Decision

Decision Date: March 5, 2018

NY State of Health Account ID: [REDACTED]
Appeal Identification Number: AP000000024682

Issues

The issues presented for review by the Appeals Unit of NY State of Health are:

Did NY State of Health (NYSOH) properly determine that your enrollment in a qualified health plan was effective no earlier than December 1, 2017?

Did the NYSOH properly determine that your children's enrollment in their Child Health Plus plan was effective December 1, 2017?

Procedural History

On October 20, 2017, you submitted an application for health insurance.

On October 21, 2017, NYSOH issued an eligibility determination notice stating that you were newly eligible to purchase a qualified health plan at full cost and your children were eligible for full-pay Child Health Plus, both effective December 1, 2017.

Also on October 21, 2017, NYSOH issued a plan enrollment notice confirming your enrollment in a qualified health plan and your children's enrollment in a Child Health Plus plan, all effective December 1, 2017.

On November 21, 2017 you spoke to NYSOH's Account Review Unit and appealed the plan enrollment notice insofar as your enrollment in a qualified health plan and your children's enrollment in Child Health Plus began on December 1, 2017, and not November 16, 2017.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

On January 12, 2018, you had a scheduled telephone hearing with a Hearing Officer from NYSOH's Appeals Unit. You were out of the country and the Hearing Officer agreed to adjourn your hearing to a later date.

On January 24, 2018, you had an adjourned telephone hearing with a Hearing Officer from the NYSOH's Appeals Unit. The record was developed during the hearing and closed at the end of the hearing.

Findings of Fact

A review of the record supports the following findings of fact:

- 1) You submitted an application to NYSOH for financial assistance on October 20, 2017.
- 2) You and your children were disenrolled from your previous coverage effective November 15, 2017.
- 3) According to your NYSOH account and your testimony, you selected a qualified health plan and a Child Health Plus plan on October 20, 2017.
- 4) Your and your children's enrollment in your plans became effective December 1, 2017.
- 5) You testified that you need your qualified health plan and your children's Child Health Plus plan to begin on November 16, 2017, in order to prevent a gap in coverage. In the alternative, you are seeking a November 1, 2017 start date.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

Applicable Law and Regulations

Special Enrollment Periods

After each open enrollment period ends, NYSOH provides special enrollment periods to qualified individuals. During a special enrollment period, a qualified individual may enroll in a QHP, and an enrollee may change their enrollment to another plan. This is generally permitted when one of the following triggering events occur:

- (1) The qualified individual or his or her dependent involuntarily loses certain health insurance coverage:

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

- (a) Health insurance considered to be minimum essential coverage;
- (b) Enrolled in any non-calendar year health insurance policy, even if they have the option to renew the expiring non-calendar year individual health insurance policy; or
- (c) Pregnancy-related coverage; or
- (d) Medically needy coverage...

(45 CFR § 155.420(d)(1)).

Generally, if a triggering life event occurs, the qualified individual or enrollee has 60 days from the date of a triggering event to select a QHP (45 CFR § 155.420(c)(1)).

Enrollment in a Qualified Health Plan

The effective date of coverage by a qualified health plan is determined by the date on which an applicant selects a plan for enrollment. For individuals who are eligible for enrollment, NYSOH must generally ensure that coverage is effective the first day of the following month for selections received by NYSOH from the first to the fifteenth of any month (45 CFR §§ 155.410(f)(2), 155.420(b)(1)(i)). For selections received by NYSOH from the sixteenth to the last day of any month, NYSOH must ensure coverage is effective the first day of the second following month (45 CFR §§ 155.410(f)(2), 155.420(b)(1)(ii)).

Special Effective Dates

If a consumer loses coverage as a result of losing minimum essential coverage and the consumer selects a plan on or before the day of the triggering event, the exchange must ensure that the coverage effective date is on the first day of the month following the date of the triggering event. If the plan selection is made after the date of the triggering event, the exchange must ensure that coverage is effective in accordance with the regular effective dates for qualified health plans (45 CFR § 155.420(2)(iv)).

Child Health Plus

The “period of eligibility” for Child Health Plus is “that period commencing on the first day of the month during which a child is an eligible child and enrolled or recertified for enrollment on an annual basis based on all required information and documentation and ending on the last day of the twelfth month following such date,” unless the CHP premiums are not timely paid or the child no longer

resides in New York State, gains access to or obtains other health insurance coverage, or becomes eligible for Medicaid (NY Public Health Law § 2510(6)).

“A State must specify a method for determining the effective date of eligibility for [Child Health Plus], which can be determined based on the date of application or through any other reasonable method that ensures coordinated transition of children between [Child Health Plus] and other insurance affordability programs as family circumstances change and avoids gaps or overlaps in coverage” (42 CFR § 457.340(f)).

The State of New York has provided that a child's period of eligibility for Child Health Plus begins on the first day of the month during which a child is eligible. A child will become eligible on the first day of the next month, if the application is received by the 15th of the month; applications received after the 15th day of the month will be processed for the first day of the second following month (see e.g. State Plan Amendment (SPA) NY-14-0005, approved February 3, 2015 and effective January 1, 2014).

Legal Analysis

The first issue under review is whether NYSOH properly determine that your enrollment in a qualified health plan was effective December 1, 2017.

On October 20, 2017, you updated the information in your NYSOH account and, on that same day, you submitted a request to enroll in a qualified health plan. On October 21, 2017, NYSOH issued a plan enrollment notice confirming your enrollment in a qualified health plan began as of December 1, 2017.

Generally, the date on which a qualified health plan can take effect depends on the day a person selects the plan for enrollment. A plan that is selected from the first day to and including fifteenth day of a month goes into effect on the first day of the following month. A plan that is selected after the fifteenth day of a month goes into effect on the first day of the second following month.

Special effective dates are sometimes allowed when an individual is granted a special enrollment to enroll in plans outside of the open enrollment period. In order to qualify for a special enrollment period, a person must experience a triggering event.

Your application on October 20, 2017, indicated that you were to lose your prior health insurance on November 15, 2017. This is considered a triggering life event, which allowed NYSOH to grant you a special enrollment period.

You testified that, on October 20, 2017, when you selected a health plan online, you were seeking a November 16, 2017 start date to prevent a gap in your health insurance coverage.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

If an individual loses coverage as a result of losing minimum essential coverage and the individual selects a plan on or before the day of the triggering event, NYSOH must ensure that the coverage effective date is on the first day of the month following the date of the triggering event.

Since you selected a plan on October 20, 2017, prior to the date you lost essential coverage, your coverage must become effective the first day of the month following the date of the November 15, 2017 triggering event, or December 1, 2017.

Accordingly, NYSOH properly determined that your enrollment in a qualified health plan was effective December 1, 2017.

The second issue under review is whether NYSOH properly determined that your children's enrollment in their Child Health Plus plan was effective December 1, 2017.

You testified that you contacted NYSOH on October 20, 2017 and enrolled your children into a Child Health Plus plan that day.

The date on which a Child Health Plus plan can take effect depends on the day a person selects the plan for enrollment. A plan that is selected between the first day and fifteenth day of a month goes into effect on the first day of the following month. A plan that is selected from the sixteenth day of the month and the end of the month goes into effect on the first day of the second following month.

Since you selected a Child Health Plus plan on October 20, 2017, NYSOH properly determine that their coverage went into effect on the first day of the second following month, or December 1, 2017.

Therefore, the October 21, 2017 plan enrollment notice stating that your enrollment in a qualified health plan and your children's enrollment in their Child Health Plus plan were effective December 1, 2017, is correct and must be AFFIRMED.
