Issues

The issues presented for review by the Appeals Unit of NY State of Health are:

Did NY State of Health properly determine that you and your spouse were eligible to receive up to \$689.00 per month in advance payments of the premium tax credit, effective December 1, 2017?

Did NY State of Health properly determine that you and your spouse were eligible for cost-sharing reductions?

Did NY State of Health properly determine that you and your spouse were not eligible for the Essential Plan?

Procedural History

On October 24, 2017, you updated your application for financial assistance. That day, a preliminary eligibility determination was prepared finding you and your spouse eligible to share in up to \$689.00 in advance payments of the premium tax credit (APTC) and eligible to receive cost-sharing reductions if you both enrolled in a silver-level qualified health plan, effective December 1, 2017.

Also on October 24, 2017, you spoke to NYSOH's Account Review Unit and appealed the amount of your and your spouse's financial assistance.

On October 25, 2017, NYSOH issued an eligibility determination notice, consistent with the preliminary eligibility determination, stating that you and your spouse were eligible to share in up to \$689.00 in APTC and eligible to receive

cost-sharing reductions, effective December 1, 2017. That notice also stated that you and your spouse were not eligible for the Essential Plan or Medicaid because your household income was over the allowable income limit for those programs.

On December 20, 2017, you submitted a copy of your spouse's two bi-weekly paystubs, dated November 30, 2017 and December 15, 2017 (see Documents [REDACTED] and [REDACTED]).

On January 4, 2018, you had a telephone hearing with a Hearing Officer from NYSOH's Appeals Unit. The record was developed during the hearing and closed at the end of the hearing.

Findings of Fact

A review of the record supports the following findings of fact:

- 1) According to your NYSOH account and your testimony, you expect to file your 2017 taxes with a tax filing status of married filing jointly. You will claim no dependents on that tax return.
- 2) You are seeking health insurance for yourself and your spouse.
- 3) The application that was submitted on October 24, 2017, listed annual household income of \$36,400.00, consisting of your spouse's earnings from his employment. You testified that this amount was incorrect as it is his income after taxes are taken out.
- 4) You testified, and your spouse's paystubs, show that your spouse's gross annual household income was \$47,653.10 as of December 15, 2017.
- 5) According to your NYSOH account and your testimony, you and your spouse's household income in the month of October 2017 would be the same as you and your spouse's average monthly income. As such, you and your spouse's October 2017 monthly income, based on the income you attested to in your October 24, 2017 application, is \$3,033.33, calculated by dividing \$36,400.00 by 12 months per year.
- 6) You testified that your spouse is the sole income provider in your household.
- 7) According to your NYSOH account and your testimony, you will not be taking any deductions on your 2017 tax return.

- 8) According to your NYSOH account and your testimony, you live in Kings County, New York.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

Applicable Law and Regulations

Advance Payments of Premium Tax Credit

Advance payments of the premium tax credit (APTC) are generally available to a person who is eligible to enroll in a qualified health plan (QHP) and (1) expects to have a household income between 138% and 400% of the applicable federal poverty level (FPL), (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a QHP, and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals:

- 1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through NY State of Health in the county where the taxpayer resides

minus

- 2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

The taxpayer's expected contribution amount is the amount that the taxpayer is expected to spend on health insurance premiums. The expected contribution for 2017 is set by federal law at 2.04% to 9.69% of household income (26 USC § 36B(b)(3)(A), 26 CFR § 1.36B-3T(g)(1), IRS Rev. Proc.2016-24).

In an analysis of APTC eligibility, the determination is based on the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested (45 CFR §§ 155.300(a), 155.305(f)(1)(i)). On the date of your application, that was the 2016 FPL, which is \$16,020.00 for a two-person household (81 Federal Register 4036.).

For annual household income in the range of at least 200% but less than 250% of the 2016 FPL, the expected contribution in 2017 is between 6.43% and 8.21%

of the household income (26 CFR § 1.36B-3T(g)(1), 45 CFR § 155.300(a), IRS Rev. Proc. 2016-24).

People who use the APTC to help pay health insurance premiums must file a federal tax return and reconcile their expected income (stated on NYSOH application) with their actual income (stated on their federal income tax return). Those who take less tax credit in advance than they claim on the tax return may get the rest of it as an income tax refund or have their tax bill reduced. Those who take more tax credit in advance than they can claim on their tax return will owe the difference as additional income taxes (26 CFR § 1.36B-4).

Cost-Sharing Reductions

Cost-sharing reductions (CSR) are available to a person who (1) is eligible to enroll in a QHP through NYSOH, (2) meets the requirements to receive APTC, (3) is expected to have an annual household income that does not exceed 250% of the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested, and (4) is enrolled in a silver-level QHP (45 CFR § 155.300(a), 45 CFR § 155.305(g)(1)).

Essential Plan

NYSOH must generally determine an applicant eligible for the Essential Plan, a basic health plan, if the person is (1) a resident of New York State, (2) expects to have a household income between 138% and 200% of the applicable federal poverty level (FPL) or, in the case of an individual who is a lawfully present non-citizen who is ineligible for Medicaid or Child Health Plus as a result of their immigration status, has a household income that is between 0% and 200% of the FPL, (3) is not otherwise eligible for minimum essential coverage except through the individual market, (4) is 64 years old or younger, (5) is a citizen or a lawfully present non-citizen, and (6) is not incarcerated (see 42 CFR § 600.305, 42 CFR § 435.603(d)(4), 45 CFR § 155.305(e), NY Social Services Law § 369-gg(3), 42 USC § 18051).

In an analysis of Essential Plan eligibility, the determination is based on the FPL in effect on the first day of the benefit year for which coverage is requested (45 CFR § 155.300(a)). On the date of your application, that was the 2016 FPL, which is \$16,020.00 for a two-person household (81 Fed. Reg. 4036.).

The Essential Plan is considered minimum essential coverage therefore, a person who is eligible for the Essential Plan is not eligible for any premium tax credit because they are eligible for minimum essential coverage through the individual market (see 26 CFR § 1.36B-2(c)(1), 26 USC § 5000A(f)(1)(C)).

Medicaid

Medicaid can be provided through NYSOH to adults who: (1) are age 19 or older and under age 65, (2) are not pregnant, (3) are not entitled to or enrolled for Medicare benefits under part A or B of title XVIII of the Act, (4) are not otherwise eligible for and enrolled for mandatory coverage under a State's Medicaid State plan in accordance with subpart B of this part, and (5) have a household modified adjusted gross income (MAGI) that is at or below 138% of the FPL for the applicable family size (42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)), NY Social Services Law § 366(1)(b)).

In an analysis of Medicaid eligibility, the determination is based on the FPL “for the applicable budget period used to determine an individual's eligibility” (42 CFR § 435.4). On the date of your application, that was the 2017 FPL, which is \$16,240.00 for a two-person household (82 Fed. Reg. 8831).

Financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size (42 CFR § 435.603(h)(1); State Plan Amendment (SPA) 13-0055-MM3, as approved March 19, 2014).

Legal Analysis

The first issue under review is whether NYSOH properly determined that you and your spouse were eligible to share in APTC of up to \$689.00 per month.

The application that was submitted on October 24, 2017, listed an annual household income of \$36,400.00 and the eligibility determination relied upon that information.

According to your NYSOH account and your testimony, you and your spouse expect to file your 2017 income taxes as married filing jointly and will claim no dependents on that tax return. Therefore, for purposes of these analyses, you and your spouse are in a two-person household.

You and your spouse reside in Kings County, where the second lowest cost silver plan available for a couple through NYSOH costs \$912.91 per month.

An annual income of \$36,400.00 is 227.22% of the 2016 FPL for a two-person household. At 227.22% of the FPL, the expected contribution to the cost of the health insurance premium in 2017 is 7.39% of income, or \$224.16 per month.

The maximum amount of APTC that can be approved equals the cost of the second lowest cost silver plan available through NYSOH for a couple in your county (\$912.91 per month) minus your expected contribution (\$224.16 per

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

month), which equals \$688.75 per month. Therefore, rounding to the nearest dollar, NYSOH correctly determined you and your spouse to be eligible to share in up to \$689.00 per month in APTC, based on the income you attested to in you and your spouse's application.

The second issue under review is whether you and your spouse were properly found eligible for cost-sharing reductions. Cost-sharing reductions are available to a person who has a household income no greater than 250% of the FPL. Since a household income of \$36,400.00 is 227.22% of the applicable FPL, NYSOH correctly found you and your spouse to be eligible for cost sharing reductions, based on the income you attested to in your and your spouse's application.

The third issue under review is whether NYSOH properly determined that you and your spouse were not eligible for the Essential Plan.

The Essential Plan is provided through NYSOH to individuals who meet the non-financial requirements and have a household modified adjusted gross income that is between 138% and 200% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$16,020.00 for a two-person household. Since an annual household income of \$36,400.00 is 227.22% of the 2016 FPL, NYSOH properly found you and your spouse to be ineligible for the Essential Plan, based on the income you attested to in your and your spouse's application.

The fourth issue under review is whether NYSOH properly determined that you and your spouse were not eligible for Medicaid.

Medicaid can be provided through NYSOH to adults between the ages of 19 and 65 who meet the non-financial requirements and have a household modified adjusted gross income that is at or below 138% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$16,240.00 for a two-person household. Since \$36,400.00 is 224.14% of the 2017 FPL, NYSOH properly found you and your spouse to be ineligible for Medicaid on an expected annual income basis, using the information provided in your application.

However, financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size.

According to your NYSOH account and your testimony, you and your spouse's household income in the month of October 2017, would be the same as you and your spouse's average monthly income. As such, you and your spouse's October 2017 monthly income, based on the income you attested to in your October 24, 2017 application, is \$3,033.33.

To be eligible for Medicaid, you and your spouse would need to meet the non-financial criteria and have an income no greater than 138% of the FPL, which is \$1,868.00 per month. Since the October 24, 2017 application states that you earned \$3,033.33 in October 2017, you and your spouse do not qualify for Medicaid based on monthly income as of the date of your application.

Since the October 25, 2017 eligibility determination notice properly stated that, based on the information you provided, you and your spouse were eligible for up to \$689.00 per month in APTC, eligible for cost-sharing reductions, and ineligible for the Essential Plan and Medicaid, it is correct and is AFFIRMED.

Lastly, your submitted documentation shows that your and your spouse's gross household income for 2017 is expected to be higher than the income amount you attested to in your October 24, 2017 application. At the end of a tax year, a person who elects to take the APTC to help pay for the cost of an insurance premium must file a tax return to reconcile any differences between the amount of income the person reported to NYSOH and their actual gross income for that year, which may also result in a tax credit or reduction in tax liability if the full amount of APTC to which a person is entitled is not taken throughout the year. Conversely, if a person received more APTC than their maximum entitlement, based on gross income, they might owe the excess as an additional income tax liability.

Decision

The October 25, 2017 eligibility determination notice is AFFIRMED.

Effective Date of this Decision: January 11, 2018
