally, if a triggering life event occurs, the qualified individual or enrollee has 60 days from the date of a triggering event to select a qualified health plan (45 CFR § 155.420(c)(1)).

However, a loss of health insurance coverage such as that referenced above does not include,

“voluntary termination of coverage or other loss due to—

(1) Failure to pay premiums on a timely basis, including COBRA premiums prior to expiration of COBRA coverage, or

(2) Situations allowing for a rescission as specified in 45 CFR [§] 147.128” such as failure to comply with other requirements (45 CFR § 147.128(b))

(45 CFR § 155.420(e)).

Legal Analysis

The issue under review is whether NYSOH properly determined that you do not qualify to enroll in a qualified health plan outside of the open enrollment period, effective July 1, 2017.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

NYSOH provided an open enrollment period from November 1, 2016 until January 31, 2017. On May 23, 2017, you submitted an application for health insurance and requested to enroll in a qualified health plan. On May 24, 2017 NYSOH issued a notice stating that you do not qualify to enroll in a qualified health plan outside of the open enrollment period.

Once the annual open enrollment period ends, a health plan enrollee must qualify for a special enrollment period in order to enroll in, or change to another health plan offered in NYSOH. In order to qualify for a special enrollment period, a person must experience a triggering event.

You testified that you moved from [REDACTED] to [REDACTED] in January 2017. A permanent move wherein a qualified individual gains access to new qualified health plan and had minimum essential coverage for one or more days during the 60 days preceding the date of the permanent move is considered a triggering life event.

When a triggering life event occurs, the qualified individual has 60 days from the date of that event to select a qualified health plan.

Since 60 days from January 31, 2017 is April 1, 2017; you would have qualified to select a qualified health plan outside of the open enrollment period until April 1, 2017.

Your application and request to enroll into a qualified health plan did not occur until May 23, 2017; which is outside of the 60-day window.

Additionally, loss of minimum essential coverage is typically a triggering life event.

However, although you did lose health coverage as of January 31, 2017, the loss of health insurance coverage in this case cannot be considered a triggering event for a special enrollment period, because it was a result of non-payment of your premiums which NYSOH considers a voluntary action causing the termination of your coverage.

The credible evidence of record indicates that, since the open enrollment period closed on January 31, 2017, no other triggering events have occurred that would qualify you for a special enrollment period.

Therefore, NYSOH's May 24, 2017 eligibility determination that you do not qualify to select a health plan outside of the open enrollment period for 2017 is **AFFIRMED**.
