Issues

The issues presented for review by the Appeals Unit of NY State of Health are:

Did NY State of Health properly determine that you were eligible to receive up to \$212.00 per month in advance payments of the premium tax credit, effective March 1, 2018?

Did NY State of Health properly determine that you were not eligible for cost-sharing reductions?

Did NY State of Health properly determine that you were not eligible for the Essential Plan?

Did NY State of Health properly determine that you were not eligible for Medicaid?

Procedural History

On February 14, 2018, you applied for financial assistance with health insurance through NY State of Health (NYSOH). That day, a preliminary eligibility determination was prepared stating that you were eligible to receive up to \$212.00 in advance payments of the premium tax credit (APTC), effective March 1, 2018.

Also on February 14, 2018, you spoke to NYSOH's Account Review Unit and appealed insofar as you were not eligible for further financial assistance.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

On February 15, 2018, NYSOH issued an eligibility redetermination notice, based on the February 14, 2018 application, stating that, if you qualified for a Special Enrollment Period, you were eligible to receive up to \$212.00 in APTC, effective March 1, 2018. That notice also stated that you were not eligible for cost-sharing reductions, Medicaid, or the Essential Plan because your annual household income was over the allowable income limits for those programs.

On April 11, 2018, you had a telephone hearing with a Hearing Officer from NYSOH's Appeals Unit. The record was developed during the hearing and held open to April 26, 2018, to allow you time to submit supporting documents.

On April 12, 2018, the Appeals Unit of NYSOH received by fax a letter from your employer stating that, while you were still an employee, previously scheduled work had been put on hold and your last day of work was [REDACTED]. This document was incorporated into the record as Appellant's Exhibit #1.

On April 25, 2018, the Appeals Unit of NYSOH received by fax your pay stubs from February 2018. This document was incorporated into the record as Appellant's Exhibit #2. The record is now closed.

Findings of Fact

A review of the record supports the following findings of fact:

- 1) You testified that you expect to file your tax return for 2018 with a tax filing status of single. You will claim no dependents on that tax return.
- 2) The application that was submitted on February 14, 2018, listed annual household income of \$37,305.00 consisting of income earned from your employment. You testified that this amount was correct.
- 3) You testified that you expect your income to decrease this year. You testified, and submitted documentation confirming, that work had slowed down and you had not worked since [REDACTED].
- 4) You testified that your monthly income for February of 2018 was \$1,500.00. On April 25, 2018 you submitted pay stubs showing that your gross income for February of 2018 was \$2,222.06.
- 5) You testified, and your application states, that you will not be taking any deductions on your 2018 tax return.
- 6) Your application states that you live in [REDACTED].

- 7) You testified that you are unable to afford the health insurance NYSOH determined that you were eligible for. You further testified that you need insurance to help pay for medication that you take to address a health condition.

Conflicting evidence, if any, was considered and found to be less credible than the evidence noted above.

Applicable Law and Regulations

Advance Payments of Premium Tax Credit

APTC are generally available to a person who is eligible to enroll in a qualified health plan and (1) expects to have a household income between 138% and 400% of the applicable federal poverty level (FPL), (2) expects to file a tax return and claim a personal exemption deduction for a person who meets the eligibility requirements to enroll in a qualified health plan, and (3) is not otherwise eligible for minimum essential coverage except through the individual market (see 45 CFR § 155.305(f), 26 CFR § 1.36B-2, 42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)).

The maximum amount of APTC that can be authorized equals:

- 1) the cost of the health insurance premium for the taxpayer's coverage family in the second lowest cost silver plan offered through NY State of Health in the county where the taxpayer resides

minus

- 2) the taxpayer's expected contribution amount

(see 26 USC § 36B, 26 CFR § 1.36B-3).

The taxpayer's expected contribution amount is the amount that the taxpayer is expected to spend on health insurance premiums. The expected contribution for 2018 is set by federal law at 2.01% to 9.56% of household income (26 USC § 36B(b)(3)(A), 26 CFR § 1.36B-3, IRS Rev. Proc. 2017-36).

In an analysis of APTC eligibility, the determination is based on the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested (45 CFR §§ 155.300(a), 155.305(f)(1)(i)). On the date of your application, that was the 2017 FPL, which is \$12,060.00 for a one-person household (82 Federal Register 8831).

For annual household income in the range of at least \$36,180.00% but less than \$48,240.00% of the 2017 FPL, the expected contribution is 9.56% of the household income (26 CFR § 1.36B-3(g)(1), 45 CFR § 155.300(a), IRS Rev. Proc. 2017-36).

People who use the APTC to help pay health insurance premiums must file a federal tax return and reconcile their expected income (stated on NYSOH application) with their actual income (stated on their federal income tax return). Those who take less tax credit in advance than they claim on the tax return may get the rest of it as an income tax refund or have their tax bill reduced. Those who take more tax credit in advance than they can claim on their tax return will owe the difference as additional income taxes (26 CFR § 1.36B-4).

Cost-Sharing Reductions

Cost-sharing reductions are available to a person who (1) is eligible to enroll in a qualified health plan through NYSOH, (2) meets the requirements to receive APTC, (3) is expected to have an annual household income that does not exceed 250% of the FPL for the first day of the open enrollment period of the benefit year for which coverage is requested, and (4) is enrolled in a silver-level qualified health plan (45 CFR § 155.300(a), 45 CFR § 155.305(g)(1)).

Essential Plan

NYSOH must generally determine an applicant eligible for the Essential Plan, a basic health plan, if the person is (1) a resident of New York State, (2) expects to have a household income between 138% and 200% of the applicable FPL or, in the case of an individual who is a lawfully present non-citizen who is ineligible for Medicaid or Child Health Plus as a result of their immigration status, has a household income that is between 0% and 200% of the FPL, (3) is not otherwise eligible for minimum essential coverage except through the individual market, (4) is 64 years old or younger, (5) is a citizen or a lawfully present non-citizen, and (6) is not incarcerated (see 42 CFR § 600.305, 42 CFR § 435.603(d)(4), 45 CFR § 155.305(e), NY Social Services Law § 369-gg(3), 42 USC § 18051).

In an analysis of Essential Plan eligibility, the determination is based on the FPL in effect on the first day of the benefit year for which coverage is requested (45 CFR § 155.300(a)). On the date of your application that was the 2017 FPL, which is \$12,060.00 for a one-person household (82 Fed. Reg. 8831).

A person who has a household income that is at or below 150% of the FPL has a \$0.00 premium contribution (New York's Basic Health Plan Blueprint, p. 21, as approved January 2016; see <https://www.medicaid.gov/basic-health-program/downloads/ny-blueprint.pdf>).

A person who has a household income greater than 150% of the FPL or below 200% of the FPL has a \$20.00 per month premium contribution (New York's Basic Health Plan Blueprint, as approved January 2016).

The Essential Plan is considered minimum essential coverage; therefore, a person who is eligible for the Essential Plan is not eligible for any premium tax credit because they are eligible for minimum essential coverage through the individual market (see 26 CFR § 1.36B-2(c)(1), 26 USC § 5000A(f)(1)(C)).

Medicaid

Medicaid can be provided through NYSOH to adults who: (1) are age 19 or older and under age 65, (2) are not pregnant, (3) are not entitled to or enrolled for Medicare benefits under part A or B of title XVIII of the Act, (4) are not otherwise eligible for and enrolled for mandatory coverage under a State's Medicaid State plan in accordance with subpart B of this part, and (5) have a household modified adjusted gross income (MAGI) that is at or below 138% of the FPL for the applicable family size (42 CFR § 435.119(b), 42 CFR § 435.911(b)(1), 42 CFR § 435.603(d)(4)), NY Social Services Law § 366(1)(b)).

In an analysis of Medicaid eligibility, the determination is based on the FPL "for the applicable budget period used to determine an individual's eligibility" (42 CFR § 435.4). On the date of your application, that was the 2018 FPL, which is \$12,140.00 for a one-person household (83 Fed. Reg. 2642).

Financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size (42 CFR § 435.603(h)(1); State Plan Amendment (SPA) 13-0055-MM3, as approved March 19, 2014).

Legal Analysis

The first issue is whether NYSOH properly determined that you were eligible for up to \$212.00 per month in APTC.

The application that was submitted on February 14, 2018 listed an annual household income of \$37,305.00 and the eligibility redetermination relied upon that information.

You are in a one-person household. You expect to file your 2018 income tax return as single and will claim no dependents on that tax return.

You reside in Bronx County, where the second lowest cost silver plan available for an individual through NYSOH costs \$509.30 per month.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY - Spanish: 1-877-662-4886).

An annual income of \$37,305.00 is 309.33% of the 2017 FPL for a one-person household. At 309.33% of the FPL, the expected contribution to the cost of the health insurance premium is 9.56% of income, or \$297.20 per month.

The maximum amount of APTC that can be approved equals the cost of the second lowest cost silver plan available through NYSOH for an individual in your county (\$509.30 per month) minus your expected contribution (\$297.20 per month), which equals \$212.10 per month. Therefore, rounding to the nearest dollar, NYSOH correctly determined you to be eligible for up to \$212.00 per month in APTC.

The second issue is whether you were properly determined ineligible for cost-sharing reductions. Cost-sharing reductions are available to a person who has a household income no greater than 250% of the FPL. Since a household income of \$37,305.00 is 309.33% of the applicable FPL, NYSOH correctly found you to be ineligible for cost-sharing reductions.

The third issue under review is whether NYSOH properly determined you were ineligible for the Essential Plan.

The Essential Plan is generally provided through NYSOH to individuals who meet the non-financial requirements and have a household MAGI that is between 138% and 200% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$12,060.00 for a one-person household. Since an annual household income of \$37,305.00 is 309.33% of the 2017 FPL, NYSOH correctly found you to be ineligible for the Essential Plan.

The fourth issue is whether NYSOH properly determined that you were ineligible for Medicaid.

Medicaid can be provided through NYSOH to adults between the ages of 19 and 65 who meet the non-financial requirements and have a household MAGI that is at or below 138% of the FPL for the applicable family size. On the date of your application, the relevant FPL was \$12,140.00 for a one-person household. Since \$37,305.00 is 307.29% of the 2018 FPL, NYSOH properly found you to be ineligible for Medicaid on an expected annual income basis, using the information provided in your application.

However, financial eligibility for Medicaid for applicants who are not currently receiving Medicaid benefits is based on current monthly household income and family size.

On April 25, 2018, you submitted pay stubs that show that in February 2018 you had gross income of \$2,222.06. As discussed above, you are in a one-person household.

If you need this information in a language other than English or you need assistance reading this notice, we can help you. Call 1-855-355-5777 (TTY - English: 1-800-662-1220) (TTY – Spanish: 1-877-662-4886).

To be eligible for Medicaid based on monthly income, you would need to meet the non-financial criteria and have an income no greater than 138% of the FPL, which is \$1,397.00 per month. Since the documentation you provided shows that you earned \$2,222.06 in February 2018, you do not qualify for Medicaid based on monthly income as of the date of your application.

Since the February 15, 2018 eligibility redetermination notice properly stated that, based on the information you provided, you were eligible for up to \$212.00 per month in APTC, ineligible for cost-sharing reductions, ineligible for the Essential Plan, and ineligible for Medicaid, it is correct and is AFFIRMED.
