Decision

Decision Date: March 15, 2018

NY State of Health Account ID: [REDACTED]
Appeal Identification Number: AP000000027223

Issues

The issues presented for review by the Appeals Unit of NY State of Health are:

Did NY State of Health (NYSOH) properly determine you were eligible to receive up to \$224.00 per month in advance payments of the premium tax credit (APTC), effective February 1, 2018?

Did NYSOH properly determine you were not eligible to receive cost-sharing reductions?

Did NYSOH properly determine you were not eligible for the Essential Plan?

Did NYSOH properly determine you were not eligible for Medicaid?

Procedural History

On January 15, 2018, NYSOH received an updated application for financial assistance with health insurance submitted on your behalf. That day a preliminary eligibility determination was prepared finding you eligible to receive up to \$224.00 per month in APTC, effective February 1, 2018.

Also on January 15, 2018, you spoke to NYSOH's Account Review Unit and appealed that determination insofar as you were not eligible for financial assistance.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

On January 16, 2018, NYSOH issued an eligibility determination notice stating you were eligible to receive up to \$224.00 per month in APTC, effective February 1, 2018. The notice indicated you were not eligible for cost-sharing reductions, the Essential Plan, or Medicaid, because your annual household income was over the allowable income limits for those programs.

On March 8, 2018, you had a telephone hearing with a Hearing Officer from NYSOH's Appeals Unit. The record was developed during the hearing and closed thereafter.

Findings of Fact

A review of the record supports the following findings of fact:

- 1) An updated application was submitted on your behalf on January 15, 2018. That application indicated that your annual expected income for 2018 was the same as the last tax year, \$36,000.00. You testified that information was accurate.
- 2) You testified, and your application indicates, you will file your 2018 tax return with a tax filing status of single and you will claim no dependents.
- 3) You testified, and your application indicates, you will not take any deductions on your 2018 tax return.
- 4) Your application indicates you reside in Kings County.
- 5) Following your January 15, 2018 application, NYSOH determined you eligible to receive monthly APTC of \$224.00, effective February 1, 2018.
- 6) You testified you are seeking eligibility for the Essential Plan or Medicaid.
- 7) You testified that you cannot afford to pay the premium for a qualified health plan, because of your other financial obligations.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

Applicable Law and Regulations

Advance Payments of Premium Tax Credit

APTC are generally available to a person who is eligible to enroll in a qualified health plan and (1) expects to have a household income from 138% up to 400%

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

of the applicable federal poverty level (FPL), (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a qualified health plan, and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 26 CFR § 1.36B-2, 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals:

- 1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through NY State of Health in the county where the taxpayer resides

minus

- 2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

The taxpayer's expected contribution amount is the amount that the taxpayer is expected to spend on health insurance premiums. The expected contribution for 2018 is set by federal law at 2.01% to 9.56% of household income (26 USC § 36B(b)(3)(A), 26 CFR § 1.36B-3, IRS Rev. Proc. 2017-36).

In an analysis of APTC eligibility, the determination is based on the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested (45 CFR §§ 155.300(a), 155.305(f)(1)(i)). On the date of your application, that was the 2017 FPL, which is \$12,060.00 for a one-person household (82 Federal Register 8831).

For annual household income in the range of at least 250% but less than 300% of the 2017 FPL, the expected contribution is between 8.10% and 9.56% of the household income (26 CFR § 1.36B-3(g)(1), 45 CFR § 155.300(a), IRS Rev. Proc. 2017-36).

People who use the APTC to help pay health insurance premiums must file a federal tax return and reconcile their expected income (stated on NYSOH application) with their actual income (stated on their federal income tax return). Those who take less tax credit in advance than they claim on the tax return may get the rest of it as an income tax refund or have their tax bill reduced. Those who take more tax credit in advance than they can claim on their tax return will owe the difference as additional income taxes (26 CFR § 1.36B-4).

Cost-Sharing Reductions

Cost-sharing reductions are available to a person who (1) is eligible to enroll in a qualified health plan through NYSOH, (2) meets the requirements to receive APTC, (3) is expected to have an annual household income that does not exceed 250% of the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested, and (4) is enrolled in a silver-level qualified health plan (45 CFR § 155.300(a), 45 CFR § 155.305(g)(1)).

Essential Plan

NYSOH must generally determine an applicant eligible for the Essential Plan, a basic health plan, if the person is (1) a resident of New York State, (2) expects to have a household income between 138% and 200% of the applicable FPL or, in the case of an individual who is a lawfully present non-citizen who is ineligible for Medicaid or Child Health Plus as a result of their immigration status, has a household income that is between 0% and 200% of the FPL, (3) is not otherwise eligible for minimum essential coverage except through the individual market, (4) is 64 years old or younger, (5) is a citizen or a lawfully present non-citizen, and (6) is not incarcerated (see 42 CFR § 600.305, 42 CFR § 435.603(d)(4), 45 CFR § 155.305(e), NY Social Services Law § 369-gg(3), 42 USC § 18051).

In an analysis of Essential Plan eligibility, the determination is based on the FPL in effect on the first day of the benefit year for which coverage is requested (45 CFR § 155.300(a)). On the date of your application that was the 2017 FPL, which is \$12,060.00 for a one-person household (82 Fed. Reg. 8831).

Medicaid

Medicaid can be provided through NYSOH to adults who: (1) are age 19 or older and under age 65, (2) are not pregnant, (3) are not entitled to or enrolled for Medicare benefits under part A or B of title XVIII of the Act, (4) are not otherwise eligible for and enrolled for mandatory coverage under a State's Medicaid State plan in accordance with subpart B of this part, and (5) have a household modified adjusted gross income (MAGI) that is at or below 138% of the FPL for the applicable family size (42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)), NY Social Services Law § 366(1)(b)).

In an analysis of Medicaid eligibility, the determination is based on the FPL “for the applicable budget period used to determine an individual's eligibility” (42 CFR § 435.4). On the date of your application, that was the 2018 FPL, which is \$12,140.00 for a one-person household (83 Fed. Reg. 2642).

Financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size

(42 CFR § 435.603(h)(1); State Plan Amendment (SPA) 13-0055-MM3, as approved March 19, 2014).

Modified Adjusted Gross Income

NYSOH bases its eligibility determinations on modified adjusted gross income as defined in the federal tax code (45 CFR § 155.300(a)). The term “modified adjusted gross income” means adjusted gross income increased by (1) any income that was excluded under 26 USC § 911 for United States citizens or residents living abroad, (2) tax-exempt interest received or accrued, and (3) Social Security benefits that were excluded from gross income under 26 USC § 86 (see 26 USC § 36B(d)(2)(B), 26 CFR § 1.36B-1(e)(2)).

“Adjusted gross income” means, in the case of an individual taxpayer, gross federal taxable income minus certain specific deductions, such as expenses reimbursed by an employer, losses from sale or exchange of property, losses from premature withdrawal of funds from time savings accounts, deductions attributable to royalties, and certain retirement savings (26 USC § 62(a)). Living expenses, such as rent and utilities are not an allowable deduction in computing adjusted gross income (*id.*).

Legal Analysis

The first issue under review is whether NYSOH properly determined you were eligible to receive up to \$224.00 per month in APTC, effective February 1, 2018.

The updated application submitted on your behalf listed your annual expected income for 2018 as \$36,000.00. You testified that information was accurate and the eligibility determination at issue relied upon that information.

It is noted that during the hearing, you testified you have various personal financial obligations that render paying the premium for a qualified health plan impossible. However, since eligibility for financial assistance through NYSOH is based on an individual’s modified adjusted gross income as defined in the federal tax code, and Internal Revenue Service rules do not allow living expenses such as rent, utilities, cable, and phone to be deducted from the calculation of your adjusted gross income, they cannot be considered when NYSOH computes your modified adjusted gross income for APTC purposes. Thus, NYSOH properly based its eligibility determination on the \$36,000.00 annual income amount attested to in your application.

The evidence establishes that you are in a one-person household, because you expect to file your 2018 income tax return as single and will claim no dependents on that tax return.

You reside in Kings County, where the second lowest cost silver plan available for an individual through NYSOH costs \$509.30 per month.

An annual income of \$36,000.00 is 298.51% of the 2017 FPL for a one-person household. At 298.51% of the FPL, the expected contribution to the cost of the health insurance premium is 9.52% of income, or \$285.49 per month.

The maximum amount of APTC that can be approved equals the cost of the second lowest cost silver plan available through NYSOH for an individual in your county (\$509.30 per month) minus your expected contribution (\$285.49 per month), which equals \$223.81 per month. Therefore, rounding to the nearest dollar, NYSOH correctly determined you eligible for up to \$224.00 per month in APTC.

The second issue is whether you were properly determined ineligible for cost-sharing reductions.

Cost-sharing reductions are available to applicants with a household income no greater than 250% of the FPL. Since a household income of \$36,000.00 is 298.51% of the applicable FPL, over the 250% limit, NYSOH correctly found you to be ineligible for cost sharing reductions.

The third issue under review is whether NYSOH properly determined you were ineligible for the Essential Plan.

The Essential Plan is generally provided through NYSOH to individuals who meet the non-financial requirements and have a household modified adjusted gross income that is between 138% and 200% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$12,060.00 for a one-person household. Since an annual household income of \$36,000.00 is 298.51% of the 2017 FPL, over the 200% limit, NYSOH correctly found you ineligible for the Essential Plan.

The fourth issue is whether NYSOH properly determined you were ineligible for Medicaid.

Medicaid can be provided through NYSOH to adults between the ages of 19 and 65 who meet the non-financial requirements and have a household modified adjusted gross income that is at or below 138% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$12,140.00 for a one-person household. Since \$36,000.00 is 296.54% of the 2018 FPL, over the 138% limit, NYSOH properly found you ineligible for Medicaid on an expected annual income basis, using the information provided in your application.

However, financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size.

You testified that you are paid weekly in the gross amount of \$750.00. You testified that received a paycheck on every Friday in January 2018. Based on that testimony, you would have received \$3,000.00 in gross income in the month of January 2018.

To be eligible for Medicaid, you would need to meet the non-financial criteria and have an income no greater than 138% of the FPL, which is \$1,397.00 per month. Since the evidence establishes that you earned \$3,000.00 in January 2018, over the \$1,397.00 monthly income limit, you do not qualify for Medicaid based on monthly income as of the date of your application.

Since the January 16, 2018 eligibility determination notice properly stated that, based on the information you provided, you were eligible for up to \$224.00 per month in APTC, ineligible for cost-sharing reductions, ineligible for the Essential Plan and ineligible for Medicaid, it is correct and is AFFIRMED.
