Issues

The issues presented for review by the Appeals Unit of NY State of Health are:

Did NY State of Health properly determine that you were eligible to receive up to \$317.00 per month in advance payments of the premium tax credit, effective December 1, 2017?

Did NY State of Health properly determine that you were eligible for cost-sharing reductions?

Did NY State of Health properly determine that you were not eligible for the Essential Plan?

Did NY State of Health properly determine that you were not eligible for Medicaid?

Procedural History

On November 10, 2017, NY State of Health (NYSOH) received your updated application for financial assistance. That day, a preliminary eligibility determination was prepared finding you eligible to receive up to \$317.00 per month in advance payments of the premium tax credit (APTC) and eligible to receive cost-sharing reductions if you enrolled in a silver level qualified health plan, effective December 1, 2017.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

Also on November 10, 2017, you spoke to NYSOH's Account Review Unit and appealed the preliminary eligibility determination insofar as you were not found eligible for Medicaid.

On November 11, 2017, NYSOH issued an eligibility determination notice, based on the November 10, 2017 application, stating that you were eligible to receive up to \$317.00 in APTC and eligible to receive cost-sharing reductions if you enrolled in a silver level qualified health plan, effective December 1, 2017. That notice also stated that you were not eligible for the Essential Plan or Medicaid because your income was over the allowable income limits for those programs.

On November 15, 2017, NYSOH issued an eligibility determination notice stating that you were eligible for the Essential Plan with a \$20.00 monthly premium, for a limited time, effective December 1, 2017. This notice further stated that you had been granted Aid to Continue until a decision has been made on your appeal.

On November 16, 2017, NYSOH issued a plan enrollment notice confirming your enrollment in an Essential Plan with a \$20.00 monthly premium, effective December 1, 2017.

On February 1, 2018, you had a telephone hearing with a Hearing Officer from NYSOH's Appeals Unit. The record was developed during the hearing and held open until February 16, 2018, to allow you time to submit supporting income documentation.

On February 6, 2018, NYSOH received your supporting documentation by fax. The documents were made part of the record as Appellant's Exhibit #1 and the record was closed.

Findings of Fact

A review of the record supports the following findings of fact:

- 1) You testified that you expect to file your 2017 taxes with a tax filing status of married filing jointly. You will claim no dependents on that tax return.
- 2) You are seeking health insurance for yourself.
- 3) The application that was submitted on November 10, 2017, listed an annual household income of \$32,708.64, consisting of \$18,656.64 you earned from your employment and \$14,052.00 your spouse receives from Social Security Retirement. You testified that this amount was correct.

- 4) You testified that you submitted an updated application for financial assistance with health insurance on November 10, 2017, after you were terminated from your employment.
- 5) You testified, and provided documentation to show, that you were terminated from your employment on November 8, 2017 (see [REDACTED]).
- 6) You testified, and provided documentation to show, that your monthly income for November 2017 was \$500.78 (see [REDACTED]).
- 7) According to your NYSOH and your testimony, your spouse's monthly income for November 2017 was \$1,171.00.
- 8) Your application states that you will not be taking any deductions on your 2017 tax return.
- 9) Your application states that you live in [REDACTED], NY.
- 10) You testified that you do not currently have any income and are unable to afford your health insurance premium without more financial assistance.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

Applicable Law and Regulations

Advance Payments of Premium Tax Credit

Advance payments of the premium tax credit (APTC) are generally available to a person who is eligible to enroll in a qualified health plan (QHP) and (1) expects to have a household income between 138% and 400% of the applicable federal poverty level (FPL), (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a QHP, and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals:

- 1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through NY State of Health in the county where the taxpayer resides

minus

2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

The taxpayer's expected contribution amount is the amount that the taxpayer is expected to spend on health insurance premiums. The expected contribution for 2017 is set by federal law at 2.04% to 9.69% of household income (26 USC § 36B(b)(3)(A), 26 CFR § 1.36B-3T(g)(1), IRS Rev. Proc.2016-24).

In an analysis of APTC eligibility, the determination is based on the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested (45 CFR §§ 155.300(a), 155.305(f)(1)(i)). On the date of your application, that was the 2017 FPL, which is \$16,240.00 for a two-person household (82 Federal Register 8831).

For annual household income in the range of at least 200% but less than 250% of the 2017 FPL, the expected contribution for 2017 is between 6.43% and 8.21% of the household income (26 CFR § 1.36B-3T(g)(1), 45 CFR § 155.300(a), IRS Rev. Proc. 2016-24).

People who use the APTC to help pay health insurance premiums must file a federal tax return and reconcile their expected income (stated on NYSOH application) with their actual income (stated on their federal income tax return). Those who take less tax credit in advance than they claim on the tax return may get the rest of it as an income tax refund or have their tax bill reduced. Those who take more tax credit in advance than they can claim on their tax return will owe the difference as additional income taxes (26 CFR § 1.36B-4).

Cost-Sharing Reductions

Cost-sharing reductions (CSR) are available to a person who (1) is eligible to enroll in a QHP through NYSOH, (2) meets the requirements to receive APTC, (3) is expected to have an annual household income that does not exceed 250% of the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested, and (4) is enrolled in a silver-level QHP (45 CFR § 155.300(a), 45 CFR § 155.305(g)(1)).

Essential Plan

NYSOH must generally determine an applicant eligible for the Essential Plan, a basic health plan, if the person is (1) a resident of New York State, (2) expects to have a household income between 138% and 200% of the applicable federal poverty level (FPL) or, in the case of an individual who is a lawfully present non-citizen who is ineligible for Medicaid or Child Health Plus as a result of their immigration status, has a household income that is between 0% and 200% of the

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

FPL, (3) is not otherwise eligible for minimum essential coverage except through the individual market, (4) is 64 years old or younger, (5) is a citizen or a lawfully present non-citizen, and (6) is not incarcerated (see 42 CFR § 600.305, 42 CFR § 435.603(d)(4), 45 CFR § 155.305(e), NY Social Services Law § 369-gg(3), 42 USC § 18051).

In an analysis of Essential Plan eligibility, the determination is based on the FPL in effect on the first day of the benefit year for which coverage is requested (45 CFR § 155.300(a)). On the date of your application, that was the 2017 FPL, which is \$16,240.00 for a two-person household (82 Fed. Reg. 8831).

A person who has a household income that is at or below 150% of the FPL has a \$0.00 premium contribution (New York's Basic Health Plan Blueprint, p. 21, as approved January 2016; see <https://www.medicaid.gov/basic-health-program/basic-health-program.html>).

A person who has a household income greater than 150% of the FPL or below 200% of the FPL has a \$20.00 per month premium contribution (New York's Basic Health Plan Blueprint, as approved January 2016).

The Essential Plan is considered minimum essential coverage therefore, a person who is eligible for the Essential Plan is not eligible for any premium tax credit because they are eligible for minimum essential coverage through the individual market (see 26 CFR § 1.36B-2(c)(1), 26 USC § 5000A(f)(1)(C)).

Medicaid

Medicaid can be provided through NYSOH to adults who: (1) are age 19 or older and under age 65, (2) are not pregnant, (3) are not entitled to or enrolled for Medicare benefits under part A or B of title XVIII of the Act, (4) are not otherwise eligible for and enrolled for mandatory coverage under a State's Medicaid State plan in accordance with subpart B of this part, and (5) have a household modified adjusted gross income (MAGI) that is at or below 138% of the FPL for the applicable family size (42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)), NY Social Services Law § 366(1)(b)).

In an analysis of Medicaid eligibility, the determination is based on the FPL "for the applicable budget period used to determine an individual's eligibility" (42 CFR § 435.4). On the date of your application, that was the 2017 FPL, which is \$16,240.00 for a two-person household (82 Fed. Reg. 8831).

Financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size (42 CFR § 435.603(h)(1); State Plan Amendment (SPA) 13-0055-MM3, as approved March 19, 2014).

Legal Analysis

The first issue under review is whether NYSOH properly determined that you were eligible for an APTC of up to \$317.00 per month.

The application that was submitted on November 10, 2017, listed an annual household income of \$32,708.64 and the eligibility determination relied upon that information.

You are in a two-person household for purposes of this analysis. This is because you expect to file your 2017 income taxes as married filing jointly and will claim no dependents on that tax return.

You reside in Clinton County, where the second lowest cost silver plan available in 2017 for an individual through NYSOH costs \$496.57 per month.

Once the open enrollment period started on November 1, 2017, NYSOH was supposed to use the 2017 FPL in your case. However, the calculations were based on the 2016 FPL of \$16,020.00. Therefore, the following analysis will address the calculations as made by NYSOH.

An annual income of \$32,708.64 is 204.17% of the 2016 FPL of \$16,020.00 for a two-person household. At 204.17% of the FPL, the expected contribution to the cost of the health insurance premium in 2017 is 6.58% of income, or \$179.35 per month.

The maximum amount of APTC that can be approved equals the cost of the second lowest cost silver plan available through NYSOH for an individual in your county (\$496.57 per month) minus your expected contribution (\$179.35 per month), which equals \$317.22 per month. Therefore, rounding to the nearest dollar, NYSOH correctly determined you to be eligible for up to \$317.00 per month in APTC, based on the information listed in your application.

The second issue under review is whether you were properly found eligible for cost-sharing reductions.

Cost-sharing reductions are available to a person who has a household income no greater than 250% of the FPL. Since a household income of \$32,708.64 is 204.17% of the applicable FPL, NYSOH correctly found you to be eligible for cost sharing reductions, based on the information listed in your application.

The third issue under review is whether NYSOH properly determined that you were not eligible for the Essential Plan.

The Essential Plan is provided through NYSOH to individuals who meet the non-financial requirements and have a household modified adjusted gross income

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

that is between 138% and 200% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$16,020.00 for a two-person household. Since an annual household income of \$32,708.64 is 204.17% of the 2016 FPL, NYSOH properly found you not eligible for the Essential Plan, based on the information listed in your application.

The fourth issue is whether NYSOH properly determined that you were ineligible for Medicaid.

Medicaid can be provided through NYSOH to adults between the ages of 19 and 65 who meet the non-financial requirements and have a household modified adjusted gross income that is at or below 138% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$16,240.00 for a two-person household. Since \$32,709.64 is 201.41% of the 2017 FPL, NYSOH properly found you to be ineligible for Medicaid on an expected annual income basis, using the information provided in your application.

Since the November 11, 2017 eligibility determination notice stated that, based on the expected annual household income that was listed in your November 10, 2017 application, you were eligible for up to \$317.00 per month in APTC, eligible for cost-sharing reductions, ineligible for the Essential Plan and ineligible for Medicaid, it is correct and is AFFRIMED.

However, financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size. To be eligible for Medicaid, you would need to meet the non-financial criteria and have an income no greater than 138% of the FPL, which is \$1,686.00 per month for a two-person household.

You testified, and submitted documentation to show, that you were terminated from your employment on November 8, 2017 (see [REDACTED]). You also submitted two paystubs from your employer for the month of November 2017, which included one paystub for the gross income amount of \$254.51 and one paystub for the gross income amount of \$246.27. Therefore, your income for the month of November 2017 was \$500.78. You further testified that your spouse received \$1,171.00 per month in Social Security Retirement benefits. As a result, your monthly household income for the month of November 2017 was \$1,671.78.

Since record now contains a more accurate representative of your household income for the month of November 2017, your case is RETURNED to NYSOH to redetermine your eligibility, as of November 10, 2017, for an individual residing in Clinton County in a two-person household with a monthly income of \$1,671.78, and to notify you of its redetermination accordingly.
