As of January 12, 2018, the Appeals Unit did not receive any documents from you and none were viewable in your NYSOH account. Therefore, the record was closed that same day and this decision is based on the record as developed at the time of the hearing.

Findings of Fact

A review of the record supports the following findings of fact:

- 1) You testified that you expect to file your 2017 taxes with a tax filing status of single. You will claim no dependents on that tax return.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

- 2) You are seeking health insurance for yourself.
- 3) The application that was submitted on October 27, 2017, listed an annual household income of \$27,060.00, consisting of income you earn from your employment. You testified that this amount was correct.
- 4) You testified you are paid bi-weekly and receive \$11.00 an hour for 49 hours a week.
- 5) You provided income documentation in the form of paystubs, dated September 22, and October 6, 2017, showing gross income of \$1,331.00 and \$1,172.88, respectively ([REDACTED]).
- 6) Your application states you started your job on February 1, 2017, and it runs until the end of 2017. You testified that this is correct, but you will be starting a new job in January 2018.
- 7) Your application states that you will not be taking any deductions on your 2017 tax return. You testified this was correct.
- 8) Your application states that you live in Kings County, NY.
- 9) You testified that you have bills, including rent, that you think should be deducted from your household income.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

Applicable Law and Regulations

Advance Payments of Premium Tax Credit

Advance payments of the premium tax credit (APTC) are generally available to a person who is eligible to enroll in a qualified health plan (QHP) and (1) expects to have a household income between 138% and 400% of the applicable federal poverty level (FPL), (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a QHP, and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals:

- 1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through NY State of Health in the county where the taxpayer resides

minus

- 2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

The taxpayer's expected contribution amount is the amount that the taxpayer is expected to spend on health insurance premiums. The expected contribution for 2017 is set by federal law at 2.04% to 9.69% of household income (26 USC § 36B(b)(3)(A), 26 CFR § 1.36B-3T(g)(1), IRS Rev. Proc.2016-24).

In an analysis of APTC eligibility, the determination is based on the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested (45 CFR §§ 155.300(a), 155.305(f)(1)(i)). On the date of your application, that was the 2016 FPL, which is \$11,880.00 for a one-person household (81 Federal Register 4036.).

For annual household income in the range of at least 200% but less than 250% of the 2017 FPL, the expected contribution in 2017 is between 6.43% and 8.21% of the household income (26 CFR § 1.36B-3T(g)(1), 45 CFR § 155.300(a), IRS Rev. Proc. 2016-24).

People who use the APTC to help pay health insurance premiums must file a federal tax return and reconcile their expected income (stated on NYSOH application) with their actual income (stated on their federal income tax return). Those who take less tax credit in advance than they claim on the tax return may get the rest of it as an income tax refund or have their tax bill reduced. Those who take more tax credit in advance than they can claim on their tax return will owe the difference as additional income taxes (26 CFR § 1.36B-4).

Cost-Sharing Reductions

Cost-sharing reductions (CSR) are available to a person who (1) is eligible to enroll in a QHP through NYSOH, (2) meets the requirements to receive APTC, (3) is expected to have an annual household income that does not exceed 250% of the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested, and (4) is enrolled in a silver-level QHP (45 CFR § 155.300(a), 45 CFR § 155.305(g)(1)).

Essential Plan

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

NYSOH must generally determine an applicant eligible for the Essential Plan, a basic health plan, if the person is (1) a resident of New York State, (2) expects to have a household income between 138% and 200% of the applicable federal poverty level (FPL) or, in the case of an individual who is a lawfully present non-citizen who is ineligible for Medicaid or Child Health Plus as a result of their immigration status, has a household income that is between 0% and 200% of the FPL, (3) is not otherwise eligible for minimum essential coverage except through the individual market, (4) is 64 years old or younger, (5) is a citizen or a lawfully present non-citizen, and (6) is not incarcerated (see 42 CFR § 600.305, 42 CFR § 435.603(d)(4), 45 CFR § 155.305(e), NY Social Services Law § 369-gg(3), 42 USC § 18051).

In an analysis of Essential Plan eligibility, the determination is based on the FPL in effect on the first day of the benefit year for which coverage is requested (45 CFR § 155.300(a)). On the date of your application, that was the 2016 FPL, which is \$11,880.00 for a one-person household (81 Fed. Reg. 4036.).

A person who has a household income that is at or below 150% of the FPL has a \$0.00 premium contribution (New York's Basic Health Plan Blueprint, p. 21, as approved January 2016; see <https://www.medicaid.gov/basic-health-program/basic-health-program.html>).

A person who has a household income greater than 150% of the FPL or below 200% of the FPL has a \$20.00 per month premium contribution (New York's Basic Health Plan Blueprint, as approved January 2016).

The Essential Plan is considered minimum essential coverage therefore, a person who is eligible for the Essential Plan is not eligible for any premium tax credit because they are eligible for minimum essential coverage through the individual market (see 26 CFR § 1.36B-2(c)(1), 26 USC § 5000A(f)(1)(C)).

Modified Adjusted Gross Income

NYSOH bases its eligibility determinations on modified adjusted gross income as defined in the federal tax code (45 CFR § 155.300(a)). The term "modified adjusted gross income" means adjusted gross income increased by (1) any income that was excluded under 26 USC § 911 for United States citizens or residents living abroad, (2) tax-exempt interest received or accrued, and (3) Social Security benefits that were excluded from gross income under 26 USC § 86 (see 26 USC § 36B(d)(2)(B), 26 CFR § 1.36B-1(e)(2)).

"Adjusted gross income" means, in the case of an individual taxpayer, gross federal taxable income minus certain specific deductions, such as expenses reimbursed by an employer, losses from sale or exchange of property, losses from premature withdrawal of funds from time savings accounts, deductions attributable to royalties, and certain retirement savings (26 USC § 62(a)). Living

expenses, such as rent and utilities are not an allowable deduction in computing adjusted gross income.

Legal Analysis

The first issue under review is whether NYSOH properly determined that you were eligible for an APTC of up to \$289.00 per month.

The application that was submitted on October 27, 2017, listed an annual household income of \$27,060.00 and the eligibility determination relied upon that information.

During the hearing, you testified that the amount you provided in your application was correct. However, you asked that your current expenses, which includes rent, be considered when calculating your annual household income.

Since the Internal Revenue Service rules do not allow living expenses, such as rent, utilities, cable and phone, to be deducted from the calculation of your adjusted gross income, they cannot be deducted when the NYSOH computes your modified adjusted gross income for APTC purposes.

Therefore, NYSOH correctly determined your household income to be \$27,060.00.

You are in a one-person household for purposes of this analysis. This is because you expect to file your 2017 income taxes as single and will claim no dependents on that tax return.

You reside in Kings County, where the second lowest cost silver plan available for an individual through NYSOH costs \$456.46 per month.

An annual income of \$27,060.00 is 227.78% of the 2016 FPL for a one-person household. At 227.78% of the FPL, the expected contribution to the cost of the health insurance premium in 2017 is 7.42% of income, or \$167.28 per month.

The maximum amount of APTC that can be approved equals the cost of the second lowest cost silver plan available through NYSOH for an individual in your county (\$456.46 per month) minus your expected contribution (\$167.28 per month), which equals \$289.18 per month. Therefore, rounding to the nearest dollar, NYSOH correctly determined you to be eligible for up to \$289.00 per month in APTC.

The second issue under review is whether you were properly found eligible for cost-sharing reductions. Cost-sharing reductions are available to a person who has a household income no greater than 250% of the FPL. Since a household

income of \$27,060.00 is 227.78% of the applicable FPL, NYSOH correctly found you to be eligible for cost sharing reductions.

The third issue under review is whether NYSOH properly determined that you were not eligible for the Essential Plan.

The Essential Plan is provided through NYSOH to individuals who meet the non-financial requirements and have a household modified adjusted gross income that is between 138% and 200% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$11,880.00 for a one-person household. Since an annual household income of \$27,060.00 is 227.78% of the 2016 FPL, NYSOH properly found you to be ineligible for the Essential Plan.

Since the October 28, 2017 eligibility determination properly stated that, based on the information you provided, you were eligible for up to \$289.00 per month in APTC, eligible for cost-sharing reductions, and ineligible for the Essential Plan, it is correct and is AFFIRMED.
