Decision

Decision Date: April 27, 2018

NY State of Health Account ID:

Appeal Identification Number: AP000000028152

#### Issues

The issues presented for review by the Appeals Unit of NY State of Health are:

Did NY State of Health (NYSOH) properly determine that you were eligible to receive up to \$279.00 per month in advance payments of the premium tax credit (APTC)?

Did NYSOH properly determine that you were ineligible for cost-sharing reductions (CSR)?

# **Procedural History**

On January 31, 2018, you submitted an application for financial assistance through NYSOH. Based on that application, NYSOH rendered a preliminary eligibility determination stating that you were eligible for up to \$279.00 per month in APTC.

Also on January 31, 2018, you spoke with NYSOH's Account Review Unit and requested an appeal relative to the amount of financial assistance you were determined eligible to receive.

On February 1, 2018, NYSOH issued an eligibility determination notice stating that you were eligible for up to \$279.00 monthly of APTC, effective as of March 1, 2018. The notice also stated that you were ineligible for CSR because your income exceeded the income threshold.

On April 24, 2018, you had a telephone hearing with a Hearing Officer from NYSOH's Appeals Unit. Testimony was taken and the record was fully developed during the hearing. The record was closed at the end of the hearing.

# **Findings of Fact**

A review of the record supports the following findings of fact:

- 1) According to your NYSOH account and testimony, you are applying for health insurance for yourself.
- 2) According to your January 31, 2018 application, you attested that you earn \$1,237.74 every two weeks. Based on your attestation, your expected 2018 annual income was calculated to be \$32,181.24.
- 3) According to your February 13, 2018 application and testimony, you expect to file a 2018 federal income tax return with the tax status of single, and did not expect to claim any dependents on that tax return.
- 4) You testified that you are enrolled in college and expect to pay \$2,700.00 in tuition and fees in 2018.
- 5) According to your NYSOH account, you reside in York.
- 6) You testified that you want your living expenses to be considered when calculating your eligibility for financial assistance.
- 7) You testified that you are not able to afford the health insurance premiums based on the amount of financial assistance you were determined eligible to receive.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

# **Applicable Law and Regulations**

## Modified Adjusted Gross Income

NYSOH bases its eligibility determinations on modified adjusted gross income as defined in the federal tax code (45 CFR § 155.300(a)). The term "modified adjusted gross income" means adjusted gross income increased by (1) any income that was excluded under 26 USC § 911 for United States citizens or residents living abroad, (2) tax-exempt interest received or accrued, and (3)

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

Social Security benefits that were excluded from gross income under 26 USC § 86 (see 26 USC § 36B(d)(2)(B), 26 CFR § 1.36B-1(e)(2)).

"Adjusted gross income" means, in the case of an individual taxpayer, gross federal taxable income minus certain specific deductions, such as expenses reimbursed by an employer, losses from sale or exchange of property, losses from premature withdrawal of finds from time savings accounts, deductions attributable to royalties, and certain retirement savings (26 USC § 62(a)).

Living expenses, such as rent and utilities are not an allowable deduction in computing adjusted gross income (26 USC § 262(a)).

Subject to income limitations, tuition and fees for higher education paid by the tax payer to a qualified educational institution can be deducted from their gross income in an amount up to \$4,000.00. The allowable deduction does not apply to taxable years beginning after December 31, 2017 (26 USC § 222(b), (e)).

On February 9, 2018, the Bipartisan Budget Act of 2018 amended the Internal Revenue Code of 1986 to extend certain expiring provisions, including the Above the Line Deduction for Qualified Tuition and Related Expenses. The Qualified Tuition and Related Expense Deduction was extended through December 31, 2017 (H.R. 1892 - 115th Congress (2017-2018), Public Law No. 115-123).

## **Household Composition**

For APTC and CSR, the household size equals the number of individuals for whom the taxpayers are allowed a deduction under 26 USC § 151 for the taxable year, which typically includes: (1) the taxpayer, (2) his or her spouse, and (3) any claimed dependents (26 USC § 36B(d)(1)).

#### Advance Payments of Premium Tax Credit

Advance payments of the premium tax credit (APTC) are generally available to a person who is eligible to enroll in a qualified health plan (QHP) and (1) expects to have a household income between 138% and 400% of the applicable federal poverty level (FPL), (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a QHP, and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals:

 the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through NY State of Health in the county where the taxpayer resides

## minus

2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

The taxpayer's expected contribution amount is the amount that the taxpayer is expected to spend on health insurance premiums. The expected contribution for 2018 is set by federal law at 2.01% to 9.56% of household income (26 USC § 36B(b)(3)(A), 26 CFR § 1.36B-3, IRS Rev. Proc. 2017-36).

In an analysis of APTC eligibility, the determination is based on the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested (45 CFR §§ 155.300(a), 155.305(f)(1)(i)). On the date of your application, that was the 2017 FPL, which is \$12,060.00 for a one-person household (82 Federal Register 8831).

For annual household income in the range of at least 250% but less than 300% of the 2017 FPL, the expected contribution in 2018 is between 8.10% and 9.56% of the household income (26 CFR § 1.36B-3(g)(1), 45 CFR § 155.300(a), IRS Rev. Proc. 2017-36).

People who use the APTC to help pay health insurance premiums must file a federal tax return and reconcile their expected income (stated on NYSOH application) with their actual income (stated on their federal income tax return). Those who take less tax credit in advance than they claim on the tax return may get the rest of it as an income tax refund or have their tax bill reduced. Those who take more tax credit in advance than they can claim on their tax return will owe the difference as additional income taxes (26 CFR § 1.36B-4).

#### Cost-Sharing Reductions

Cost-sharing reductions (CSR) are available to a person who (1) is eligible to enroll in a QHP through NYSOH, (2) meets the requirements to receive APTC, (3) is expected to have an annual household income that does not exceed 250% of the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested, and (4) is enrolled in a silver-level QHP (45 CFR § 155.300(a), 45 CFR § 155.305(g)(1)).

#### Affordability Exemption

Under some circumstances, a person may receive an exemption from paying a penalty for not purchasing health insurance coverage. Such an exemption may be granted if that person can show that he or she experienced a financial hardship or has domestic circumstances that (1) caused an unexpected increase

in essential expenses that prevented that person from obtaining health coverage under a QHP; (2) would have caused the person to experience serious deprivation of food, shelter, clothing, or other necessities, as a result of the expense of purchasing health coverage under a QHP; or (3) prevented that person from obtaining coverage under a QHP (45 CFR § 155.605(a), (g)).

NY State of Health has deferred to the U.S. Department of Health and Human Services (HHS) on the matter of hardship exemptions (see 45 CFR § 155.505(c)).

# Legal Analysis

The first issue under review is whether NYSOH properly determined that you were eligible for up to \$279.00 of APTC per month.

Based on the application that was submitted on January 31, 2018, you attested to an expected 2018 annual household income of \$32,181.24, and the February 1, 2018, eligibility determination relied upon that information.

An individual who expects to file a federal income tax return, the household equals the taxpayers and the number of individuals for whom the taxpayer is claiming as a dependent.

You attested that you expect to file a 2018 federal income tax return with the tax status of single, and did not expect to claim any dependents on that return. Therefore, you were in a one-person household.

You reside in Kings County, New York, where the second lowest cost silver plan available for an individual through NYSOH costs \$509.30 per month.

An annual income of \$32,181.24 is 266.84% of the 2017 FPL for a one-person household. At 266.84% of the 2017 FPL, the expected contribution is 8.59% of the household income, or \$230.36 per month.

The maximum amount of APTC that can be approved equals the cost of the second lowest cost silver plan available through NYSOH for an individual in your county (\$509.30 per month) minus your expected contribution (\$230.36 per month), which equals \$278.94 per month. Therefore, NYSOH correctly determined you to be eligible for up to \$279.00 per month in APTC.

The second issue under review is whether you were properly found ineligible for CSR.

CSR are available to a person who has a household income no greater than 250% of the 2016 FPL. Since a one-person household with an income of

\$32,181.24 is 266.84% of the 2017 FPL, NYSOH correctly found you to be ineligible for CSR.

The February 4, 2018 eligibility determination notice is AFFIRMED.

You testified that you want your living expenses to be considered when your financial assistance is considered; however, living expenses are not computed when calculating your adjusted gross income.

You testified that you are enrolled in college and expect to pay \$2,700.00 in tuition and fees in 2018. As of the date of your hearing, the tuition and fees deduction has not been extended beyond the taxable year that ended on December 31, 2017. At the end of a tax year, a person who elects to take the APTC to help pay for the cost of an insurance premium must file a tax return and reconcile any differences between the income reported to NYSOH and the income reflected on their federal income tax return. If you received less tax credit than you were entitled to, you may receive an income tax refund.
