NY State of Health Account ID: [REDACTED]
Appeal Identification Number: AP000000028741

Issues

The issues presented for review by the Appeals Unit of NY State of Health are:

Did NY State of Health properly determine that you were eligible to receive up to \$235.00 per month in advance payments of the premium tax credit, effective March 1, 2018?

Did NY State of Health properly determine that you were not eligible for cost-sharing reductions?

Did NY State of Health properly determine that you were not eligible for the Essential Plan?

Did NY State of Health properly determine that you were not eligible for Medicaid?

Procedural History

On December 29, 2017, NY State of Health (NYSOH) received your updated application for financial assistance with health insurance.

On December 30, 2017, NYSOH issued a notice stating that you had to submit proof of household income by January 13, 2018 to confirm your eligibility.

On February 1, 2018, paystubs covering the pay periods between November 26, 2017 and January 6, 2018 and your 2017 W-2 form were uploaded to your NYSOH account.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

On February 2, 2018, NYSOH verified your submitted documentation as proof of income. Your application was updated and your eligibility was rerun.

On February 3, 2018, NYSOH issued an eligibility redetermination notice, based on the February 2, 2018 updated application, stating that you were eligible to receive up to \$235.00 in advance payments of the premium tax credit (APTC), effective March 1, 2018. That notice also stated, in part, that you were not eligible for cost-sharing reductions, the Essential Plan, or Medicaid, because your annual household income was over the allowable income limits for those programs.

On February 9, 2018, you spoke to NYSOH's Account Review Unit and appealed that eligibility redetermination notice insofar as you were not found eligible for Medicaid.

On April 25, 2018, you had a telephone hearing with a Hearing Officer from NYSOH's Appeals Unit. During the hearing, [REDACTED] acted as your Authorized Representative and assisted you with your testimony. The record was developed during the hearing and closed at the end of the hearing.

Findings of Fact

A review of the record supports the following findings of fact:

- 1) You testified that you are seeking, specifically, to be found eligible for Medicaid.
- 2) You testified that you expect to file your tax return for 2018 with a tax filing status of single. You will claim no dependents on that tax return.
- 3) The application that was submitted on February 2, 2018, listed annual household income of \$35,237.93 consisting of income earned from your employment. Your Authorized Representative testified that this amount was not correct.
- 4) Your Authorized Representative testified that your income for 2018 would be about the same as 2017, though you received a \$0.50 raise.
- 5) On February 2, 2018, your paystubs and W-2 tax form were uploaded to your NYSOH account. The documents reflect that you earned \$28,794.64 in 2017.
- 6) Your Authorized Representative testified that you will not be taking any deductions on your 2018 tax return.
- 7) You testified that you lived in Richmond County.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

- 8) Your Authorized Representative testified that your child support payments take 65% of your wages each week and that this should be considered in your eligibility determination.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

Applicable Law and Regulations

Advance Payments of Premium Tax Credit

APTC are generally available to a person who is eligible to enroll in a qualified health plan and (1) expects to have a household income between 138% and 400% of the applicable federal poverty level (FPL), (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a qualified health plan, and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 26 CFR § 1.36B-2, 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals:

- 1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through NY State of Health in the county where the taxpayer resides

minus

- 2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

The taxpayer's expected contribution amount is the amount that the taxpayer is expected to spend on health insurance premiums. The expected contribution for 2018 is set by federal law at 2.01% to 9.56% of household income (26 USC § 36B(b)(3)(A), 26 CFR § 1.36B-3, IRS Rev. Proc. 2017-36).

In an analysis of APTC eligibility, the determination is based on the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested (45 CFR §§ 155.300(a), 155.305(f)(1)(i)). On the date of your application, that was the 2017 FPL, which is \$12,060.00 for a one-person household (82 Federal Register 8831).

For annual household income in the range of at least 250%% but less than 300% of the 2017 FPL, the expected contribution is between 8.10% and 9.56% of the household income (26 CFR § 1.36B-3(g)(1), 45 CFR § 155.300(a), IRS Rev. Proc. 2017-36).

People who use the APTC to help pay health insurance premiums must file a federal tax return and reconcile their expected income (stated on NYSOH application) with their actual income (stated on their federal income tax return). Those who take less tax credit in advance than they claim on the tax return may get the rest of it as an income tax refund or have their tax bill reduced. Those who take more tax credit in advance than they can claim on their tax return will owe the difference as additional income taxes (26 CFR § 1.36B-4).

Cost-Sharing Reductions

Cost-sharing reductions are available to a person who (1) is eligible to enroll in a qualified health plan through NYSOH, (2) meets the requirements to receive APTC, (3) is expected to have an annual household income that does not exceed 250% of the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested, and (4) is enrolled in a silver-level qualified health plan (45 CFR § 155.300(a), 45 CFR § 155.305(g)(1)).

Essential Plan

NYSOH must generally determine an applicant eligible for the Essential Plan, a basic health plan, if the person is (1) a resident of New York State, (2) expects to have a household income between 138% and 200% of the applicable FPL or, in the case of an individual who is a lawfully present non-citizen who is ineligible for Medicaid or Child Health Plus as a result of their immigration status, has a household income that is between 0% and 200% of the FPL, (3) is not otherwise eligible for minimum essential coverage except through the individual market, (4) is 64 years old or younger, (5) is a citizen or a lawfully present non-citizen, and (6) is not incarcerated (see 42 CFR § 600.305, 42 CFR § 435.603(d)(4), 45 CFR § 155.305(e), NY Social Services Law § 369-gg(3), 42 USC § 18051).

In an analysis of Essential Plan eligibility, the determination is based on the FPL in effect on the first day of the benefit year for which coverage is requested (45 CFR § 155.300(a)). On the date of your application, that was the 2017 FPL, which is \$12,060.00 for a one-person household (82 Fed. Reg. 8831).

A person who has a household income that is at or below 150% of the FPL has a \$0.00 premium contribution (New York's Basic Health Plan Blueprint, p. 21, as approved January 2016; see <https://www.medicaid.gov/basic-health-program/downloads/ny-blueprint.pdf>).

A person who has a household income greater than 150% of the FPL or below 200% of the FPL has a \$20.00 per month premium contribution (New York's Basic Health Plan Blueprint, as approved January 2016).

The Essential Plan is considered minimum essential coverage; therefore, a person who is eligible for the Essential Plan is not eligible for any premium tax credit because they are eligible for minimum essential coverage through the individual market (see 26 CFR § 1.36B-2(c)(1), 26 USC § 5000A(f)(1)(C)).

Medicaid

Medicaid can be provided through NYSOH to adults who: (1) are age 19 or older and under age 65, (2) are not pregnant, (3) are not entitled to or enrolled for Medicare benefits under part A or B of title XVIII of the Act, (4) are not otherwise eligible for and enrolled for mandatory coverage under a State's Medicaid State plan in accordance with subpart B of this part, and (5) have a household modified adjusted gross income that is at or below 138% of the FPL for the applicable family size (42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)), NY Social Services Law § 366(1)(b)).

In an analysis of Medicaid eligibility, the determination is based on the FPL "for the applicable budget period used to determine an individual's eligibility" (42 CFR § 435.4). On the date of your application, that was the 2018 FPL, which is \$12,140.00 for a one-person household (83 Fed. Reg. 2642).

Modified Adjusted Gross Income

NYSOH bases its eligibility determinations on modified adjusted gross income as defined in the federal tax code (45 CFR § 155.300(a)). The term "modified adjusted gross income" means adjusted gross income increased by (1) any income that was excluded under 26 USC § 911 for United States citizens or residents living abroad, (2) tax-exempt interest received or accrued, and (3) Social Security benefits that were excluded from gross income under 26 USC § 86 (see 26 USC § 36B(d)(2)(B), 26 CFR § 1.36B-1(e)(2)).

"Adjusted gross income" means, in the case of an individual taxpayer, gross federal taxable income minus certain specific deductions, such as expenses reimbursed by an employer, losses from sale or exchange of property, losses from premature withdrawal of funds from time savings accounts, deductions attributable to royalties, and certain retirement savings (26 USC § 62(a)). Living expenses, such as rent and utilities are not an allowable deduction in computing adjusted gross income (*id.*).

Child Support

Generally, payments made for the support of children are not included in the gross income of the parent receiving the payment. Conversely, payments made for the support of children are not an allowable deduction in computing adjusted gross income (26 USC § 71(c)(1)).

Legal Analysis

The first issue is whether NYSOH properly determined that you were eligible for up to \$235.00 per month in APTC.

The application that was submitted on February 2, 2018 listed an annual household income of \$35,237.93 and the eligibility redetermination relied upon that information.

During the hearing, your Authorized Representative asked that your current expenses, which include child support payments, be considered when calculating your annual household income.

Since the Internal Revenue Service rules do not allow living expenses such as rent, utilities, cable, phone, and child support payments to be deducted from the calculation of your adjusted gross income, they cannot be deducted when the NYSOH computes your modified adjusted gross income for APTC purposes. Therefore, NYSOH determined your household income to be your earned income of \$35,237.93.

You are in a one-person household. You expect to file your 2018 income tax return as single and will claim no dependents on that tax return.

You reside in Richmond County, where the second lowest cost silver plan available for an individual through NYSOH costs \$509.30 per month.

An annual income of \$35,237.93 is 292.19% of the 2017 FPL for a one-person household. At 292.19% of the FPL, the expected contribution to the cost of the health insurance premium is 9.33% of income, or \$273.97 per month.

The maximum amount of APTC that can be approved equals the cost of the second lowest cost silver plan available through NYSOH for an individual in your county (\$509.30 per month) minus your expected contribution (\$273.97 per month), which equals \$235.33 per month. Therefore, rounding to the nearest dollar, NYSOH correctly determined you to be eligible for up to \$235.00 per month in APTC.

The second issue is whether you were properly determined ineligible for cost-sharing reductions. Cost-sharing reductions are available to a person who has a household income no greater than 250% of the FPL. Since a household income

of \$35,237.93 is 292.19% of the applicable FPL, NYSOH correctly found you to be ineligible for cost sharing reductions.

The third issue under review is whether NYSOH properly determined you were ineligible for the Essential Plan.

The Essential Plan is generally provided through NYSOH to individuals who meet the non-financial requirements and have a household modified adjusted gross income that is between 138% and 200% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$12,060.00 for a one-person household. Since an annual household income of \$35,237.93 is 292.19% of the 2017 FPL, NYSOH correctly found you to be ineligible for the Essential Plan.

The fourth issue under review is whether NYSOH properly determined that you were ineligible for Medicaid.

Medicaid can be provided through NYSOH to adults between the ages of 19 and 65 who meet the non-financial requirements and have a household modified adjusted gross income that is at or below 138% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$12,140.00 for a one-person household. Since \$35,237.93 is 290.26% of the 2018 FPL, NYSOH properly found you to be ineligible for Medicaid on an expected annual income basis.

Since the February 3, 2018 eligibility redetermination notice properly stated that, you were eligible for up to \$235.00 per month in APTC, ineligible for cost-sharing reductions, ineligible for the Essential Plan, and ineligible for Medicaid, it is correct and is **AFFIRMED**.

However, your Authorized Representative credibly testified that your expected annual income for 2018 would be about the same as your income in 2017. You submitted documentation that showed that in 2017 you earned \$28,794.64. Since the record now contains a more accurate representation of your expected annual household income, your case is **RETURNED** to NYSOH for a redetermination of your eligibility based on a household of one person, residing in Richmond County, with an expected household income of \$28,794.64.
