## Decision

Decision Date: October 20, 2017

NY State of Health Account ID: [REDACTED]  
Appeal Identification Number: AP000000019664

## Issues

The issues presented for review by the Appeals Unit of NY State of Health are:

Did NY State of Health properly determine that you were eligible to receive up to \$100.00 per month in advance payments of the premium tax credit, effective July 1, 2017?

## Procedural History

On May 17, 2017, you submitted an application for financial assistance.

On May 18, 2017, NY State of Health (NYSOH) issued a notice of eligibility determination stating that you were eligible to receive up to \$100.00 per month in advance payments of the premium tax credit (APTC), effective July 1, 2017. That notice also stated that you were not eligible for cost-sharing reductions, the Essential Plan, and Medicaid because your income was over the allowable income limits for those programs.

On June 9, 2017, you spoke to NYSOH's Account Review Unit and appealed insofar as you were not eligible for additional financial assistance.

On September 28, 2017, you had a telephone hearing with a Hearing Officer from NYSOH's Appeals Unit. The record was developed during the hearing and left open for fourteen days to allow you the opportunity to submit additional income documentation.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

On September 29, 2017, the Appeals Unit received via fax your Social Security Award letter and your grandchild's Social Security Award letter. These documents were collectively marked as Appellant's Exhibit #1 and incorporated into the record. The record is now closed.

## **Findings of Fact**

A review of the record supports the following findings of fact:

- 1) You testified that you expect to file your 2017 taxes with a tax filing status of head of household. You will claim one dependent, your grandchild, on that tax return.
- 2) You are seeking insurance for yourself.
- 3) The application that was submitted on May 17, 2017 listed annual household income of \$57,750.52, consisting of \$1,458.00 per month you receive in Social Security benefits, \$685.21 per month you receive from a pension, \$1,534.00 per month your grandchild receives in Social Security benefits, and \$13,624.00 your grandchild received in a retroactive payment of Social Security benefits.
- 4) You testified that your income consists of \$1,463.00 per month you receive in Social Security benefits as well as a pension which was \$685.21 per month, but which increased to \$694.21 per month as of September 2017. You testified that you have no other income.
- 5) You testified that in March 2017 your grandchild began receiving \$1,534.00 per month in Social Security benefits. You also explained that in March 2017 your grandchild received approximately \$13,000.00 in retroactive Social Security benefits.
- 6) You went on to testify that you are limited in your ability to use your grandchild's Social Security benefits. You can use this to pay half the rent, half the electric bill, half the water bill, half of snow removal expenses, half of household food, and half of cable.
- 7) Your application states, and you confirmed, that you will not be taking any deductions on your 2017 tax return.
- 8) Your application states, and you confirmed, that you live in Ulster County.
- 9) You submitted your Social Security Award letter which indicates that as of November 2016 you would receive \$1,458.00 per month.

- 10) You submitted your grandchild's Social Security Award letter which indicates that your grandchild's first check would be for \$13,624.00 and that this was the money he was due through January 2017. Thereafter, he would receive \$1,534.00 per month beginning in March 2017.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

## **Applicable Law and Regulations**

### Advance Payments of Premium Tax Credit

Advance payments of the premium tax credit (APTC) are generally available to a person who is eligible to enroll in a qualified health plan (QHP) and (1) expects to have a household income between 138% and 400% of the applicable federal poverty level (FPL), (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a QHP, and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals:

- 1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through NY State of Health in the county where the taxpayer resides

*minus*

- 2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

The taxpayer's expected contribution amount is the amount that the taxpayer is expected to spend on health insurance premiums. The expected contribution for 2017 is set by federal law at 2.04% to 9.69% of household income (26 USC § 36B(b)(3)(A), 26 CFR § 1.36B-3T(g)(1), IRS Rev. Proc.2016-24).

In an analysis of APTC eligibility, the determination is based on the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested (45 CFR §§ 155.300(a), 155.305(f)(1)(i)). On the date of your application, that was the 2016 FPL, which is \$16,020.00 for a two-person household (81 Federal Register 4036).

People who use the APTC to help pay health insurance premiums must file a federal tax return and reconcile their expected income (stated on NYSOH application) with their actual income (stated on their federal income tax return). Those who take less tax credit in advance than they claim on the tax return may get the rest of it as an income tax refund or have their tax bill reduced. Those who take more tax credit in advance than they can claim on their tax return will owe the difference as additional income taxes (26 CFR § 1.36B-4).

### Cost-Sharing Reductions

Cost-sharing reductions (CSR) are available to a person who (1) is eligible to enroll in a QHP through NYSOH, (2) meets the requirements to receive APTC, (3) is expected to have an annual household income that does not exceed 250% of the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested, and (4) is enrolled in a silver-level QHP (45 CFR § 155.300(a), 45 CFR § 155.305(g)(1)).

### Essential Plan

NYSOH must generally determine an applicant eligible for the Essential Plan, a basic health plan, if the person is (1) a resident of New York State, (2) expects to have a household income between 138% and 200% of the applicable federal poverty level (FPL) or, in the case of an individual who is a lawfully present non-citizen who is ineligible for Medicaid or Child Health Plus as a result of their immigration status, has a household income that is between 0% and 200% of the FPL, (3) is not otherwise eligible for minimum essential coverage except through the individual market, (4) is 64 years old or younger, (5) is a citizen or a lawfully present non-citizen, and (6) is not incarcerated (see 42 CFR § 600.305, 42 CFR § 435.603(d)(4), 45 CFR § 155.305(e), NY Social Services Law § 369-gg(3), 42 USC § 18051).

In an analysis of Essential Plan eligibility, the determination is based on the FPL in effect on the first day of the benefit year for which coverage is requested (45 CFR § 155.300(a)). On the date of your application, that was the 2016 FPL, which is \$16,020.00 for a two-person household (81 Fed. Reg. 4036).

A person who has a household income that is at or below 150% of the FPL has a \$0.00 premium contribution (New York's Basic Health Plan Blueprint, p. 21, as approved January 2016; see <https://www.medicaid.gov/basic-health-program/basic-health-program.html>).

A person who has a household income greater than 150% of the FPL or below 200% of the FPL has a \$20.00 per month premium contribution (New York's Basic Health Plan Blueprint, as approved January 2016).

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

The Essential Plan is considered minimum essential coverage therefore, a person who is eligible for the Essential Plan is not eligible for any premium tax credit because they are eligible for minimum essential coverage through the individual market (see 26 CFR § 1.36B-2(c)(1), 26 USC § 5000A(f)(1)(C)).

### Medicaid

Medicaid can be provided through NYSOH to adults who: (1) are age 19 or older and under age 65, (2) are not pregnant, (3) are not entitled to or enrolled for Medicare benefits under part A or B of title XVIII of the Act, (4) are not otherwise eligible for and enrolled for mandatory coverage under a State's Medicaid State plan in accordance with subpart B of this part, and (5) have a household modified adjusted gross income (MAGI) that is at or below 138% of the FPL for the applicable family size (42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)), NY Social Services Law § 366(1)(b)).

In an analysis of Medicaid eligibility, the determination is based on the FPL “for the applicable budget period used to determine an individual's eligibility” (42 CFR § 435.4). On the date of your application, that was the 2017 FPL, which is \$16,240.00 for a two-person household (82 Fed. Reg. 8831).

Financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size (42 CFR § 435.603(h)(1); State Plan Amendment (SPA) 13-0055-MM3, as approved March 19, 2014).

### Modified Adjusted Gross Income

The Marketplace bases its eligibility determinations on modified adjusted gross income (MAGI) as defined in the federal tax code (45 CFR § 155.300(a), 42 CFR § 603(e), see 26 USC § 36B(d)(2)(B)).

With regard to eligibility for financial assistance through the Marketplace, a tax filer's household income includes the MAGI of all the individuals in the taxpayer's household who are required to file a federal tax return for the taxable year (26 CFR § 1.36B-1(e)(1); 42 CFR § 435.603(d)(1)). The MAGI-based income of a child who is not required to file a tax return is not included in household income (42 CFR § 435.603(d)(2)).

A person is not required to file a tax return if their gross income is less than the sum of the exemption amount plus the basic standard deduction allowable for that person (26 USC § 6012(1)(A)). For the 2017 year, a dependent who had yearly gross earned income greater than \$6,300.00 or gross unearned income greater than \$1,050.00 would be required to file a tax return (see IRS Revenue Procedure 2014-61).

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

Unearned income is generally all income other than salaries, wages and other amounts received as pay for work actually performed, including the taxable part of Social Security and pension payments (IRS Publication 929, pg. 15).

For the purposes of determining a person's eligibility for financial assistance for health insurance through the Marketplace, the term "MAGI" means adjusted gross income increased by (1) any income that was excluded under 26 USC § 911 for United States citizens or residents living abroad, (2) tax-exempt interest received or accrued, and (3) Social Security benefits that were excluded from gross income under 26 USC § 86 (see 26 USC § 36B(d)(2)(B), 26 CFR § 1.36B-1(e)(2)).

### Social Security Benefits

For the purposes of determining the amount of taxable income a person receives from Social Security benefits, the IRS gives the term "modified adjusted gross income" the same definition as "adjusted gross income," without regard to certain income that is not relevant here (26 USC § 86(b)(2)). Please note that this definition is different than the definition of MAGI the Marketplace uses.

"Adjusted gross income" means, in the case of an individual taxpayer, gross income minus certain specific deductions, such as expenses reimbursed by an employer, losses from sale or exchange of property, losses from premature withdrawal of funds from savings accounts, and deductions attributable to royalties (26 USC § 62(a)).

"Gross income" is defined as all income from whatever source it is derived from; however, notwithstanding the apparent overall inclusiveness of this definition, there are numerous items that are specifically excluded from gross income (26 USC § 61).

An individual's income from Social Security benefits is included in their gross income only to the extent that the sum of the person's IRS-defined "modified adjusted gross income" and one-half of their Social Security benefits is greater than \$25,000.00 (26 USC § 86(a)(1), (b)(1)), (c)(1)(A)).

## **Legal Analysis**

The issue is whether NYSOH properly determined that you were eligible for an APTC of up to \$100.00 per month.

On May 17, 2017, you filed an application for financial assistance listing an annual household income of \$57,750.52, consisting of \$17,496.00 you receive in Social Security benefits, \$8,222.52 you receive in pension benefits, \$18,408.00

your grandchild receives in Social Security benefits, and \$13,624.00 your grandchild received in retroactive Social Security benefits.

Household income for the purposes of calculating a person's eligibility for financial assistance to help pay for the costs of health insurance through NYSOH, consists of the Modified Adjusted Gross Income of all tax filers in a household who are required to file a tax return.

You attested to your intent to file a 2017 return when you requested financial support on the NYSOH application. Since you plan on filing your taxes as head of household and claim one grandchild as a dependent on your 2017 tax return, you are in a two-person household.

A dependent will be required to file a tax return in 2017 if their earned income is greater than \$6,300.00. According to the information on your application and your testimony, your grandchild has no earned income. Since your dependent has an earned income less than \$6,300.00, he is not required to file a tax return on the basis of his earned income.

A dependent will also be required to file a tax return in 2017 when their unearned income is greater than \$1,050.00. Unearned income includes the taxable portion of Social Security benefits.

To determine if any portion of a person's Social Security benefit is taxable, the IRS adds one-half of a person's income from Social Security to any other income that person receives. Any amount in excess of \$25,000.00 is considered taxable income.

Based on your testimony, and the documents you submitted, your grandchild will receive \$28,964.00 in Social Security benefits in 2017 (\$1,534.00 multiplied by 10 months plus \$13,624.00). One-half the amount of Social Security he will receive in 2017 is \$14,482.00. Since \$14,482.00 is less than \$25,000.00, your grandchild has no taxable income from Social Security and is not required to file a tax return on the basis of unearned income.

Therefore, the May 18, 2017 eligibility determination notice is **RESCINDED** because your grandchild's income should not have been included in your household's income for the purpose of determining your eligibility for financial assistance through NYSOH.

Your case is **RETURNED** to NYSOH to redetermine your eligibility based on a household of two people residing in Ulster County with an annual expected income of \$25,754.52.

## **Decision**

The May 18, 2017 eligibility determination notice is RESCINDED.
