## Decision

Decision Date: October 11, 2017

NY State of Health Account ID: [REDACTED]  
Appeal Identification Number: AP000000020121

## Issues

The issues presented for review by the Appeals Unit of NY State of Health are:

Did NY State of Health (NYSOH) properly determine that you were not eligible to receive advance payments of the premium tax credit (APTC), as of June 29, 2017?

Did NYSOH properly determine that you were not eligible for the Essential Plan, as of June 29, 2017?

Did NYSOH properly determine that you were not eligible for Medicaid, as of June 29, 2017?

## Procedural History

On June 29, 2017, you updated your application for financial assistance. That day, a preliminary eligibility determination was prepared stating that you were not eligible to receive financial assistance with paying for your insurance coverage, but that you could purchase a qualified health plan at full cost through NYSOH.

Also on June 29, 2017, you spoke to NYSOH's Account Review Unit and appealed, insofar as you were no longer eligible for financial assistance with the cost of health insurance.

On June 30, 2017, NYSOH issued a notice of eligibility determination, based on the June 29, 2017 application, stating that you were eligible to purchase a

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

qualified health plan at full cost, effective August 1, 2017. That notice also stated that you were not eligible for APTC, the Essential Plan, or Medicaid because your income was over the allowable income limits for those programs.

On September 18, 2017, you had a telephone hearing with a Hearing Officer from NYSOH's Appeals Unit. During the hearing, your daughter, [REDACTED] appeared with you and was sworn in as your Authorized Representative (AR). The record was developed during the hearing and held open through October 3, 2017, to allow you to submit supporting documents.

As of October 4, 2017, the Appeals Unit did not receive any documents from you and none were viewable in your NYSOH account. Therefore, the record was closed that same day and this decision is based on the record as developed at the time of the hearing.

## **Findings of Fact**

A review of the record supports the following findings of fact:

- 1) You testified that you expect to file your 2017 taxes with a tax filing status of single. You will claim no dependents on that tax return.
- 2) The application that was submitted on June 29, 2017 listed annual household income of \$52,676.00, consisting of income you earn from your employment.
- 3) You testified that this amount was probably correct, but you were not sure. You testified that your income includes tips, and that, after taxes, you take home \$700.00 and change each week.
- 4) Your AR testified that she has been paying part of your monthly health plan premium for you, as you cannot afford the entire premium, but that it is a hardship.
- 5) Your application states that you will not be taking any deductions on your 2017 tax return.
- 6) Your application states that you live in Kings County.
- 7) The record was kept open for fifteen days after the hearing so that your AR could submit your four most recent paystubs. As of the sixteenth day after the hearing, no documentation had been received by the Appeals Unit, nor was any documentation visible in your NYSOH account.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

## **Applicable Law and Regulations**

### Advance Payments of Premium Tax Credit

APTC are generally available to a person who is eligible to enroll in a qualified health plan (QHP) and (1) expects to have a household income between 138% and 400% of the applicable federal poverty level (FPL), (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a QHP, and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals:

- 1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through NY State of Health in the county where the taxpayer resides

*minus*

- 2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

The taxpayer's expected contribution amount is the amount that the taxpayer is expected to spend on health insurance premiums. The expected contribution for 2017 is set by federal law at 2.04% to 9.69% of household income (26 USC § 36B(b)(3)(A), 26 CFR § 1.36B-3T(g)(1), IRS Rev. Proc.2016-24).

In an analysis of APTC eligibility, the determination is based on the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested (45 CFR §§ 155.300(a), 155.305(f)(1)(i)). On the date of your application, that was the 2016 FPL, which is \$11,880.00 for a one-person household (81 Federal Register 4036).

People who use the APTC to help pay health insurance premiums must file a federal tax return and reconcile their expected income (stated on NYSOH application) with their actual income (stated on their federal income tax return). Those who take less tax credit in advance than they claim on the tax return may get the rest of it as an income tax refund or have their tax bill reduced. Those

who take more tax credit in advance than they can claim on their tax return will owe the difference as additional income taxes (26 CFR § 1.36B-4).

### Essential Plan

NYSOH must generally determine an applicant eligible for the Essential Plan, a basic health plan, if the person is (1) a resident of New York State, (2) expects to have a household income between 138% and 200% of the FPL or, in the case of an individual who is a lawfully present non-citizen who is ineligible for Medicaid or Child Health Plus as a result of their immigration status, has a household income that is between 0% and 200% of the FPL, (3) is not otherwise eligible for minimum essential coverage except through the individual market, (4) is 64 years old or younger, (5) is a citizen or a lawfully present non-citizen, and (6) is not incarcerated (see 42 CFR § 600.305, 42 CFR § 435.603(d)(4), 45 CFR § 155.305(e), NY Social Services Law § 369-gg(3), 42 USC § 18051).

### Medicaid

Medicaid can be provided through NYSOH to adults who: (1) are age 19 or older and under age 65, (2) are not pregnant, (3) are not entitled to or enrolled for Medicare benefits under part A or B of title XVIII of the Act, (4) are not otherwise eligible for and enrolled for mandatory coverage under a State's Medicaid State plan in accordance with subpart B of this part, and (5) have a household modified adjusted gross income (MAGI) that is at or below 138% of the FPL for the applicable family size (42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)), NY Social Services Law § 366(1)(b)).

In an analysis of Medicaid eligibility, the determination is based on the FPL “for the applicable budget period used to determine an individual's eligibility” (42 CFR § 435.4). On the date of your application, that was the 2017 FPL, which is \$12,060.00 for a one-person household (82 Fed. Reg. 8831).

## **Legal Analysis**

The first issue under review is whether NYSOH properly determined that you were not eligible to receive APTC, as of your June 29, 2017 application.

The application that was submitted on June 29, 2017 listed an annual household income of \$52,676.00, and the eligibility determination relied upon that information.

You are in a one-person household. You expect to file your 2017 income taxes as single and will claim no dependents on that tax return.

APTC is generally available to a person who is eligible to enroll in a qualified health plan and expects to have a household income between 138% and 400% of the FPL. Since an annual household income of \$52,676.00 is 443.40% of the 2016 FPL for a one-person household, NYSOH properly determined that you were not eligible for APTC, as of your June 29, 2017 application, because you were over the allowable income limit.

The second issue under review is whether NYSOH properly determined that you were not eligible for the Essential Plan, as of your June 29, 2017 application.

The Essential Plan is provided through NYSOH to individuals who meet the non-financial requirements and have a household modified adjusted gross income that is between 138% and 200% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$11,880.00 for a one-person household. Since an annual household income of \$52,676.00 is 443.40% of the 2016 FPL, NYSOH properly found you to be ineligible for the Essential Plan, as of your June 29, 2017 application, because your income was over the allowable income limit.

The third issue under review is whether NYSOH properly determined that you were ineligible for Medicaid, as of your June 29, 2017 application.

Medicaid can be provided through NYSOH to adults between the ages of 19 and 65 who meet the non-financial requirements and have a household modified adjusted gross income that is at or below 138% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$12,060.00 for a one-person household. Since \$52,676.00 is 436.78% of the 2017 FPL, NYSOH properly found you to be ineligible for Medicaid on an expected annual income basis, using the information provided in your application.

Since the June 30, 2017 eligibility determination properly stated that, based on the information you provided, you were eligible to purchase a qualified health plan at full cost, and ineligible for APTC, ineligible for the Essential Plan and ineligible for Medicaid, it is correct and is AFFIRMED.
