Issues

The issues presented for review by the Appeals Unit of NY State of Health are:

Did NY State of Health properly determine that you were eligible to receive up to \$137.00 per month in advance payments of the premium tax credit, effective January 1, 2018?

Did NY State of Health properly determine that you were not eligible for cost-sharing reductions?

Did NY State of Health properly determine that you were not eligible for the Essential Plan?

Did NY State of Health properly determine that you were not eligible for Medicaid?

Procedural History

On December 8, 2017, NY State of Health (NYSOH) received your updated application for financial assistance with health insurance. That day, a preliminary eligibility determination was prepared stating that you were eligible to receive up to \$137.00 in advance payments of the premium tax credit (APTC), effective January 1, 2018.

Also on December 8, 2017, you spoke to NYSOH's Account Review Unit and appealed that preliminary eligibility determination notice insofar as you were not eligible for an increased amount of financial assistance.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

On December 9, 2017, NYSOH issued an eligibility determination notice stating that you were eligible to receive up to \$137.00 in APTC, effective January 1, 2018. That notice also stated that you were not eligible for cost-sharing reductions, the Essential Plan or Medicaid because your annual household income was over the allowable income limits for those programs.

On December 22, 2017, NYSOH issued a notice stating that you were eligible for Medicaid, for a limited time, effective January 1, 2018. This was because you had been granted Aid to Continue pending the outcome of your appeal.

Also on December 22, 2017, NYSOH issued a plan enrollment notice confirming your enrollment in a Medicaid Managed Care plan, effective January 1, 2018.

On March 2, 2018, you had a telephone hearing with a Hearing Officer from NYSOH's Appeals Unit. The record was developed during the hearing and closed at the end of the hearing.

Findings of Fact

A review of the record supports the following findings of fact:

- 1) You testified that you expect to file your tax return for 2018 with a tax filing status of single. You will claim no dependents on that tax return.
- 2) You are seeking health insurance for yourself.
- 3) The application that was submitted on December 8, 2017, listed an annual household income of \$46,800.01, consisting of income you receive from your employment. You testified that this amount was roughly correct.
- 4) Using the income listed in your December 8, 2017 application, the system calculated your monthly household income to be \$3,900.00.
- 5) Your application states, and you confirmed, that you will not be taking any deductions on your 2018 tax return.
- 6) Your application states, and you confirmed, that you live in [REDACTED], NY.
- 7) You testified that you have monthly bills that you would like to be taken into consideration when determining your eligibility.
- 8) You testified that you are currently employed, but that you are fearful that you will lose your job and be left without affordable health insurance. You

are asking to be granted Medicaid for the next year so that you are able to continue to pay off your debts and secure a better place of employment.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

Applicable Law and Regulations

Advance Payments of Premium Tax Credit

APTC are generally available to a person who is eligible to enroll in a qualified health plan and (1) expects to have a household income between 138% and 400% of the applicable federal poverty level (FPL), (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a qualified health plan, and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 26 CFR § 1.36B-2, 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals:

- 1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through NY State of Health in the county where the taxpayer resides

minus

- 2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

The taxpayer's expected contribution amount is the amount that the taxpayer is expected to spend on health insurance premiums. The expected contribution for 2018 is set by federal law at 2.01% to 9.56% of household income (26 USC § 36B(b)(3)(A), 26 CFR § 1.36B-3, IRS Rev. Proc. 2017-36).

In an analysis of APTC eligibility, the determination is based on the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested (45 CFR §§ 155.300(a), 155.305(f)(1)(i)). On the date of your application, that was the 2017 FPL, which is \$12,060.00 for a one-person household (82 Federal Register 8831).

For annual household income in the range of at least 300% but less than 400% of the 2017 FPL, the expected contribution for 2018 is 9.56 % of the household

income (26 CFR § 1.36B-3(g)(1), 45 CFR § 155.300(a), IRS Rev. Proc. 2017-36).

People who use APTC to help pay health insurance premiums must file a federal tax return and reconcile their expected income (stated on NYSOH application) with their actual income (stated on their federal income tax return). Those who take less tax credit in advance than they claim on the tax return may get the rest of it as an income tax refund or have their tax bill reduced. Those who take more tax credit in advance than they can claim on their tax return will owe the difference as additional income taxes (26 CFR § 1.36B-4).

Cost-Sharing Reductions

Cost-sharing reductions are available to a person who (1) is eligible to enroll in a qualified health plan through NYSOH, (2) meets the requirements to receive APTC, (3) is expected to have an annual household income that does not exceed 250% of the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested, and (4) is enrolled in a silver-level qualified health plan (45 CFR § 155.300(a), 45 CFR § 155.305(g)(1)).

Essential Plan

NYSOH must generally determine an applicant eligible for the Essential Plan, a basic health plan, if the person is (1) a resident of New York State, (2) expects to have a household income between 138% and 200% of the applicable FPL or, in the case of an individual who is a lawfully present non-citizen who is ineligible for Medicaid or Child Health Plus as a result of their immigration status, has a household income that is between 0% and 200% of the FPL, (3) is not otherwise eligible for minimum essential coverage except through the individual market, (4) is 64 years old or younger, (5) is a citizen or a lawfully present non-citizen, and (6) is not incarcerated (see 42 CFR § 600.305, 42 CFR § 435.603(d)(4), 45 CFR § 155.305(e), NY Social Services Law § 369-gg(3), 42 USC § 18051).

In an analysis of Essential Plan eligibility, the determination is based on the FPL in effect on the first day of the benefit year for which coverage is requested (45 CFR § 155.300(a)). On the date of your application that was the 2017 FPL, which is \$12,060.00 for a one-person household (82 Fed. Reg. 8831).

A person who has a household income that is at or below 150% of the FPL has a \$0.00 premium contribution (New York's Basic Health Plan Blueprint, p. 21, as approved January 2016; see <https://www.medicaid.gov/basic-health-program/downloads/ny-blueprint.pdf>).

A person who has a household income greater than 150% of the FPL or below 200% of the FPL has a \$20.00 per month premium contribution (New York's Basic Health Plan Blueprint, as approved January 2016).

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

The Essential Plan is considered minimum essential coverage. Therefore, a person who is eligible for the Essential Plan is not eligible for any premium tax credit because they are eligible for minimum essential coverage through the individual market (see 26 CFR § 1.36B-2(c)(1), 26 USC § 5000A(f)(1)(C)).

Medicaid

Medicaid can be provided through NYSOH to adults who: (1) are age 19 or older and under age 65, (2) are not pregnant, (3) are not entitled to or enrolled for Medicare benefits under part A or B of title XVIII of the Act, (4) are not otherwise eligible for and enrolled for mandatory coverage under a State's Medicaid State plan in accordance with subpart B of this part, and (5) have a household modified adjusted gross income (MAGI) that is at or below 138% of the FPL for the applicable family size (42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)), NY Social Services Law § 366(1)(b)).

In an analysis of Medicaid eligibility, the determination is based on the FPL “for the applicable budget period used to determine an individual's eligibility” (42 CFR § 435.4). On the date of your application, that was the 2017 FPL, which is \$12,060.00 for a one -person household (82 Fed. Reg. 8831).

Financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size (42 CFR § 435.603(h)(1); State Plan Amendment (SPA) 13-0055-MM3, as approved March 19, 2014).

Modified Adjusted Gross Income

NYSOH bases its eligibility determinations on modified adjusted gross income as defined in the federal tax code (45 CFR § 155.300(a)). The term “modified adjusted gross income” means adjusted gross income increased by (1) any income that was excluded under 26 USC § 911 for United States citizens or residents living abroad, (2) tax-exempt interest received or accrued, and (3) Social Security benefits that were excluded from gross income under 26 USC § 86 (see 26 USC § 36B(d)(2)(B), 26 CFR § 1.36B-1(e)(2)).

“Adjusted gross income” means, in the case of an individual taxpayer, gross federal taxable income minus certain specific deductions, such as expenses reimbursed by an employer, losses from sale or exchange of property, losses from premature withdrawal of funds from time savings accounts, deductions attributable to royalties, and certain retirement savings (26 USC § 62(a)). Living expenses, such as rent and utilities are not an allowable deduction in computing adjusted gross income (*id.*).

Legal Analysis

The first issue under review is whether NYSOH properly determined that you were eligible for up to \$137.00 per month in APTC.

The application that was submitted on December 8, 2017 listed an annual household income of \$46,800.01 and the eligibility determination relied upon that information.

During the hearing, you testified that the amount you provided in your application was roughly correct. However, you asked that your current expenses be considered when calculating your annual household income.

Since the Internal Revenue Service rules do not allow living expenses such as rent, utilities, cable, and phone to be deducted from the calculation of your adjusted gross income, they cannot be deducted when the NYSOH computes your modified adjusted gross income for APTC purposes. Therefore, NYSOH correctly determined your household income to be \$46,800.01.

You are in a one-person household for purposes of this analysis. This is because you expect to file your 2018 income tax return as single and will claim no dependents on that tax return.

You reside in Bronx County, where the second lowest cost silver plan available for an individual through NYSOH costs \$509.30 per month.

An annual income of \$46,800.01 is 388.06% of the 2017 FPL for a one-person household. At 388.06% of the FPL, the expected contribution to the cost of the health insurance premium is 9.56% of income, or \$372.84 per month.

The maximum amount of APTC that can be approved equals the cost of the second lowest cost silver plan available through NYSOH for an individual in your county (\$509.30 per month) minus your expected contribution (\$372.84 per month), which equals \$136.46 per month. Therefore, rounding up to the nearest dollar, NYSOH correctly determined you to be eligible for up to \$137.00 per month in APTC.

The second issue under review is whether you were properly determined ineligible for cost-sharing reductions.

Cost-sharing reductions are available to a person who has a household income no greater than 250% of the FPL. Since a household income of \$46,800.01 is 388.06% of the applicable FPL, NYSOH correctly found you to be ineligible for cost sharing reductions.

The third issue under review is whether NYSOH properly determined you were ineligible for the Essential Plan.

The Essential Plan is generally provided through NYSOH to individuals who meet the non-financial requirements and have a household modified adjusted gross income that is between 138% and 200% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$12,060.00 for a one-person household. Since an annual household income of \$46,800.01 is 388.06% of the 2017 FPL, NYSOH correctly found you to be ineligible for the Essential Plan.

The fourth issue under review is whether NYSOH properly determined that you were ineligible for Medicaid.

Medicaid can be provided through NYSOH to adults between the ages of 19 and 65 who meet the non-financial requirements and have a household modified adjusted gross income that is at or below 138% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$12,060.00 for a one-person household. Since \$46,800.01 is 388.06% of the 2017 FPL, NYSOH properly found you to be ineligible for Medicaid on an expected annual income basis, using the information provided in your application.

However, financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size. Although you were granted Aid to Continue in your Medicaid Managed Care plan as of January 1, 2018, you were redetermined eligible for APTC such that a monthly analysis is warranted in your case. To be eligible for Medicaid, you would need to meet the non-financial criteria and have an income no greater than 138% of the FPL, which is \$1,387.00 per month.

The application that was submitted on December 8, 2017 listed an annual expected income of \$46,800.01 and the eligibility determination relied upon that information. Therefore, using the information provided in your December 8, 2017 application, your monthly household income was calculated to be \$3,900.00. Since the system calculated your monthly income to be \$3,900.00, you do not qualify for Medicaid based on monthly income as of the date of your application.

Since the December 9, 2017 eligibility determination notice properly stated that, based on the information you provided, you were eligible for up to \$137.00 per month in APTC, and ineligible for cost-sharing reductions, the Essential Plan, and Medicaid, it is correct and is AFFIRMED.

You testified that you are concerned that you may be terminated from your employment at some point in the near future. Please note, that if you experience a loss of employment or a change in income, you will need to update your

application within 30 days of any such changes, as these changes may affect your eligibility for financial assistance with health insurance through NYSOH.

Decision

The December 9, 2017 eligibility determination notice is **AFFIRMED**.
