Decision

Decision Date: January 17, 2018

NY State of Health Account ID: [REDACTED]
Appeal Identification Number: AP000000022554

Issues

The issues presented for review by the Appeals Unit of NY State of Health are:

Did NY State of Health (NYSOH) properly determine you were eligible to receive up to \$202.00 per month in advance payments of the premium tax credit (APTC), effective November 1, 2017?

Did NYSOH properly determine you were not eligible for cost-sharing reductions (CSR)?

Did NYSOH properly determine you were not eligible for the Essential Plan, effective November 1, 2017?

Did NYSOH properly determine you were not eligible for Medicaid?

Procedural History

On September 19, 2017, NYSOH received an updated application for financial assistance with health insurance submitted on your behalf. That day, a preliminary eligibility determination was prepared, stating you were eligible to receive up to \$202.00 in APTC, effective November 1, 2017.

Also on September 19, 2017, you spoke to NYSOH's Account Review Unit and appealed insofar as you were not eligible for more financial assistance.

On September 30, 2017, NYSOH issued a notice of eligibility determination, based on the September 19, 2017 application, stating you were eligible to

receive up to \$202.00 in APTC, effective November 1, 2017. The notice indicated you were not eligible for CSR, the Essential Plan, or Medicaid, because your household income was over the allowable income limits for those programs.

On December 18, 2017, you had a telephone hearing with a Hearing Officer from NYSOH's Appeals Unit. The record was developed during the hearing and held open to allow you to submit supporting documents. On January 2, 2018, the Appeals Unit received your documentation which was incorporated into the record as Appellant's Exhibit #1. The record closed thereafter.

Findings of Fact

A review of the record supports the following findings of fact:

- 1) On September 19, 2017, your application was updated over the phone.
- 2) The application listed your annual expected income for 2017 as \$33,800.00 consisting of income you earned at your employment at a rate of \$13.00 an hour for 50 hours per week.
- 3) You testified that you are not sure if the annual income amount listed in your application was accurate, because you do not always work the same number of hours.
- 4) You testified you have worked for the same employer for all of 2017. You testified that you earn \$13.00 an hour and "time and a half" for any time worked over 40 hours. You testified that your hours fluctuate.
- 5) NYSOH determined you eligible for receive up to \$202.00 in APTC and ineligible to receive CSR, based on the September 19, 2017 application.
- 6) You testified you are seeking review of your eligibility for the Essential Plan or Medicaid.
- 7) You testified, and your application indicates, you will not be taking any deductions on your 2017 tax return.
- 8) You testified, and your application indicates, you live in Westchester County.
- 9) On January 2, 2018, the Appeals Unit received four weekly paystubs for you including a paystub for check date of December 26, 2017 showing year to date gross earnings of \$33,933.78.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

Applicable Law and Regulations

Advance Payments of Premium Tax Credit

Advance payments of the premium tax credit (APTC) are generally available to a person who is eligible to enroll in a QHP and (1) expects to have a household income between 138% and 400% of the applicable federal poverty level (FPL), (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a QHP, and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals:

- 1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through NYSOH in the county where the taxpayer resides

minus

- 2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

The taxpayer's expected contribution amount is the amount that the taxpayer is expected to spend on health insurance premiums. The expected contribution for 2017 is set by federal law at 2.04% to 9.69% of household income (26 USC § 36B(b)(3)(A), IRS Revenue Procedure (RP) 2016-24).

In an analysis of APTC eligibility, the determination is based on the applicable FPL for the first day of the open enrollment period of the benefit year for which coverage is requested (45 CFR §§ 155.300(a), 155.305(f)(1)(i)). On the date of your application, that was the 2016 FPL, which is \$11,880.00 for a one-person household (81 Federal Register 4036).

For annual household income in the range of at least 250% but less than 300% of the 2016 FPL, the expected contribution is between 8.21% and 9.69% of the household income (26 CFR § 1.36B-3, IRS RP 2016-24).

People who use the APTC to help pay health insurance premiums must file a federal tax return and reconcile their expected income (stated on NYSOH

application) with their actual income (stated on federal income tax return). Those who take less tax credit in advance than they can claim on the tax return may get the rest of it as an income tax refund or have their tax bill reduced. Those who take more tax credit in advance than they can claim on their tax return will owe the difference as additional income taxes (26 CFR § 1.36B-4).

Cost-Sharing Reductions

Cost-sharing reductions (CSR) are available to a person who (1) is eligible to enroll in a QHP through NYSOH, (2) meets the requirements to receive APTC, (3) is expected to have an annual household income that does not exceed 250% of the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested, and (4) is enrolled in a silver-level QHP (45 CFR § 155.300(a), 45 CFR § 155.305(g)(1)).

Essential Plan

NYSOH must generally determine an applicant eligible for the Essential Plan, a basic health plan, if the person is (1) a resident of New York State, (2) expects to have a household income between 138% and 200% of the applicable federal poverty level (FPL) or, in the case of an individual who is a lawfully present non-citizen who is ineligible for Medicaid or Child Health Plus as a result of their immigration status, has a household income that is between 0% and 200% of the FPL, (3) is not otherwise eligible for minimum essential coverage except through the individual market, (4) is 64 years old or younger, (5) is a citizen or a lawfully present non-citizen, and (6) is not incarcerated (see 42 CFR § 600.305, 42 CFR § 435.603(d)(4), 45 CFR § 155.305(e), NY Social Services Law § 369-gg(3), 42 USC § 18051).

In an analysis of Essential Plan eligibility, the determination is based on the FPL in effect on the first day of the benefit year for which coverage is requested (45 CFR § 155.300(a)). On the date of your application, that was the 2016 FPL, which is \$11,880.00 for a one-person household (81 Federal Register 4036).

Medicaid

Medicaid can be provided through NYSOH to adults who: (1) are age 19 or older and under age 65, (2) are not pregnant, (3) are not entitled to or enrolled for Medicare benefits under part A or B of title XVIII of the Act, (4) are not otherwise eligible for and enrolled for mandatory coverage under a State's Medicaid State plan in accordance with subpart B of this part, and (5) have a household modified adjusted gross income (MAGI) that is at or below 138% of the FPL for the applicable family size (42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)), NY Social Services Law § 366(1)(b)).

In an analysis of Medicaid eligibility, the determination is based on the FPL “for the applicable budget period used to determine an individual's eligibility” (42 CFR § 435.4). On the date of your application, that was the 2017 FPL, which is \$12,060.00 for a one-person household (82 Federal Register 8831, 8832).

Financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size (42 CFR § 435.603(h)(1); State Plan Amendment (SPA) 13-0055-MM3, as approved March 19, 2014).

Legal Analysis

The first issue is whether NYSOH properly determined you were eligible to receive up to \$202.00 per month in APTC, effective November 1, 2017.

On September 19, 2017, your application was updated over the phone. That application listed your annual expected income for 2017 as \$33,800.00 consisting of income you earned at your employment at a rate of \$13.00 an hour for 50 hours per week. You testified you are not sure if the annual income amount listed in your application was accurate, because you do not always work the same number of hours. However, the subject eligibility determination relied upon the information you provided in that application.

The evidence establishes you are in a one-person household, because you will file your 2017 income taxes with a tax filing status of single and you will claim no dependents.

You reside in Westchester County, where the second lowest cost silver plan available for an individual through NYSOH costs \$461.49 per month.

An annual income of \$33,800.00 is 284.51% of the 2016 FPL for a one-person household. At 284.51% of the FPL, the expected contribution to the cost of the health insurance premium is 9.23% of income, or \$259.98 per month.

The maximum amount of APTC that can be approved equals the cost of the second lowest cost silver plan available through NYSOH for an individual in your county (\$461.49 per month) minus your expected contribution (\$259.98 per month), which equals \$201.51 per month. Therefore, rounding to the nearest dollar, NYSOH correctly determined you eligible for up to \$202.00 per month in APTC.

The second issue is whether you were properly found ineligible for CSR.

CSR are available to a person who has a household income no greater than 250% of the applicable FPL. Since a household income of \$33,800.00 is

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

284.51% of the applicable FPL, over the 250% limit, NYSOH correctly found you to be ineligible for CSR.

The third issue under review is whether NYSOH properly determined you were ineligible for the Essential Plan, effective November 1, 2017.

The Essential Plan is provided through NYSOH to individuals who meet the non-financial requirements and have a household modified adjusted gross income that is between 138% and 200% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$11,880.00 for a one-person household. Since an annual household income of \$33,800.00 is 284.51% of the 2016 FPL, over the 200% limit, NYSOH properly found you eligible for the Essential Plan.

The fourth issue is whether NYSOH properly determined were ineligible for Medicaid.

Medicaid can be provided through NYSOH to adults between the ages of 19 and 65 who meet the non-financial requirements and have a household modified adjusted gross income that is at or below 138% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$12,060.00 for a one-person household. Since \$33,800.00 is 280.27% of the 2017 FPL, NYSOH properly found you ineligible for Medicaid on an expected annual income basis, using the information provided in your application.

However, financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size.

Based on the income information provided in the September 19, 2017 application, the system calculated your average monthly income as \$2,816.67. There is no evidence in the record contradicting that calculation.

To be eligible for Medicaid, you would need to meet the non-financial criteria and have an income no greater than 138% of the FPL, which is \$1,387.00 per month. Since the evidence indicates that you earned \$2,816.67 in September 2017, you do not qualify for Medicaid based on monthly income as of the date of your application.

Because the September 30, 2017 eligibility determination properly stated that, based on the information you provided, you were eligible for up to \$202.00 per month in APTC, ineligible for CSR, ineligible for the Essential Plan, and ineligible for Medicaid, it is correct and is AFFIRMED.

It is noted that you submitted income documentation including a paystub for the final weekly pay check of 2017, dated December 26, 2017, showing year to date

gross earnings of \$33,933.78. It is concluded that this evidence confirms the income information in the September 19, 2017 application. Thus, there is insufficient evidence to redetermine your eligibility for financial assistance based on the newly submitted income documentation.
