## Decision

Decision Date: March 16, 2018

NY State of Health Account ID [REDACTED]  
Appeal Identification Number: AP000000025995

[REDACTED]

## Issues

The issues presented for review by the Appeals Unit of NY State of Health are:

Did NY State of Health properly determine that you were not eligible to receive advance payments of the premium tax credit, effective January 1, 2018?

Did NY State of Health properly determine that you were not eligible for cost-sharing reductions?

Did NY State of Health properly determine that you were not eligible for the Essential Plan?

Did NY State of Health properly determine that you were not eligible for Medicaid?

## Procedural History

On November 10, 2017, you applied for health insurance and financial assistance through NYSOH.

On November 11, 2017, NY State of Health (NYSOH) issued an eligibility determination notice stating that you were newly eligible to purchase a qualified health plan at full cost, effective January 1, 2018. That notice also stated that you were not eligible for advance payments of the premium tax credit, cost-sharing reductions, the Essential Plan or Medicaid, because your annual household income was over the allowable income limits for those programs.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

On December 18, 2017, you spoke to NYSOH's Account Review Unit and appealed that eligibility determination notice insofar as you were not eligible for financial assistance.

On January 26, 2018, NYSOH issued a plan enrollment notice confirming that you were enrolled in a bronze-level qualified health plan, effective March 1, 2018.

On February 21, 2018, you had a telephone hearing with a Hearing Officer from NYSOH's Appeals Unit. The record was developed during the hearing and closed at the end of the hearing.

## **Findings of Fact**

A review of the record supports the following findings of fact:

- 1) You testified that you expect to file your tax return for 2018 with a tax filing status of married filing jointly. You will claim no dependents on that tax return.
- 2) You are seeking health insurance for yourself.
- 3) You testified you were married on [REDACTED].
- 4) The application that was submitted on November 10, 2017, listed annual household income of \$84,193.00, consisting of \$14,300.00 you earn from your employment with \$1,841.00 you receive from your business and \$68,052.00 your spouse receives in annual income from her employer. You testified that these amounts were correct.
- 5) Your application states that you will not be taking any deductions on your 2018 tax return.
- 6) Your application states that you live in [REDACTED], NY.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

## **Applicable Law and Regulations**

### Advance Payments of Premium Tax Credit

Advance Payments of the Premium Tax Credit (APTC) are generally available to a person who is eligible to enroll in a qualified health plan and (1) expects to have a household income between 138% and 400% of the applicable federal

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

poverty level (FPL), (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a qualified health plan, and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 26 CFR § 1.36B-2, 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals:

- 1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through NY State of Health in the county where the taxpayer resides

*minus*

- 2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

The taxpayer's expected contribution amount is the amount that the taxpayer is expected to spend on health insurance premiums. The expected contribution for 2018 is set by federal law at 2.01% to 9.56% of household income (26 USC § 36B(b)(3)(A), 26 CFR § 1.36B-3, IRS Rev. Proc. 2017-36).

In an analysis of APTC eligibility, the determination is based on the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested (45 CFR §§ 155.300(a), 155.305(f)(1)(i)). On the date of your application, that was the 2017 FPL, which is \$16,240.00 for a two-person household (82 Federal Register 8831).

People who use the APTC to help pay health insurance premiums must file a federal tax return and reconcile their expected income (stated on NYSOH application) with their actual income (stated on their federal income tax return). Those who take less tax credit in advance than they claim on the tax return may get the rest of it as an income tax refund or have their tax bill reduced. Those who take more tax credit in advance than they can claim on their tax return will owe the difference as additional income taxes (26 CFR § 1.36B-4).

A tax filer who is married must generally file a joint return with his or her spouse in order to qualify for APTC (45 CFR §§ 155.305(f), 155.310(d); 26 CFR § 1.36B-2).

### Cost-Sharing Reductions

Cost-sharing reductions are available to a person who (1) is eligible to enroll in a qualified health plan through NYSOH, (2) meets the requirements to receive

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

APTC, (3) is expected to have an annual household income that does not exceed 250% of the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested, and (4) is enrolled in a silver-level qualified health plan (45 CFR § 155.300(a), 45 CFR § 155.305(g)(1)).

### Essential Plan

NYSOH must generally determine an applicant eligible for the Essential Plan, a basic health plan, if the person is (1) a resident of New York State, (2) expects to have a household income between 138% and 200% of the applicable FPL or, in the case of an individual who is a lawfully present non-citizen who is ineligible for Medicaid or Child Health Plus as a result of their immigration status, has a household income that is between 0% and 200% of the FPL, (3) is not otherwise eligible for minimum essential coverage except through the individual market, (4) is 64 years old or younger, (5) is a citizen or a lawfully present non-citizen, and (6) is not incarcerated (see 42 CFR § 600.305, 42 CFR § 435.603(d)(4), 45 CFR § 155.305(e), NY Social Services Law § 369-gg(3), 42 USC § 18051).

In an analysis of Essential Plan eligibility, the determination is based on the FPL in effect on the first day of the benefit year for which coverage is requested (45 CFR § 155.300(a)). On the date of your application, that was the 2017 FPL, which is \$16,240.00 for a two-person household (82 Federal Register 8831).

A person who has a household income that is at or below 150% of the FPL has a \$0.00 premium contribution (New York's Basic Health Plan Blueprint, p. 21, as approved January 2016; see <https://www.medicaid.gov/basic-health-program/downloads/ny-blueprint.pdf>).

A person who has a household income greater than 150% of the FPL or below 200% of the FPL has a \$20.00 per month premium contribution (New York's Basic Health Plan Blueprint, as approved January 2016).

The Essential Plan is considered minimum essential coverage; therefore, a person who is eligible for the Essential Plan is not eligible for any premium tax credit because they are eligible for minimum essential coverage through the individual market (see 26 CFR § 1.36B-2(c)(1), 26 USC § 5000A(f)(1)(C)).

### Medicaid

Medicaid can be provided through NYSOH to adults who: (1) are age 19 or older and under age 65, (2) are not pregnant, (3) are not entitled to or enrolled for Medicare benefits under part A or B of title XVIII of the Act, (4) are not otherwise eligible for and enrolled for mandatory coverage under a State's Medicaid State plan in accordance with subpart B of this part, and (5) have a household modified adjusted gross income (MAGI) that is at or below 138% of the FPL for the

applicable family size (42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)), NY Social Services Law § 366(1)(b)).

In an analysis of Medicaid eligibility, the determination is based on the FPL “for the applicable budget period used to determine an individual's eligibility” (42 CFR § 435.4). On the date of your application, that was the 2017 FPL, which is \$16,240.00 for a two-person household (82 Federal Register 8831).

Financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size (42 CFR § 435.603(h)(1); State Plan Amendment (SPA) 13-0055-MM3, as approved March 19, 2014).

## **Legal Analysis**

The first issue under review is whether NYSOH properly determined that you were not eligible for APTC.

A tax filer who is married must generally file a joint return with his or her spouse in order to qualify for APTC. You were married on [REDACTED]. You expect to file your 2018 income tax return as married filing jointly in 2017 and will claim no dependents on that tax return. Therefore, you are in a two-person household and your and your spouse's income will be counted towards your household income for purposes of this analysis.

The application that was submitted on November 10, 2017 listed an annual household income of \$84,193.00, and the eligibility determination relied upon that information.

APTC is generally available to a person who is eligible to enroll in a qualified health plan and expects to have a household income between 138% and 400% of the applicable FPL. An annual income of \$84,193.00 is 518.43% of the 2017 FPL for a two-person household. At 518.43% of the FPL, you are over income for this insurance affordability program.

Therefore, NYSOH correctly determined you were ineligible for APTC.

The second issue under review is whether you were properly determined ineligible for cost-sharing reductions. Cost-sharing reductions are available to a person who meets the requirements to receive APTC. CSR is also available to a person who has a household income no greater than 250% of the FPL. Since you were not eligible to receive APTC and have a household income of \$84,193.00, which is 518.43% of the applicable FPL, NYSOH correctly found you to be ineligible for cost sharing reductions.

The third issue under review is whether NYSOH properly determined you were not eligible for the Essential Plan.

The Essential Plan is generally provided through NYSOH to individuals who meet the non-financial requirements and have a household modified adjusted gross income that is between 138% and 200% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$16,240.00 for a two-person household. Since an annual household income of \$84,193.00 is 518.43% of the 2017 FPL, NYSOH correctly found you to be not eligible for the Essential Plan.

The fourth issue under review is whether NYSOH properly determined that you were not eligible for Medicaid.

Medicaid can be provided through NYSOH to adults between the ages of 19 and 65 who meet the non-financial requirements and have a household modified adjusted gross income that is at or below 138% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$16,240.00 for a two-person household. Since \$84,193.00 is 518.43% of the 2017 FPL, NYSOH properly found you to be not eligible for Medicaid on an expected annual income basis, using the information provided in your application.

However, financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size.

To be eligible for Medicaid, you would need to meet the non-financial criteria and have an income no greater than 138% of the FPL, which is \$1,868.00 per month. Since the income information you provided shows you on average would make \$7,016.08 in November 2017, you do not qualify for Medicaid based on monthly income as of the date of your application.

Since the November 11, 2017 eligibility determination notice properly stated that, based on the information you provided, you were not eligible for APTC, cost-sharing reductions, the Essential Plan, and Medicaid, it is correct and is **AFFIRMED**.
